Increase,	$421,190 53	$189,171 54	$232,018 99

This exhibit shows that the net profits of the Company have been $893,876, for the first half of the present year equal to the interest, at six per cent. per annum, on $27,779,167. Over fifty miles of a second track is already laid on this road, and the balance is being pushed forward with great speed. About three millions of dollars will be required to complete and fully equip this portion of the line; but when finished it will more than double the capacity of the road, increase the safety of the traveler, and give greater system and regularity to all their operations.

Mysterious Robbery.—An extensive robbery was detected the other day, in the Oil Cloth Manufactory of J. & H. Phillips; the mysterious and singular manner of its perpetration evincing that it was perpetrated by thieves of no ordinary merit. It appears that the firm had just received from a friend a new design or pattern, and had made about forty pieces of it, of different widths. On an order being sent to the factory from their warehouse, some of the widths were entirely missing, and on examination was ascertained that twenty-three pieces of that particular pattern, valued at about $400, were missing. How many pieces of other patterns have been taken, has not been found out, nor have they any reliable way of ascertaining, as there was no regular account kept of the pieces and patterns manufactured. The robbery could only have been made by some persons well acquainted with the premises, as some of the cloths were taken from the joices where they had been hung to dry as much as fifty feet from the ground, and weighed from ninety-five to a hundred pounds. There was no watchman kept at the establishment at night, but such would be the danger in attempting to take the cloths from the drying poles, that none but persons well acquainted with the building could possibly manage them.

Highway Robbery.—A very daring attempt at highway robbery occurred yesterday morning, on the Steubenville road, near the city. A countryman coming to town in a wagon, had just passed Obey's tavern when two men, with pistols in their hands, sprang before the horses, and told him to "stand and deliver." The man had considerable money in his possession, but with great presence of mind, threw the book containing it into the wagon, without being observed, and replied that he had only twenty cents, which they were welcome to. This answer did not satisfy the robbers, who proceeded to search him, but finding his assertion true, at last left with many threats, minus any remuneration for their trouble. After the rascals had decamped, the man immediately turned back to the city, and made information of the intended robbery to the police. Traces have since been discovered of the villians, and there is no doubt they will be arrested.

Another Sudden Death.—A man in the employ of Mr. Chas. Thumm, grocer, on Pennsylvania Avenue, died very suddenly yesterday morning. A report immediately originated and spread through the neighborhood, that his death was caused by Cholera, but on taking the trouble to enquire into the matter, we found there was no grounds for the alarm created, and that his death was ascribed to the croup, probably rendered fatal by the fact of his drinking immoderately of ice water a short time previous, while in an extremely warm condition.

Theatre.—Quite a respectable audience greeted the first appearance at our theatre of Sir William Don, the eccentric English baronet, last evening. His performances were truly excellent, and received the repeated plaudits of an admiring auditory. To-night, he appears in two favorite characters, and we would suggest to those of our readers fond of a good, hearty laugh, to attend.

Seriously Injured.—Edward McLaughlin, cook of the steamer Yorktown, in diving from the stern of the steamer Diurnal, yesterday evening, struck his head against some substance at the bottom of the river, which injured him very severely, and but for the timely assistance of some bystanders would have drowned. He was taken to his residence in an insensible state.

The Weather.—We did think, on Thursday, that we had at least recorded the hottest weather of the season, but we find our thermometer has run up still higher. At twelve o'clock, yesterday the Mercury stood at 103°, on Thursday at the same time, it was only 100°. In the evening the small change for the better was perceptible.

That very valuable mill property on Chartiers Creek, about four miles from the city, on the Steubenville Turnpike, will be sold on Monday next, at 12 o'clock, on the premises, by order of the Orphan's Court. Mr. Davis, Auctioneer.

Leg Broken.—Mr. Thomas Sanders met with a serious accident, a few days since, whilst riding in a buggy; the horse became frightened and ran off, throwing him out with great violence, breaking one of his legs in two places.

Accident.—A lad named James Morgan, about 10 years of age, was considerably injured yesterday morning, by falling from a shed, on Liberty street, in the Fifth Ward. He received a severe contusion on the breast, which rendered him insensible for some time.

Surety of the Peace.—Alderman Dobbs, yesterday committed Catherine Maguire to jail, for making violent threats against John Nolan.

The Jail.—There were eight commitments to the county jail yesterday. The police are getting somewhat used to the beat, and are becoming industrious again.

THIRTY-THIRD CONGRESS.

Washington City, July 21.—*Senate.—Yesterday's proceedings concluded.*—The call to order was withdrawn, when Mr. Bayard concluded his remarks.

Mr. Hunter modified his substitute, by excepting lands reserved along the railroads, the price of which had been fixed at $2,50.

A debate ensued upon the amendment offered by Mr. Brown, lasting until 3 o'clock, when it was rejected.

Mr. Sebastian moved two amendments to the substitute, one reserving Indian lands, and the other extending the bill to the present pre-emption settlers—both of which were agreed to.

Mr. Bayard said that the determination to pass this unheard of bill of Mr. Hunter's, looked as if legislation had been agreed upon outside of the Senate, to cut off all debate or amendment, and perhaps to promote the interest of some Presidential aspirants.

The Chair pronounced Mr. Bayard out of order.

Mr. Bayard appealed.

The amendments to Mr. Hunter's substitute, as reported from the Committee to the Senate, were agreed to, and the bill ordered to be engrossed for a third reading, when at nine o'clock the Senate adjourned.

The following are the Homestead provisions of Mr. Hunter's bill:

Sec. 8. That any free white person who is the head of a family, or who has arrived at the age of 21 years, and is capable of holding lands under the laws of the State in which the lands lie, shall, from and after the passage of this act, be entitled to enter one quarter section of vacant and unappropriated public lands, and no more, which may at the time the application is made, be subject to private entry, or a quantity equal thereto, to be located in a body in conformity with the legal subdivisions of the public lands.

Sec. 9. That the person applying for the benefit of the 8th Section of this act, shall, upon application to the Register of the Land Office in which he or she is about to make such entry, make affidavit before the said Register that he or she is the head of a family, or is 21 years of age, and that such application is made for his or her exclusive use and benefit, and those specially mentioned therein required, and filing it with the Register; he or she shall thereupon be permitted to enter the quantity of land specified; Provided, however, that no certificate shall be given or patent issued therefor, until the expiration of five years from the date of such entry, and until the person or persons entitled to the land so entered, shall have paid for the same 25 cents per acre, or if the lands have been in market more than twenty years, 12½ cents per acre.

The other provisions which follow relate to the case of the death of a settler before obtaining the patent.

Washington City, July 21.—*Senate.*—Mr. Chase presented various petitions praying for the abolition of Slavery in the District of Columbia.

Mr. Gwin introduced a bill fixing the time for the meeting of next session of Congress on the 1st Monday of November next. Laid on the table.

The Homestead bill was then taken up, read a third time and passed.

The Texas bill was then taken up.

Mr. Chase moved to strike out $5,000,000, and increase to six and a half millions. Eight and a half millions is what the United States would have to pay at the end of 14 years, principal and interest; six and a half millions is what the principal and interest now amount to with the market premium added.

The amendment was rejected—yeas 18, nays 25; and the bill was then passed—yeas 27, nays 20.

After executive session, and the passage of a few private bills, including the bill granting land to Iowa for Railroad purposes, &c., Mr. Pettit's resolution to print 20,000 copies of the Nebraska and Kansas act in pamphlet form, came up.

Mr. Chase moved to reconsider this vote for the purpose of adding an amendment to print also the votes on the amendment and on the bill, which was lost—yeas 16, nays 22.

The Senate then adjourned.

House.—The House went into Committee and took up the private calendar, when about a dozen of bills of no general interest were passed.

Mr. Bayley, of Virginia, offered a resolution asking that the special committee on the Colt Pistol extension be instructed to communicate any communication made to that committee referring to himself by B. & J. Green, or others, with a view that the House might take such action as it deemed proper, said special committee having decided that it is not within their jurisdiction, as the charges referred to a previous Congress.

His resolution was adopted, when the Green communication was referred to a special committee.

Cholera in the Poor House—Horrible Disclosures.

Buffalo, July 21.—In consequence of rumors of a large number of deaths from Cholera in the Poor House, a party of physicians and citizens visited the House to-day and found a condition of affairs most horrible. Within 24 hours 15 persons, one of which was insane, had died, and four more were in a collapsed state. The house was found so filthy that the visitors could scarcely enter it. All the inmates were in a horrible condition, being kept on insufficient food of a bad quality. Not only was the cholera thinning the ranks of the poor inmates, but the scurvy also prevailed among them, and several children had died from absolute starvation. These disclosures have caused intense excitement.

The health of the city outside the Poor House is good.

Anti-Nebraska Convention.

Worcester, Mass., July 20.—The State Anti-Nebraska Convention to-day, was largely attended by all shades of politicians. Mr. Taft, of Worcester was appointed temporary President. Six cars crowded with delegates arrived from the East at 12 o'clock. A committee of nine, of which Alderman Williams, of Boston, was chairman, was appointed to report a plan of operations. The Convention voted to adjourn to the common.

New Haven and Harlem Railroad Bonds.

New York, July 21.—At a public sale, New Haven Railroad seven per cent bonds, dated September 1853, ten shares were sold at 66; five shares at 69, and thirty shares at 71. Harlem sevens, bonds, dated the 1st May, 1853, two shares brought 87½ and five shares 82½.

ORPHANS' COURT SALE OF CHARTIERS FLOURING MILL PROPERTY.—On MONDAY MORNING, July 24th, at 12 o'clock, on the premises, by order of Mrs. Mary S. Davis, Administratrix of the late Jas. H. Davis, dec'd., and decree of Orphans' Court of Allegheny county, will be sold, that valuable Piece of Land, situate on Chartiers creek, four miles from Pittsburgh, on the Steubenville Turnpike Road, in Robinson and Chartiers townships, containing four acres and seventy perches, on which is erected a first rate Merchant and Grist Mill, in good order, capable of turning out 180 barrels of flour per day, with a Store House, Dwelling House, Cooper Shop, Stable, &c.

The Mill contains four pair burrs, three setts of bolting cloths, three screens, two smut machines, two packing machines, one corn crusher, &c., with storage for 20,000 bushels of grain; which improvements cost about $20,000. The water power is among the best in the county, to which is added ample steam power when required in dry seasons.

The thriving village of Mansfield is only distant one and a half miles. Remington and the Chartiers Coal Company Mines half a mile; the Railroad of the latter runs within 400 yards of the Mill, and the Pittsburgh and Steubenville Railroad within half a mile.

The neighborhood is highly improved and among the best in Western Pennsylvania for wheat, furnishing custom work to amount of 50,000 bushels, and for sale more than twice that quantity yearly, with a ready market for the offal.

A plan of the property may be seen at the Auction Store. Those wishing to examine the same will call on Mrs. Davis, who resides on the premises.

For further particulars enquire of Robert Woods, Esq., Mansfield Brown, or Col. John Ross.

Terms—One-third cash, residue in one and two years with interest.

NEWS FOR RIVER MEN

The River.—By the metal marks last evening, there were 19 inches water in the channel, and falling slowly. Weather warm and cloudy.

The Crystal Palace arrived at St. Louis from New Orleans, on the 17th inst.

The steamer Americus was advertised to leave St. Louis on the 19th for Pittsburgh.

The Louisville Courier, of the 18th, states that there were 8 feet 4 inches water in the canal. The *Courier* also states that the steamer Telegraph No. 2 is offered for sale.

Accident to the Steamer Southerner.—We learn by the officers of the Telegraph No. 2, that the steamer Southerner, Capt. Jones, hence for St. Louis, met with an accident on Saturday, by which a cylinder head was blown out and her wrist broken. She is now lying at Shawnee town.—*Louisville Courier.*

The river at this point is falling very rapidly, with about mark twain (12 feet) on President's Island bar. It has fallen altogether about 20 feet. Business at the wharf is very dull, or rather amounts to nothing.—*Memphis Appeal, 12th.*

$33,000 Worth of Farms and Building Lots!

100 FARMS AND 2000 BUILDING LOTS

Will be divided among 600 Subscribers on the Evening of the

31st of July, 1854.

A LARGE NUMBER ALREADY ENGAGED—Many of the Lots near these have been sold from 400 to 600 per cent. advance over the price for which these lots are now sold, showing that the purchase will be a good investment.

Each subscriber, FOR ONLY $15, payable in instalments of $5 each, will receive FOUR BUILDING LOTS, 25 by 100 feet, lying together, or a FARM (from 2 to 25 acres). These are beautifully located at LAKELAND, Long Island, where a new church and school house, and a number of private dwellings, stores, workshops and factories, have already been erected, several farms laid out, and several hundred will be erected the coming season.

This is a fine opportunity of owning a delightful country residence near the city, where the comforts of a family can be fully realized, and where [illegible] building lots and about 600 farms have lately been sold; and lots are daily being made to individuals who, after careful examination of its location and satisfying the quality of the soil, are selecting farms for agricultural purposes, being confident that no land will increase so rapidly in value [illegible] miles of the city. This land would have [illegible] but has been an exclusive estate completely locked up for upwards of two hundred years, since which large sales have been made, and where the wild forest, reduced at large may now be seen beautiful cottages and cultivated fields waving with the abundant productions of our mother earth.

This is one of the best opportunities now offered to those of small means to obtain a homestead of their own, and ask one for a trifle more than is usually paid for a year's rent in the city. Each five and ten acres, and upwards, at from $25 to $50 per acre.

All persons wishing to avail themselves of the opportunity now offered to procure one of the farms or splendid building sites near the Empire City, should immediately make application, as the lots are nearly all disposed of. Apply at CHARLES WOOD, Deed Register, corner of Fifteenth street, where maps and pamphlets can be had, or sent if required by mail, gratis. B. M'LAIN, Agent.

MEDICAL.

"PANKORITE."

MYERS' EXTRACT OF ROCK ROSE, OR FROST WORT! An Invaluable Remedy for all Scrofulus Diseases, Indigestion, Tetter, Sick Headache, Canker, Nursing Sore Mouth, General Debility, and as a Purifier of the Blood, is unequalled.

The ROCK ROSE has gained a reputation, at home and abroad, which no other medicine has ever done in the same length of time.

DYSPEPSIA.

It has long been the study of Physicians, to discover some remedy for this most distressing complaint. Whether they have been successful, remains for the sufferers to say. There are, in this country, hundreds of thousands who are suffering from indigestion, probably, in most cases, caused by their own imprudence in living. To these we would say try MYERS' EXTRACT OF ROCK ROSE. It has cured, and will cure, the worst and most obstinate cases of Dyspepsia, and all its concomitants,—Costiveness, Sick, Headache, Heartburn, Flatulency, Acidity, &c. See the following certificate:

Rev. A. B. L. Myers: Dear Sir—In the winter of 1847-8, I suffered beyond description, with Dyspepsia, and a train of other evils dependent on it. I had applied to various doctors, and a number of nostrums had been recommended, but to no purpose. I procured and used two bottles of your Extract of Rock Rose, and found almost immediate relief, so much so, that I have used no other medicine since, and, in fact, I can find no other which, in my deliberate opinion, can bear comparison to yours. And in all cases, when I have the opportunity, I recommend your Extract, as standing first over all others. Let all who are thus afflicted try it, and find what I have found.

Truly Yours, GEO. B. CONKLIN,
West Meriden, Conn.

THE STUDY OF NATURE.

"While some were at College learning medical etiquette, I was studying the laws of nature in the forests of America."—Whitlaw.

The discovery of Rock Rose (Heleanthemum Canadense) by Dr. Whitlaw, has proved an inestimable benefit to man kind. As an alterative it is unequaled in Materia Medica; as a tonic and deobstruent it is matchless. Myers' Extract is the only scientific and reliable preparation, and has already "made its mark" as a remedy for Scrofula, Salt Rheum, Tetter, Dyspepsia, and all diseases arising from impure blood and impaired digestion. See certificates.

IT IS SO,

We know it to be a fact, and therefore do not hesitate to say, that in all Scrofulous and Billous Diseases, Indigestion and its attendants, Sick Headache, Sour and Sick Stomach, Canker, Salt Rheum, or Tetter, all skin and other diseases arising from impure blood, Myers' Extract of Rock Rose has no equal. If you doubt the fact, read the array of proof in our circulars, for the truth of which we challenge investigation.

☞ **The Best Plaster.**—MOORHEAD'S MAGNETIC PLASTER.—The writer, about five years ago, became affected with a violent pain in the hip, originating from a hurt. I also was troubled with a pain in the breast, and the flesh had wasted away from my left arm, so as to present a shrivelled appearance. My attention was called to Moorhead's Magnetic Plaster, by means of an Almanac. Since I have used the Plaster, I have recovered the use of all my limbs as perfectly as ever they were in my life, and my arm has filled up, and is now as healthy as ever.

Hernia, or Rupture of the Bowels.

☞ THERE ARE THOUSANDS OF PERSONS WHO are afflicted with a Rupture of the Bowels, who pay little attention to the disease until the Bowels become strangulated, when, in all probability, it may be too late. How important it is, then, for all those suffering from any form of Rupture of the Bowels, to call at once upon DR. KEYSER, at his Wholesale Drug Store, on the corner of Wood street and Virgin alley, and procure a TRUSS, to retain the protruding portion of the Bowels. Dr. Keyser has an office back of the drug store where Trusses are applied, and warranted to give satisfaction. He also has every variety of Trusses that you can name, and at any price, to suit the means of every one in need of the article. I also keep every kind of *Supporters, Body Braces, Suspensory Bandages, Elastic Stockings*, for enlarged veins, and all kinds of mechanical appliances used in the cure of disease.

I would respectfully invite the attention of the public to an excellent Truss for Children, which invariably effects cures in a very short time.

N. B.—I also keep on hand, and for sale, a large assortment of Shoulder Braces of the most improved kind, that have been worn with so much satisfaction by hundreds of persons, both in and out of the city.

☞ **Especial Notice to Persons Using Cod Liver Oil.**—The subscriber having made arrangements with Messrs. Popplein & Thompson, for a regular supply of their genuine COD LIVER OIL, put up in pint bottles, would respectfully invite the attention of the public to an examination of the article, being fully persuaded that for purity and freeness from rancid taste or swell, it is unequaled. There is now no Cod Liver Oil in this country superior, if equal, to the above. Hundreds of bottles have been sold, and given unrivaled satisfaction. In the article of Cod Liver Oil, persons taking it should be careful to obtain a genuine article and one free from a rancid taste and smell, as its virtues are greatly enhanced by its being acceptable to the stomach and not producing nausea—purity and a pleasant taste makes it more readily taken up by the lacteals and absorbed into the blood, and thereby in causing the richness of that fluid gives a tone and healthy impression to every organ through which it passes. SELLERS' VERMIFUGE.—"THE BEST PREPARATION."

Point Pleasant, Va., October 4, 1847.

Mr. R. E. Sellers:—Of your Vermifuge, I can say without hesitation, that, having used it extensively in my practice for the last four or five years, I think it decidedly the best preparation of the kind which I have any knowledge of, although I have heretofore used the preparation of several other manufacturers. Yours, &c.,

D. COUGH, M. D.
