THE CITY POST.

THURSDAY MORNING.....MARCH 9.

PITTSBURGH ORCHESTRAL SOCIETY.—The concert of the Philharmonic Society, on Wednesday evening, at Lafayette Hall, was well attended, notwithstanding the disagreeable nature of the weather. The Orchestral Society assisted at the Concert, and on this their first public performance, won golden opinions from the audience.

The Society has been but lately organized, and we have no doubt it will prove a powerful auxiliary to the Philharmonic Society, in creating a good instrumental as well as vocal standard.

Under the auspices of Mr. Schneider, a meeting was held of performers, and eighteen are at once enrolled as members of the *Pittsburgh Orchestra Society*. Prof. Anton is Musical Director and Mr. H. Schneider, Secretary, and we bespeak friendly express handsome results from their efforts. The *Journal* in speaking of this Society, says that the effect of this organization on musical taste in Pittsburgh, can only be good and elevating. Altogether, and we bespeak for the new movement encouragement and all needful co-operation.

The Orchestral Society will give a Concert in this city, on Monday next. They will be assisted by the Philharmonic Society.

ALLEGHENY VALLEY RAILROAD.—Gov. Johnston returned home on Tuesday evening from the city. It has completed the measure which will materially facilitate the progress of the road he has so immediately in charge. The 10,000 tons of rails purchased are sufficient to lay the track on 102 miles, of the road. About 7000 tons of this iron is to be delivered this season, on board the canal boats which have been procured after being inspected and approved by the Chief Engineer of the company. The remainder of the iron is to be delivered next season.

Arrangements have also been made for the commencement of the work at the New York State line on the first of May, and the work from this direction will be continued in a direction to meet it during this and the following year, according to contract, at or about Ridgway.

The *American* states, that on the news reaching New York of the contract for iron, the securities of the company rose immediately in value and request, and sales to a considerable amount were made that week.

A DUCK BARE.—Numerous are the ways by which passengers on the Brownsville boats undertake to elude the vigilance of the clerk in collecting the fare. On starting, last week, a son of the Emerald Isle took passage on the *Traverse*, Capt. Bennett, for Brownsville, intending only to go to Port Perry. Upon arriving at the latter place, in his hurry to get ashore, to avoid paying the fare, the Hibernian jumped from the boat, which was in the act of locking, into the outside lock. He would have been crushed had it not been for the efforts of the mate of the boat, by whose assistance he was saved.

LARCENY.—On Monday night, the sum of $210 belonging to a negro named Hicks, was stolen from the room in which he slept, in a tavern in Duquesne Borough. A number of persons slept in the room—but the only stranger was a man named White, who got out of bed early in the morning, and left the house. This aroused suspicions against him, and he was arrested and taken before Mayor Adams. There was no evidence to justify his detention, and the Mayor ordered his release. Hicks, the owner of the money, is a refugee.

ASSAULT AND BATTERY.—Mayor Yost yesterday held John Knox in bail, on a charge of assault and battery, preferred against him by George Gelbert.

Samuel Watson made an information yesterday, before Ald. Parkinson, in which he charged Hugh Crawford with assault and battery. Crawford resides in Fairview, in this county—on Monday last, Watson stopped at his house on a quarrel ensued, and the assault complained of, was committed.

"THE MANNERS MAKE THE MAN" might have been good doctrine one hundred years ago, but in this age of dress and progress the manners without appearance is nil, and all will agree with us in saying that a tasty hat is the most important article of dress, and the next consideration is the best place to get it. We recommend the "Sumner Hat Store" as being *the* place to get a good article for it, 107 Wood street, sign of the American Flag. Don't forget the number and sign.

BAD CASE OF DROWNING.—A little child of Mr. Olsen, a resident of Mt. Washington, met its death on Tuesday in a singular and painful manner. He was engaged with a number of other children in washing carriots in a rain barrel. While in a stooping posture over the barrel, the lad lost his balance and fell into the water. The cries of the little girl soon brought the family to the spot, and the body was taken out, but too late to be resuscitated.

DISTRICT COURT.—The case of Goehring vs. Boyd's executors is still on trial before Judge Campbell.

Before Hon. H. W. Williams, Assoc. Mast Jud'r.

In the case of Smith vs. Lemlen et al., a verdict was rendered for the defendants.

Phillip Rosser vs. Robert Wilson; No. 337 July term, 1852. Hepburn for plaintiff, and D. P. Hamilton for defendant. Action of ejectment. On trial.

FALSE PRETENCES.—A man named Jacob Austerman was held to bail yesterday, by Ald. Parkinson, for obtaining money under false pretences. A barrel of whisky was given Austerman by John Fleck, part of the proceeds of which he was to go towards the payment of a debt due by Fleck to the Austerman. The latter sold the whiskey but kept all the money.

OHIO AND PENNSYLVANIA RAILROAD.—The receipts on this road, during the month of February, 1854, amounted to $59,165 59—during the month of February, 1853, to $39,955 73. This shows an increase of $29,150 16, over the receipts of the same month last year.

TRESPASS.—David D. Brown was committed to jail yesterday, on a charge of trespass, in the case of J. G. Green vs. D. D. Brown.

ASSAULT AND BATTERY.—A woman named Ann Eliza Shorter was held to bail by Mayor Adams, of Allegheny City, yesterday, on a charge of assault and battery.

DEAF LICENSES.—Alderman McMasters, City Treasurer, has issued this spring six hundred and seventy-three licenses for dogs and other vehicles.

SELLING LIQUOR ON SUNDAY.—Joseph Mail, Peter Ily, Philip Long and A. Rannebop were fined by Mayor Adams yesterday, for selling liquor on Sunday.

GERMAN AND FRENCH WINES.—The advertisement of D. Fickerson, wine merchant, Liberty street, will be found in another column.

INQUEST.—Coroner Lowry went up the Monongahela, yesterday, to hold an inquest on the body of a man found drowned, about eight miles from the city.

150 Cheap Lots For Sale.

IN ROCHESTER, BEAVER CO., PA., at less than Half Price. Fifty of these Lots will be sold at $50 each, and 100 lots at $100 each, for the benefit of mechanics and others, who cannot spare a second $50, or a second $100, although investing a good *building lot opticr*, just as much as a man worth hundreds or thousands. Those who have a *money saving home for life in their labors*, at three quarters pay-ing $5 or $10 a month, in labor, and receiving a warranty deed the moment the lot is thus paid for. The title to these lots is perfect, for which reference is made to Thomas Cunningham, Esq., of *Beaver*, and N. P. Fetterman, Esq., of Pittsburgh.

A very great amount of labor will be required in this neighborhood, not only by the subscribers and those who may be represented, but by the Beaver Manufacturing Company, by the Ohio and Pennsylvania Railroad Company, by the Cleveland and Pittsburgh Railroad Company, and by the Beaver County Rolling Mill Company, and by 22 furnaces, now in blast around the Beaver villages the present season. With regard to the process of making the lots, reference is respectfully made to Messrs. Kramer & Sahm, J. E. Moorhead; J. W. Hallinan, Lyon, Shorb & Co., Dravo, Wood, J. K. Hunsicker, Wm. Wilhelm, and James H. Cress, Pittsburgh.

Contracts, for grading, excavating, quarrying, mining, common work, brick and stone masonry, and other mechanical labor, may now be entered into by those who apply.

The above mentioned lots are to be sold for 10 per cent down, and the balance in common sized city lots, of 25 by 100 feet, each containing 5000 square feet, just double the quantity in common sized city lots, of 25 by 100, for the price, that is now asked for one lot. *Here a man can have land of his own to sit down on for 5 cents, or its interest on for 10 cents, a day, a cigar, a shave, or the blocking of his boots.* Who will not own *real estate* at such prices?

The property now offered is worth double the price charged for it, and will be so acknowledged and reputed, by all, the moment it passes into other hands.

Many building lots are already Bespoken, which will be built on and occupied the present season.

Those who pay cash will deposit it with George Sayrer, Esq., of Rochester, or with Messrs. Kramer & Sahm, of Pittsburgh. The deeds will be made out, acknowledged, and deposited in the same hands, to be delivered on lifting the money.

Maps of the Borough of Rochester will be found at various public places, and smaller plates of the lots will be freely given to all who apply.

The above proposition will be open to the 15th inst. only.
