JOB PRINTING. We have one of the best Job Printing Offices in the city, and we would respectfully ask merchapts and all others who want Cards, Circulars, Bills of Lading, Bill Heads, Blank Checks, Handbills, etc., to give us a call. All our Job Type are of the most modern manufacture and cannot fail to please all our customers. Our workmen are perfect masters of their business, and will labor assiduously to please all who will favor us with an order.

HON. DAVID BITCHIE has our thanks for the handsome volume containing the Obituary Addresses on the occasion of the death of the late Vice President, Hon. Wm. B. King. The speeches were delivered in the Senate and House of Representatives in December, 1853.

gulfs and channels without dauger. THE WAR AND ITS COST. Whether sweeping the Russian flag from It has become perfectly apparent that very every sea, is going to compel the Czar to sue for little reliance can be placed on the war news reported to us from Europe. Almost every steamer pence, is quite a different matter. It is well that arrives brings intelligence of advantages known that Nelson served the French flag in the on his face, tugs on the corners of his potatoe for gained by the Allies over Russia. The Consul alleges that such a judgment apon the Constitution of a there is now outstanding of samething over half a million of government and France. The Consul alleges that State. This decision, although it is the first samething over half a million of unuages and sunken vessels and stores. The him. English people are a little more fond of food and money, than of hard blows and glory; and when mand in a subpeara to appear as a witness: has mot with but little favor before that tribunal has mot with but little favor before that tribunal has mot with but little favor before that tribunal has mot with but little favor before that tribunal has mot with but little favor before that tribunal has mot with but little favor before that tribunal has mot with but little favor before that tribunal has mot with but little favor before that tribunal has mot with but little favor before that tribunal has mot with but little favor before that tribunal has mot with but little favor before that tribunal has mot with but little favor before that tribunal has mot with but little favor before that tribunal has mot with but little favor before that tribunal has mot with but little favor before that tribunal has mot with but little favor before that tribunal has mot with but little favor before that tribunal has been set of a more in which with but little favor before that tribunal has been set of a more in which with but little favor before that tribunal has been set of a more in which with but little favor before that tribunal has been set of a more in which with but little favor before that tribunal has been set of a more in which with but little favor before that tribunal has been set of a more in which with but little favor before that tribunal has been set of a more in which with but little favor before that tribunal has been set of a more in which with but little favor before that tribunal has been set of a more in which with but little favor before that tribunal has been set of a more in which with but little favor before that tribunal has been set of a more in which with but little favor before that tribunal has been set of a more in which with but little favor before that tribunal has been set of a more in which been set of a more in which with but little favor before tha

they have little personal interest, but for which portion of his efficial archives; No. 8. Violation very conservative in maintaining and carrying b. fore giving 41 their parentige and confidence. But its sonderful and unparalloid effect in nervous diseases, and of his domical by the Marshal going in to arrest out the old English common law principle of the that the Moslem be left to the tender mercies of lim under the attachment, without any express from legislation. Reserving comments, however, upon this point, until a future occusion, we will its powerfut and controlling influence over all irregulari rest under the attachment. A large crowd of excited Frenchmen gather-ed about the Consul when he was arrested, and the most the constant the most the state upon the profits of their cutive constant. The incorporated banks by it will only be taxed upon the profits of their in-etherest the constant the most the most the most the state of the state eu anout tos Consul when he was arrested, and threatened to rescue him, but he advised them in desist. A large amount of correspondence to desist. A large amount of correspondence with individuale, according to the decision of plant of which this Elixir is an extract, he knew full well and the "sick man" will ultimately perish, and on the subject of the Consular difficulties has our Supreme Court. They will be subject to the been published in the San Francisco papers. CITY OF GLASGOW.—It will be remembered the

"Franklin" reported that a steamer was spoburdens. The banks, therefore, have slipped off the been the "Glasgow." This last hope has been dissipated by a despatch received from Samuel Smith, of Philadelphia, agent of Messrs. Richken which some supposed might possibly have Smith, of Philadelphia, agent of Messrs. Rich-ardson & Bros. It says: "The steamer we ad-bigh standard, although it was not intended so viked you of per Franklin was not the City of to be by the framers of that instrument, and is viscu you of per Franklin was not the City of Glasgow, as the captain who saw her is positive that she had yellow paddle boxes, and timber bulwarks, which answers the build of the West that she had yellow paddle boxes, and timber a change in the organic law of the state Al bulwarks, which answers the build of the West India mail steamers." There will doubtless be many more rumors of the kind for some time to rid of their burdens by this decision. This fact come, but the probability of her safety is now will render our present tax system more cdious little better than that of Sir John Franklin, and iniquitous than before, and will greatly increase its unpopularity with the people .- Cineinnati Enquirer. for a purely British undertaking, there has been,

as yet, none sent in aid of a repeal in which we GRASSHOPPEB ROAST .--- The editor of the Empire County Argus describes a great dish among have as much dearer interest. Why is this? the Digger Indians, in the disiriots where the grasshoppers are very numerous, and gives the following account of their mode of preparing

mar24

About eight years ago Horace Ray died in Connect the delicacy:

"A piece of ground is sought where they most abound, in the centre of which an excavation is made, large and deep enough to prevent the insect from hopping out when once in. The Fortunately for England, she has the gold mines of Australia to aid her in defraying the cost of war and glory, and maritime and East-in supremacy. Then gold is discovered in the time they thought it necessary to discover the time they thought the sector held a Hertford convention. They certainly do some queer things in the Buglish colony fat the Cape of Good Hope. Bhould rich mines turn up there, and the Aus-Should rich mines turn up there, and the Aus-trailan supply continue, England may be able to ment became heartily ashamed of it in their own James S. Hoon, Samuel M'Clurkan, William Phillips, John Boott, Joron M'Alpin, Yum F. Johnston, James Marshall, Goorge B. Selaen, Wm. S. Havan, my 25:19 made, answering the purpose of ovens, in Busine B tong use of France? Her debt is consider it a matter of pride. By reference to which fires are kindled and kept up till the surrounding earth, for a short distance, become sufficiently heated, together with a flat stone arge enough to cover the oven. The grasshoppers are now taken in coarse bags, and after be France, upon whom these burdens fall, be satis- of Hartford evidently see a orisis approaching. Ing thoroughly soaked in sale water for a few noments, are emptied into the ovens and closed n. Ten or fifteen minutes suffices to roast hem, when they are taken out and eaten without farther preparation, and with much apparent relish, or as is sometimes the case, reduced to POWDER MILL EXPLOSIONS. -The powder mill

relish, or as is sometimes the case, founded in powder and made into soup. And having from curiosity fasted, not of the soup, but of the curiosity fasted, not of the soup. And having from Mn. R. E. Sritzras-Having trid your Vermifuge in m family, I can say that it is not to be surpassed by any Vermifuge in m filling in the world for expelling Worms. G. Raoans. of Messrs. Lafin & Smith, about three miles up on the 25th inst., killing seven men, and roast; really if one could but divest himself of the idea of enting an insect as we do an oyster or shrimp, without other preparation than simblowing six houses in the vicinity all to pieces. crown. Sharp eyes are waiting for his down-fall; and relentless foes are watching for the first favorable opportunity to strike, and tumble bin for the considered tumble and some others initiated and

st unbroken empire for extent that ever exist-NEW OBLEAMS, May 24 .- The steamer Pamed-occupying vast regions of Europe and Asfa, and nearly one-sixth of the habitable globe. It pero, of the Nicaragua liue, arrived at this port to-day, in six days from Sau Juan. "She brings one hundred and thirty passengers and a small is forty one times the size of France, and one amount of specie. A letter received by this ar-rival, announces that during the excitement athundred and thirty-eight times that of England. short." Should Russia be able to protract it rival, announces that during the excitement at-through several years, without very material loss, wast abanges may occur that would alter the wast abanges may occur that would alter the and the consults would alter the for a bathing place, the Black sea as a wash-hand basin, and the North Pacific Ocean as a fish pond." He "encreached on Tary for a pasture, on Persia and Georgia for a vine-yard, on Tur rights. Should such an opportunity occur, the letter states that the destruction of life and key for a garden, on Poland for a farm; on Fin-true and right question would then be in issue: pro crty by the late earthquake was far more land and Lapland as a bunting ground, and took awful than at first represented-nearly five part of North America as a place of banishment thousand persons having been killed by the ca-
