necessary.

ART. 12. The present convention having been United States, by and wind the negret of the Senate thereof, and by the august to the enemy.

West yet unoccupied. Will not the Homestead bill equally encourage such settlement; and present by that means the strongest inducements to construct such roads. They will all pay good dividends when the whole western regions are settled.

All classes of the people are benefitted by the general prosperity of the country. And those classes who would not avail themselves of the benefitted by the benefitted by the general increase of public prosperity; by the increased graduation of food, and consequent diminution of price; and by the increase of enterprise, public works and commercial sotivity; and the increased demand for the manufactures of the older States.

It is argued that offering land at the West to settlers and orditiators without price, diminishes tained and all danger of mail robberies during

transmission avoided. But Two Great Pasties.—The Washington Union says: —There are but two parties in this country—the democratic party and THE OPPOSITION TO THAT PARTY. The present is one of those occasions when the whig party preses all most out of men's memory. Other names supersede the name of whig. Other influences rise above it. Some are for giving it up because it has an odor of suspicion about it, others, because, like an old garment, it has served its day. Every little section, heretofore banded under the name of whig, is now setting up for itself; and there are almost as many names as there are organizations. Meanwhile the demooratic party stands intact and upwright, and nobody thinks of the everthrow or of the docay of
the democratic party. The odds and ends of
faction, however, like the little people in Gulli-

react her sentitunes should she prosect hereaft, and to open the house door only
with the chain sected.

\*\*The Control of the Control of th
