Five members of the Canadian Parliament are natives of the United States. Washington territory now contains a popula-

There is an increase of specie in the New York Banks of nearly 200,000; and a decrease of deposits of over \$650,009. Iron ore of good quality, and in great abundance, is found in the colony of Liberia in

The Government of Canada has appointed commissioners to investigate the causes of the recent destructive collision on the Great Western Raifroad. We wish our State governments would as promptly enquire into the causes of all such disasters, and severely possish the dolinquous. Most of the Philadelphia Banks have just declared their dividends for the last aix months. They are as follows:—Farmers' and Mechanics 5 per et; Suthwark 5; Kansiggton 6; Mechanics 5 per et; Suthwark 5; Kansiggton 6; Mechanics 5; Western 5, with an oxtra dividend of 5 per et; Girard 3; Commercial 5.

THE CURLENCY PURIFIED

The buisness community may suffer some for a short time from the bank failures so frequently occurring; but the unsound banks ought to be wound up, and this year they are being driven to the wall pretty fact When they are out of the way we shall have a safer currescy, though it may be dimnished in quantity. Such a purifying process is needed occasionally to let the people know what is safe and what is not.

In many of the cases of hank failures lately reported it is discovered that they have been larging gogged in railroad generalization. Nearly half the cases of hank failures lately reported it is discovered that they have been larging gogged in railroad agreemation. Nearly half the cases of hank failures lately reported it is discovered that they have been larging gogged in railroad agreemance of the serve of the serve
