DAILY MORNING POST.

MONDAY MORNING.....JULY 24.

HUMOROUS.

☞ Our boat stopped to take in wood. On the shore, among the crowd, was a remarkably stupid fellow, with his hands in his pockets, and his under lip hanging down. A dandy, ripe for a scrape, tipped, nods and winks at all around, saying—

"Now, I'll have some fun; I'll frighten the greenhorn."

He jumped ashore, with a long, drawn bowie knife, brandishing it in the face of the "green 'un," exclaiming—

"Now, I'll punish you—I've been looking for you a week."

The fellow stared stupidly at the assailant; he evidently had not sense enough to be scared; but, as the bowie knife came near his face, one of his huge fists suddenly vacated his pockets and fell hard and heavy between the dandy's eyes, and the poor fellow was floundering in the Ohio. Greeny jumped on board our boat, put his hands in his pockets, and looking around,

"Maybe," said he, "there's somebody else here that's been looking for me for a week? But there was'nt.

These Lamps are so constructed as to render explosion impossible, and the public may rest satisfied that they may be used with safety. They also give more brilliant light, and the entire safety. They also give more brilliant light, and the oils of any kind, they must come into general use. We also have LANTERNS and CANS on the non-explosive principle.

RECOMMENDATIONS:

This certifies that we have seen, examined and tried, De Guinon's Improved Non-Exploding Camphene Lamp, pronounced January 6th, 1852, and are fully satisfied that it is a very valuable improvement, and will be found far preferable to any other Lamp in use. We believe for safety it is perfectly reliable, and therefore deem it richly deserving the liberal patronage of all such as have occasion to use Lamps of any kind.
