

Daily Morning Post.

G. F. OILMAN, Editor and Proprietor.

FRIDAY MORNING, APRIL 14, 1864.

DEMOCRATIC TICKET.

FOR GOVERNOR.

WILLIAM BIGLER.

FOR JUSTICE OF THE SUPREME COURT.

JEREMIAH S. BLACK.

FOR GENERAL COMMISSIONER.

HENRY S. MOTT.

FOR READING MATTER WILL BE FOUND IN EACH COPY OF THIS PAPER.

DECEIVING THE PEOPLE.

The Pittsburgh Gazette occupies a large portion of its columns with charges against the democratic party, and has no foundation in truth, and is manifestly designed to deceive the public.

But not long since it was rumored that the English government intended to establish a right to search all persons for Russian goods, and in this country such a right never will be conceded.

The American law, that the flag is to be made a national emblem, and that the flag is to be made a national emblem, and that the flag is to be made a national emblem.

The Washington Union took the view of the matter, and published the following remarks:

There is hardly a man in this country, whatever may be his politics, that does not desire the speedy termination of the struggle with Turkey.

She is the weaker party, militarily speaking; but her government and her religion are opposed to human progress, civil liberty, and the prosperity and happiness of the people.

So much then for the Gazette's insinuation that Turkey is the weaker party.

It is an attempt on the part of a portion of the democratic party to legislate slavery into the territory of Nebraska.

News and Events from all Quarters.

A frightful accident occurred on the Columbia road, about 11 o'clock on Monday evening, which resulted in the death of one man, and several others were severely, though not dangerously wounded.

It appears that the train was passing at the usual speed, and when near Lemon Place, about one mile east of Lancaster, one of the rails broke and the train fell into the deep cut.

The body of one of the passengers was found in the central part of the cut. The state was cut up and demolished, and the utmost consternation was created among the passengers.

The name of the person killed was Mr. Wilson, who is said to have been a resident of Chambersburg, and was on his way to Philadelphia to procure materials, &c., for his business. His body was taken back to Lancaster.

A letter received in Boston from Hays, put a different face on the recent race up between the French Admiral and the Emperor Solyman.

It says the demand for payment of back interest amounts to about \$100,000, with a threat of bombardment of the city.

The writer states that the money was paid, and that the French Admiral sailed the Hays train. The foreign Consul did not side with the Emperor in the matter.

An extract from a letter written by Mr. S. N. Carrillo, dispatching to Col. Fremont, after exploring expedition, states that the party, after enduring every privation, have arrived at Salt Lake City in a beautiful condition, having lived happily on horse and mule, and that the distance was without food of any kind. They had lost one man by cold.

The mortality of the first quarter of the Atlantic cities for the first quarter of the year '63 and '64, will be seen by the following table:
