Persons who have sequired a stooping position, by following a sedentary occupation, will experience great relief by the use of the "Washington Suspender Brace," made and sold by Dr. KHYSER, corner of Wood street and Virgin alley. It answers for a brace and suspenders, the weight of the panishoons is so pisced as to continually tend to bring the absolders in their natural medica, and exmand the sumption—but arises from the fact that a num-ber of those who were in the institution awaiting trial, have been disposed of by the preterm of Quarter Sessions. It appears he is a stranger in the city, and on arriving at the depot in Allegheny, was unable to fud his way to the house where he intended stopping. While looking around for a conveyance to bring him over, a young fellow loitering about the station, stepped up and proffered his service to golden him to his destination. The German tory willingly accepted the proffered favor, and him to make the proffered favor, and him to make the young man started on his way. The two proceeded together as far as Bobinson street, near the bridge; when the young man persuaded the other to step and him to an alley. Just as he resched tills about of the alley, two men who were walking past him, but whom he had, not observed before, stepped up quickly, and without giving him an opportunity to the fend himself, knocked him down. The blow readered him insensible for some time. When he came to his senses again the three men were goue, and along with them his pocket book, containing the amount above stated. Information of the outrage was made before Mayor Adams, but up to last night no clue to the perpendictor of the details of the contrage was made before Mayor Adams, but up to last night no clue to the perpendictor of the outrage was made before Mayor Adams, but up to last night no clue to the perpendictor of the outrage was made before Mayor Adams, but up to last night no clue to the perpendictor of the outrage was made before Mayor Adams, but up to last night no clue to the perpendictor of the outrage was made before Mayor Adams, but up to last night no clue to the perpendictor and the perp the pantaloons is so placed as to continually tend to bring the shoulders to their natural position, and expand the obest. We purchased one some time ago, and have been so pleased with it, that we unsolicited gave it a "puff," gratis.
