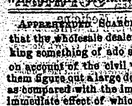
DAILY MORNING POST.
WEDNESDAY MORNING.....MARCH 8.

APPREHENSIVE SCARCITY OF TEA.—It is said that the wholesale dealers at New York are making something of adds about a scarcity of teas, on account of the civil war in China. Some of them figure out a large deficiency in the supplies, as compared with the imports of last year,—the immediate effect of which is, of course, to raise the price of the article in the market. The magnitude of the deficiency, by an auction sale lot was tested, on Wednesday, by an auction sale of the cargo of the clipper ship Surprise, which arrived a few days since. The Hysons sold at from 40 to 32½c; the Young Hysons 46 to 40; Imperial, 51½ to 42½; Gunpowder, 50 to 38; Hyson Skin, 34½ to 32; Hyson Twankay, 34 to 29½; Oolong, 36 to 30½; Souchong, 24½ to 24.

It is also said that private letters from London state that the tea merchants of England have sent orders for all their remaining teas to be shipped in American bottoms, fearing the Russian fleets in the China seas. At last dates, scarcely any American tonnage was offering in China.

DE GUINON'S
Improved Non-Explosive Camphene Lamps.



HAVING PURCHASED THE right for the above LAMP in the counties of ALLEGHENY, BEAVER, WASHINGTON, FAYETTE, and GREENE, we are prepared to furnish Lamps, or sell Rights for a reasonable price. These Lamps are so constructed as to render explosion impossible, and the public may rest satisfied that they can be used with entire safety. They also give more brilliant light, and the materials used being cheaper than the "Long Tallow," or oils of any kind, they must come into general use. We also have LANTERNS and CANS on the non-explosive principle.

REMMENDATIONS:

This certifies that we have seen, examined and tried, De Guinon's Improved Non-Exploding Camphene Lamp, patented January 9th, 1852, and are fully satisfied that it is a very valuable improvement, and will be found far preferable to any other Lamp in use. We believe for safety it is perfectly reliable, and therefore deem it richly deserving the attention of all such as have occasion to use Lamps of any kind.
