THE CITY POST.

TUESDAY MORNING.....OCTOBER 10.

THE ELECTION.—In order that voters in this city and Allegheny will have no difficulty in finding their respective polls, we furnish below the names of the places for holding the same:

PITTSBURGH.

First Ward—Mrs. Little's tavern, corner Fourth and Ferry streets.

Second Ward—Public School House, corner Rose and Fourth streets.

Third Ward—Office of 'Squire M'Masters, Fifth street, between Smithfield and Grant.

Fourth Ward—Public School House, Penn street, between St. Clair and Pitt.

Fifth Ward—Gotlieb Seidel's tavern, (Pennsylvania House.)

Sixth Ward—Public School House, Franklin street.

Seventh Ward—Public School House.

Eighth Ward—Public School House, Pennsylvania Avenue.

Ninth Ward—Public School House.

ALLEGHENY.

First Ward—House of J. Woodhouse, Robinson street, near Craig.

Second Ward—House of Mrs. Thompson, north west corner of Ohio street and Diamond.

Third Ward—Public School House, north east corner East Common.

Fourth Ward—House of T. Smith, corner Robinson and Sandusky streets.

GREAT SALE OF BUILDING LOTS.—We hope our readers, in the excitement attending the election, will not forget that to-morrow is the first day of the great sale of building lots and other property, at Rochester. The inducements offered to purchasers are of a character not often met with. Rochester evidently will be a great manufacturing place in a few years; and before the time the property in the place will be undoubtedly increased to treble its present value; any one, therefore, purchasing at the sale, (although they do not settle there themselves,) may feel content that they are making a profitable and safe investment, and one from which they can always realize more than their original capital.

The sale will be continued for two days, Wednesday and Thursday.

Plats and maps of the property can be seen by calling at the office of Mr. Gould, in Rochester.

THE THEATRE.—We have announced the opening of the Theatre so often, and been as often disappointed, that nothing now but the positive fact that the bills are out, giving notice that Miss Mitchell will appear to-morrow evening, gives us confidence to do so again. We believe it was the intention of the manager to have opened with Miss Davenport, but from some reason or other, her engagement was postponed, and instead, we are to have that strong little actress, Miss Maggie Mitchell. The impression she created during her former professional visit here has not yet been effaced, and we think the management peculiarly fortunate in engaging her services again.

CARD WRITING.—We spent a short time, yesterday, at the City Hotel, examining the specimens of card writing exhibited by Mr. W. I Vocellus, and were no little surprised at the beauty of their execution. They possess all the regularity and harmony of the most perfect copperplate or lithography,—without the stiffness attending an engraved card. Mr. Vicellus is decidedly the *ne plus ultra* of card writers, and we are glad to see his merits so well appreciated here.

TO KNOW OR TO KNOW, that's the question whether is better to buy an eastern hat at Pittsburgh price and not to know it, or to buy a Pittsburgh manufactured hat at eastern price and "know that you are getting the value of your cash." The above question can be solved by testing one of the hats made at the Banner Hat Store, 147, Wood street, sign of American flag. Look out for the sign.

ALARM OF FIRE.—A box of phosphorus in the drug establishment of Beam & Reiter, corner of Liberty and St. Clair streets, became ignited on Sunday morning about 12 o'clock, a short time before church dismissed. The alarm of fire started bad the effect of bringing out the congregations, without waiting for the closing of services. No damage of any account was done to the stock.

FIRE.—The alarm of fire, yesterday morning, at two o'clock, was caused by the burning of a small frame dwelling, upon the property of Mr. Denny, in the Ninth Ward. The building was totally destroyed. The fire appears to have been the work of an incendiary. The loss will amount to about $160, on which there is no insurance.

DEATH OF A PITTSBURGHER.—Among the list of missing, on board the steamer E. K. Collins, the particulars of the burning of which we publish in another column,) will be found the name of J. W. Cook, of this place. Mr. Cook was agent for the Cleveland and Pittsburgh railroad, and had his office in the Monongahela House.

DISTURBING A CONGREGATION.—A woman named Elizabeth Jackson, was brought before Mayor Adams, of Allegheny, upon a charge of disturbing the congregation of the M. P. church, on East Commons, in that city. She was discharged upon payment of costs.

IMPORTANT TO THE UNNATURALIZED.—The Court of Common Pleas will be in session, this morning, in order to give those who have not yet taken out their naturalization papers, an opportunity of doing so at the present election.

ASSAULT AND BATTERY.—Ann Hagan was committed to jail yesterday, by Alderman McMaster, on a charge of assault and battery, preferred by William Healey.

ACCIDENT.—A little girl named Mary Douglass, residing on Ohio street, Allegheny, had her arm broken, yesterday afternoon, by falling down a flight of stairs.

SECOND WARD ELECTION.—The voters in this Ward will bear in mind that the election to-day will be held at the Public School House, instead of the Merchant's Hotel.

BRAITHWAITE'S RETROSPECT.—Part 29, for July, of Braithwait's Retrospect of Practical Medicine and Surgery.

TELEGRAPHIC.

By the O'Reilly Lines for the Morning Post

From California.

NEW YORK, October 9.—The Northern Light left San Juan on the first and arrived at this port last evening. She brings 604 passengers and $950,000 in specie.

The Northern Light connected with the Sierra Nevada.

SAN FRANCISCO, September 16.—Everything is quiet. The town of San Juan is being rebuilt by the inhabitants.

The following are the consignees of the treasure brought by the Northern Light: Duncan, Sherman & Co., $242,000; Wells, Fargo & Co., $208,050; Drexel & Co., Philadelphia, $103,000; Wm. Hoge & Co., $100,000; John P. Roe & Co., Phila., $7,500.

Ohio shipment per Sierra Nevada and Panama amounted to $1,950,000, besides $700,000 worth of transfer drafts, by Page, Bacon & Co., which took the place of specie.

The general election on the 6th resulted in the success of Denver and Herbert, anti-Broderick Democrats, for Congress.

In the Legislature, so far as heard from, the Whigs have elected seven; the Democrats 29 Senators. In the Assembly the Whigs have 35 and the Democrats 45 but it is doubtful whether the Democrats will be able to unite upon a candidate for the United States Senate.

In San Francisco the Know Nothings have carried everything before them. They have elected their candidate for Mayor, E. P. Wells, who was formerly Mayor of Salem, Mass., by over 500 of a plurality. On the ticket there were 27 names, the Know Nothings having elected 20 from the nominees of the Whig and anti Broderick committees.

Seven were nominees of the Know Nothings only. They elected every man by some 4000 majority. The Know Nothing vote was 4500 out of about 11,000 in the city. The new common council is composed of twelve Whigs and four Democrats.

The news from the mines continues to be favorable. The southern mines especially are more successful than ever.

Overland emigrants are arriving, but not as numerously as during former years. Chinese, to the number of five hundred to one thousand arrive at San Francisco every week or ten days, most of whom are slaves to their more wealthy countrymen.

About the average number of murders and assaults are recorded.

The British and French ships left San Francisco on a cruise on the 2d.

The English bark Amelia Thompson was stranded, north of San Simeon Bay.

SAN FRANCISCO MARKETS.—A fair two weeks' business has been done, at a marked improvement on previous rates. Demand quite active for all leading staples, especially Provisions. Fresh goods much sought for. No inquiry for old stock.

The steamship Cortes, with the passengers of the Star of the West, sailed from New York on the 19th, arrived at San Francisco on the 14th.

The Sierra Nevada passed, on the 22d, the steamer Panama for Panama, and on the succeeding night the J. L. Stevens for San Francisco.

The banking house of Carothers, Anderson & Co. have suspended.

The anniversary of the admission of California into the Union was celebrated at San Francisco on the 9th with great pomp.

There were more Indian massacres among the overland immigrants for Oregon.

SANDWICH ISLANDS, August 7.—There is nothing important. The Society Islands' war has ceased. The revolutionary chief is firmly established on the throne.

Florida Election—Railroad Accident.

BALTIMORE, October 9.—There is no mail south of Augusta.

Slight returns from the Florida election show a Democratic gain. Nothing decisive, however, has been received.

A railroad accident occurred on the Georgia Railroad on Thursday, which killed the engineer and fireman, and seriously injured others. The passengers escaped.

At Saratoga on Thursday there were four deaths by fever, and on Friday there were three. At Charleston on Friday there were eight deaths.

Know Nothings—Arrival of the Hausa.

NEW YORK, October 9.—It is said at Albany that the Know Nothings are repudiating the action of the Convention recently held in New York city, and that another State Convention will be held.

The steamship Hausa, from Bremen September 22d, arrived this morning with 754 passengers. She brings no news.

A CARD.

I HAVE the pleasure to announce to those who have hitherto obliged me with their favors, and to the friends of the public generally, that, having a short time ago returned from the East with a large and well

SELECTED SUPERIOR STOCK OF GOODS FOR THE FALL TRADE,

I am prepared to supply all orders on better terms than formerly. In consequence of the immense fall of goods, which, for the past few months has burdened the Eastern market, and of the general repose in the credit system, very important advantages were offered to cash buyers, and hence I have been enabled to purchase my Goods at a large discount on the old prices.

My selection of plain Cloths and Cassimeres embraces every grade, from the coarser and more substantial kind adapted to the use of the laboring man, to the finer qualities suitable for gentlemen of fashion, among which are some

Incapable of being Surpassed

in the character of the material and richness of the finish.

My fancy Cloths, comprise every diversity of color—green, drab, brown, invisible green, dark and light browns, olive, brown wine color, and various shades of blue.

Cassimeres number forty different patterns.

My vestings are of Silk, Velvet, Satin, Plush and embroidered Cloth, comprising the different styles now in fashion. My assortment of Cravats is unusually large and various, all lately imported.

My department of BOYS' CLOTHING promises a much more extensive selection than usual, in consequence of the large variety of materials that I have made up for the season.

Mr. GEORGE ARMOR, who holds a distinguished rank in his profession, and needs no recommendation to the citizens of Pittsburghers, will superintend the Cutting Department. His numerous friends will please call and see him.

In fine, I flatter myself that I shall be able to furnish garments suitable for all classes, fitted up in such a manner, and on such terms as to defy all competition, and I will therefore solicit a call from all who are not wedded to any particular house.

ANOTHER GREAT SALE OF LOTS AND BLOCKS

AT ROCHESTER, BEAVER COUNTY, PENNA.,

October 11th and 12th, 1854.

THE undersigned will sell, to the highest bidders, on the days above named, and upon the premises, *Two Hundred Lots, Blocks, Parcels, and Acres of Ground*, with several Building, &c., in the *Borough of Rochester*, Beaver county, Penna. They will also sell, or lease for a term of years, some valuable Coal Lands, Stone Quarries, beds of Fire Clay, Iron Ore, &c., near the borough, and convenient to the Canal, Rivers and Railroads.

Two Farms of Sale will be ½ down, ¼ in one year, ¼ in two years, with interest at six per cent. per annum. A deduction of six per cent. will be made for prompt payment of the principal, due in one, two and three years.

Bids will be received, at the same time, for quarrying, hauling and laying two or three thousand perch of stone; for making, or for making and laying, one million of building brick, and for making one million of fire brick; for removing 10,000 cubic yards of earth, in cutting down and filling up streets; and for grading, curbing and paving 5,000 superficial yards of Ohio landing. Also, for the immediate erection of twenty small tenements, furnishing all the materials and labor.

For any and all the above jobs, one-half will be paid in cash, as the work progresses, the remaining half in lots, grounds or buildings, at auction cash prices; perfect titles, by warranty deeds, for every item sold.

Plats and maps of the property, and descriptions of the surrounding country, &c., may be had by application to any of the following named proprietors, at their respective residences or places of business, as shown below.

Surveys, plans, drawings, and specifications, with reference to labor, materials, &c., &c., required as above, will be exhibited at the office of the company, in Rochester, after the 1st day of October.

In addition to the mammoth Car Factory, Foundry, Machine Shop, Steam Mills, &c., now being erected, and in active operation, it is destined to be the seat of, with other manufacturing establishments, to be driven by steam. Also, an extensive Seminary, several Churches, and a magnificent Hotel, upon the hill, but near the Railroad Depot and Steamboat landing.

These improvements, with the contemplated early completion of the Cleveland and Pittsburgh Railroad Bridge across the mouth of Beaver, into Rochester, and the necessary depot and station attachments, as also liberal and extensive improvements of the public landings and streets by the Borough Council, and the location, at this place, of two or more extensive Coal Yards, for shipping Coal down the Ohio, will insure a continuance of *lively times at Rochester*, and require an immense amount of labor for years to come.

It is expected that all the undersigned, proprietors, with many of their friends and sub-tiers, from the east, will be present at the above sale, October 11th.
