Mr. Scott, from Ross township, said that he could not see the propriety of fixing the salary as high as some of the sums named—the office itself was entirely unnecessary, and would be rather detrimental than of benefit to the school system. He would therefore be in favor of fixing it at such as amount that no person would have it.

Mr. Jordah King, of Allegbeary, replied that he thought the law was an excellent one, and us a Superintendent was necessary to carry out its provisions, he hoped that the salary would be placed at a suitilently high amount to secure the services of the most competent more, and that no such obstacles would be thrown in the way of giving it is time the new law was passed.
