ployment to prevent the vermin from becoming as pervading and as loathsome as the frogs and Catholic votes. Such political bucksters as the the lice of Egypt, in the days of Pharaoh. A editor of that paper, judges others by his corfew of the most transparent of these political rupt motives, and imagines every one else is as humbugs we propose to point out. The pretence that the present national administration favors the extension of slavery, and democratio measures, and republican and conwhald give to the slaveholding portion of the stitutional principles. U don an undue control in our national affaire, is an arrant humbug. No one act of the adminis a ion or of Congress affords the slightest countenance or justification for such a charge.

A Piractical Scheme Exposed. The Washington Union publishes a letter from a therchant, addressed to a ropresentative in Congress, who states that an officer of the B M S Thames, who was a passenger from the West Indice in a British steamer, informed him Counterback of particular is a part of the present is the present is the present is a part of the present is present i Vory fow men can be found at the North who commerce of the North. A tariff that produces bout sixty million dollars annually, had its ori-gin in the desire to foster and protect the manu-tima, awaiting, for several days, the British Admiralty gin in the desire to foster and protect the manu-factures of the North; and does now protect the manufactures of the country, which are princi-pally owned at the North, to the extent of sixty million dollars per year. Against this the South has ever protested. But the North has the man-jority in Congress, and the South submits. Al-ment all the time since the formation of our cov

We do not say there is any wrong in this. Nearly two-thirds of the population of the counments of the age -Phila Ledger. try is found in the northern States. But these facts certainly show that the clamor about south. ern aggression is a humbug. The south will get

north concedes The claims are equal right with the north to migrate to and escupy the new ter sitories with her property. The Constitution, they say, gives the south that right. The Nebraska bill recognizes it, but it provides that the people of each new territory may determine for themselves whether one species of southern property shall exist among them. The southern

vote. Northern immigrants run no such risks, and in that respect have the advantage of the south. The south then claims and now has but to balera, on Thesiay, On Monday Dr. B. appear equal use of the territories she has equally con-tributed to acquire. But the practical advan-targer, in all the new territories, the north will

Cuba and the Sugar Duty. New York, June 30, 1854.—Sir: Your letter in behalf of the Society of Tammany, inviting me to meet with you at the Old Wigram, on the coming Fourth of July, is received. A previous enzagement to spend the dis with my family in the country, will prevent my attendance. But I vish to join you in heart and spirit in estab lishing and extending the great principle of self government, and the annovation of soils in both one for the spin which gives the strateging the great principle of self government, and the annovation of soils in both one to make the spin which gives the strateging the great principle of self government, and the annovation of soils in both one for the herrasting diseases of civilized life. He made many insulties as to the effect orduced by this herb, and

and will give the country will have cheap sugar.

country will have cheap sugar, and will give the people of Cuba in return cheap broad. A few years ago, when protection of American industry was the fashion, we paid the owner of, cotion mills in the New England States, under a Southing eastern of voluming. Two hundred per foritious system of valuation, two hundred per cent, upon the square yard of cotton, and at the same time, the Louisiana sugar planter two and

jority in Congress, and the South submits. Al-most all the time since the formation of our gov-ernment, the North has had the benefit of a pro-tective tiriff against the will of a great portion of the South. Three-fifths of the foreign mis-mens. Four-fifths of the cappropriations to the steam mail service are to Northern lines of the largo dining saloon, which, with the laight brown fortifications, navy yards, and contracts for building ships, and furnishing army and navy supplies, the North has got more than half. We do not say there is, any wrong in this. and the West Indies. AGENTS.

American Prisoners at Mexico. When had Manager Foster a dramatic compa-ny in Louisville. Mr. Democrat 7 or was it a mistake of the scissore? ern aggression is a humbug. The south will get as much as it can of government influence and patronage, and so will the north, But it does not appear, and cannot be made to appear, that the south now enjoys, or eren claims, an undue share. Two things the south claims, and the marth conceder The claims are equal right with Mr. Marsh of Pembroke, and Miss Sampson. and they intended to settle lands in Lower California, This story may do for a Mexican Gor-fornia, This story may do for a Mexican Gor-torn, who does not wish to defeat the confirma-tion of a treaty, but it was notorious through-out San Francisco, whence these mene sailed out san time culcavoring to overthrow the Gor-ernment, and take the authority in his own hands, so their ignorance of the fact will not hands, so their dividuals arrested were taken with-since the individuals arrested were taken with-out passports in their presession, in the vicinity people may take their slaves to the new territo-ries; but they do so at the risk of losing them by flight, with small chance of recapture, by the decisions of the Coarts, and by the popular vote. Northern immigrants run no such risks, and in the result of the territor in the result of the result of the territor in the result of the territor in the result of the resul

tributed to sequire. But the practical advan-tages, in all the new territories, the north will do biless secure, as is already the case in Gall-fornia and New Mexico. The other claim of the South is, that fugility slaves be rendered up on claim and proof of swarsblp. The constitution recognizes this claim, and secures this right. The Fugitive Slave Law merspi provides the mode and the elian, and secures in the rest in the rest

are ever re-captured; and those few at great ex-pense and peril. Such, then, are the two claims of the South; and such their practical value. From all the facts above stated, is it not apparent that the Whig and Abolition hue and ory about Southern aggression, and "Northern dough faces," is all humbug, fit only to be believed by Northern dough heads. Yet upon this humbug it is pro-posed to found a new sectional party, that shall overthrow the great party of the Union, of the constitution, and of the people; and in the end
