DAILY MORNING POST.

FRIDAY MORNING.....MARCH 10.

THE PERILS OF CELIBACY.—The perils of celibacy, particularly in cold weather, cannot well be exaggerated. A few nights since, an old bachelor in Mansfield, Ohio, being afflicted with a severe cold, undertook to take a bath in a tub of ward water, before going to bed. The operation produced so comfortable a state of feeling that he dropped to sleep in the tub, and only awoke in the morning to find himself frozen as tight as a brick. He is now a candidate for matrimony.

☞ The Boston Bee reports the exhibition in State street, of two pair of beeves from the Marshfield farm, of pure Durham blood, out of Mr. Webster's imported Durham stock. One pair, 7 years old, are said to weigh 4,000 lbs. each, and another pair, 5 years old, 3,600 lbs. each.

☞ A beggar boy in Cincinnati was searched a few days since, and in his pocket was found between seventeen and eighteen dollars, in dimes, half dimes and coppers—all of which he had collected by begging, in the course of one day. Smart boy!

DR. GUINON'S

Improved Non-Explosive Camphine Lamps.

HAVING PURCHASED THE right for the above LAMP in the counties of ALLEGHENY, BEAVER, WASHINGTON, FAYETTE, and GREENE, we are prepared to furnish Lamps, or sell rights for a reasonable price.

These Lamps are so constructed as to render explosion impossible, and the public may rest satisfied that they may be used with entire safety. They also give more brilliant light, and the materials used being cheaper than the Burning Fluid or oils of any kind, they must come into general use. We also offer CANDLES and CANDLE MOULDS of superior principle.

RECOMMENDATIONS.

This certifies that we have seen, examined and tried Dr. Guinon's Improved Non-Exploding Camphene Lamp, patented January 6th, 1852, and are fully satisfied that it is a very valuable improvement, and will be found far preferable to any other lamp in use. We believe for safety it is perfectly reliable, and therefore deem it richly deserving the attention of all such as have occasion to use Lamps of any kind.
