Our workmen are perfect masters of their business, and will labor assiduously to please all who will favor us with an order. in the supply in New York.

PLAN OF OPERATIONS.

statement of the number of hogs packed at the West for the last year, by which it appears that for the year 1853-4, the number of hogs killed double of the state of the number of hogs killed We cut the following from the Washington Star. It professes to be reliable, and shows, if true, that the Baltic as well as the Black sea. is to be a theatre of naval operations against

Bussia: Moss Incontant rice Echope.—The intertving steam-er brought a letter from Loudon to a commercial house in New York, from a party fully cognizant of the proposed plan of operations (military) of the allies. According to the information it annunces, there were at that moment ten powerful English wars ateamers assembled at Splithead, about to sail for the Balitá. Their mission awas to cruise within striking distance of the Russion Balitô dest bound up in the ice, and to destroy those result. After doing that they were to storm Crustatic, calculating certainty on gain-ing poreassion of that fortness thus, though some pronom-oed it impregnable. Al Cronstati they are to be joined by a large fiele of smaller war steamers and transports, with which they propose actually to storm and hum fig. Petersseen to be of vast value. The business of Pittsburgh, by the rivers,
