A. PARNESTOCK'S Vermifage famished with directions in the English, Preuch, German and Spant-

multiplied, and it passes the House of Representatives by a large majority. No better recommendation of a measure can be found than that, during years of full and free discussion, its friends have constantly increased, intil Congressman, without distinction of party, repre- bly. It is just as much for the beneat of the senting a majority of the States, and a large majority of the districts and the people, are found ready to support it by their votes. We

found ready to support it by their to would certainly promote the general prosperity. published some time ago an analysis of the vote in the House, by which it appeared that opposi-tion to it came principally from the New Eng-tion to it came principally from the New Eng-all improvement in certain sections of the pew land and some of the Southern States; while the Central and Western States support the measure with large majorities; and in some instances with unanimous votes. The voice of Pennsylvania has been heard in its favor of late, Pennsylvania has been heard in its favor of late, in operation, who is likely ever to purchase a "through both her State Conventious; and the lot in the new wards. A man wanting to bay press and the people of our State seem to be al-would even for a location, where there would be little, if any, grading to be done. He must then most of one mind and one heart in the matter. Two Democratic Conventions of this State have recommended it, and in every way it has been shown to be a favorite measure with the old Keystone State.

The fate of the bill now rests upon the Sen- will the new portions of Pittsburgh grow ! ate; for that the President would sign it, if pause for a reply. passed, there can be no doubt. The force of public opinion will carry it through the Senato at no distant day; and there can be no good reason for longer deley. It is no sudden impulse of the public mind that favors it, but a deliberate conviction, resulting from years of consideration and discussion ; and the Senate's con--servative influence is not needed to secure time for further reflection.

terest, or section of the country. It gives to all, who have the strength and will to work, a homestead at once their own, requiring but one condition-actual occupation. It gives alternate

quarter sections to actual settlers, and thus leaves one half the public domain still in possession of the government, enhanced in value by the occupation and improvement of the other half

. The revenue derived from the sales of the public lands is not needed by the government. Its coffers are now full to over-flowing, and no may deem just and proper. That the proceedbetter time will ever be found to establish this logs in cases embraced within the provisions of this not, shall be the same as those prescribed great fundamental measure of public prosperity and happiness. The government is nearly free from debt; the revenue from oustoms is amply | with the like right of appeal as is therin given.

sufficient, and more than sufficient, to meet the public expenses, and pay off the national debt. The price of the lands is not needed ; but thriving and happy farmers are needed to produce food for the starving and warring nations of the old world. A large and prosperous farming son of a fallor's goods. He becomes costatio at the soil, and stimulated the smell of new cloth. He is somewhat nerpopulation attached to the soil, and stimulated

to its proper cultivation, by the charm of ownership ; and loving the government that protects and enriches them, is the best possible basis of public prosperity, of social order, sound morality and patriotism. And the American government is favored, beyond all others that ever existed In possessing the means of thus laying the

foundation of such a social system, and speedily covering its wide domains with such a population. Such an increase of population as thi measure would secure, would stimulate manu-

factures and inland and foreign commerce by increased demands. In fact, we believe no interest or occupation of the American people can be named that would not be benefitted by the mea-

gure. -Give free homes to free men; and let a demooratic Congress, and a democratic President have the glory of such an act of unexampled beneficence, so vast in its influence, so sound in its policy, and so truly in accordance with the progressive tendencies of the age.

MAINE LAW. A letter from our Harrisburg Corresponden Informs us that a prohibitory liquor bill is likely. to pass this session. The writer believes the Senate will adopt the House bill. y strangled.

There is great encliement on the subject at Harrisburg. The friends and enemies of the bill are active, but the writer thinks the former will prevall. A few days more will determine the question

paper will, we presume, suit the people of the Journal, the means he has need for fifty years, and wherewith he affirms he has resoured many
