## INSURANCE COMPANIES. | BANKERS AND BROKERS. DAILY MORNING POST.

## WEDNESDAY MOBNING ..... SEPTEMBER 13. HUMOROUS.

the Boston Post, is as follows. "This at the Boston Post, is as follows: "Did the gard present arms to you, Mrs. Partington ?" asked the commissary as he met her at the opening of the marquee. "You mean the century?" said she, smiling. "You see a soldier's relio should the imarquee. "You mean the couldry's and she, smiling. "You see a soldier's relic should know all a soldier's terminations. I have beard so much about the tainted field that I believe I would deplore an attachment into line myself and manure them as well as an officer. You ask me if the guard presented arms. He didn't but a sweet little man with epilepsy on his shoulder and a smile on his face, did and asked me if I wouldn't go into the text and smile. I told him that we could both smile as well out side, when ha policity touched his chosten, and

toid him that we could blir such as were as the side, when ha politely touch all is cheter, and left me." The commissary presented a hard wooden stool, upon which she reposed herself "This is one of the seats of war, I suppose?" said gher: "Oh, what a hard lot a soldier is ob-jective to! and I don't wonder a mite at the hardening influences of a soldiers life. What is that for "2 acked be as the noise of a cannot that for ?" asked she as the noise of a cannou that for ?" asked ebe, as the noise of a cannot saluted her ear, "I hope they aint firing on my account." There was solicitude in her tone as she spoke, and she was informed that it was only the governor who had just arrived upon the field. "Dear me !" said she, "how cruel it is to make the old gentleman come away down here, when he is so feeble he has to take his staff with him wherever he goes." She was so affected at the the idea that she had to take a few drops of white when to restrip her could be and to here a solution of the solution and to the idea that she had to take a lew drops of white wine to restore her equilibrium and to counteract the dust of the "tainted field." A brave entertainment was bers, and as she review-ed the troops may a sword gleamed its tribute, many a banner bowed in salute, may a white plume nodded to the relict of the great corporal. The governor thought it was all for him. Per-haps it was. haps it was.
