DAILY MORNING POST.

FRIDAY MORNING.....APRIL 15

OHIO PENITENTIARY.—The Directors and Warden of the Ohio Penitentiary, have made their annual report. The number of convicts in the institution on the 30th of November, 1852, was 593; on the 30th of November, 1851, 531—an increase of 23. The excess of prison receipts over the ordinary expenditures, for the year, was $16,057 04. Fifteen of the inmates of the Penitentiary are imprisoned for murder in the first degree; 29 for murder in the second degree; 20 for manslaughter; 24 for rape; and 78 for bigamy. The number who are sentenced for life is 31.

NORTH CAROLINA COPPER ORE.—It is stated that the one hundred tons of copper ore sold at auction in New York, on Saturday, for the North Carolina Copper Company, brought $5 80 for every one per cent., and is estimated to net the company from 18,000 to $20,000. In three weeks, it is said, the company will have another sale of 100 tons, for immediate delivery.

DE QUINCY'S.
Improved Non-Explosive Camphene Lamps.

HAVING PURCHASED THE right for the above SAID to the Counties of ALLEGHENY, DEARTH, WASHINGTON, FAYETTE, and GREENE, I was prepared to furnish Lamps, or sell Rights for a reasonable price. These Lamps are so constructed as to render explosion impossible, and the public may rest satisfied that they can be used with entire safety. They also give more brilliant light, and the materials used burn cheaper than the "Long Tallow;" or oils of any kind, they must come into general use. We also have LANTERNS and CANS on the non-explosive principle.

RECOMMENDATIONS:

This certifies that we have seen, examined and tried, De Quincy's Improved Non-Exploding Camphene Lamp, patented January 6th, 1852, and cordially attest that it is a very valuable improvement, and will be found far preferable to any other Lamp in use. We believe for safety it is perfectly reliable, and therefore deem it richly deserving the attention of all such as have occasion to use Lamps of any kind.
