THE GLEN HOTEL effect—rallying, bracing, it might almost be said electrifying, both body and mind, and replacing torpor and weak, ness with energy and strength. As a stomachic, it has properlies no less positive and potent. The weakest stome neh recoversits vigor, or receives it, if never before enjoyed, under the linfluence of this great tonic, which not only renovates the digestive powers, but conserves the vigor it recates, and perpotuntes the health it restores. This is the declaration not of one or two, but of thousands.
