PITTSBURGH: FRIDAY MORNING MORNING POST JOB OFFICE.

We would call the attention of MERCHANTS AND BUSINESS MEN to the fast that we have just received from Pilakalphia a number of fonts of res Job Type, and are now prepared to fill orders for Cards, Circulats, Hill Haads, Paper Books, Posters, and Programmes for exhibit tions. All orders will be promptly filled or sale News of the Day.

Michigan has gone Fusion. So bas Illinois Wisconsin Democratic, probably ? Gov. Parsons, of Michigan, has appoint Thursday, 30th of November, as a day

Thanksgiving. 121,289 bags of coffee have been imported into Poiladelphia, direct, since January 1, 1854. It is 24,163 bags less than in the same time last

The Chicago and Galena railroad is now completed, and regular trains commenced running through some days ago. Dubuque, in norther Iowa, can now be reached in about 48 hours. James Wood, regular Democrat, is elected Mayor of New York. The Whigs are no where in the Empire State Clark, regular Whig no mince for Governor, is beaten by Uilman, the Know Nothing candidate, about 50,000. Sev-

mour, Administration democrat, is probably elected Governor. A Juspatch from Cincinnati sava Mr. Ellis, c

the firm of Ellis and Sturgess, died of heart disease, on Wednesday evening. It forther says Saturday. their banking house closed that morning, and 107 The real estate of Louisville was assessed

their banking house closed that morning, and that their inbilities are \$1,000,000, and assets are \$1,400,000. There has also been a hant been. The "Clizens " cared in. THE JUDGMENT OF "THE CITY OF PITTNBURGH For light are the hant are also all allows under lieven and of the area of the allowing manufactured goods, which they pro-duce in Europe, to be brough there and sold in such extravagant quantities as to keep us for the denotion ranking (in the products of for cirp duce in Europe, to be brough there and sold in such extravagant quantities as to keep us for the denotion ranking (in the products of for cirp duce in Europe, to be brough there and sold in such extravagant quantities as to keep us for the denotion ranking (in the product) and for has been as for the bears of mating a point for hissel, or hear the bar are some to the bear and allowing manufactured goods, which they pro-duce in Europe, to be brough there and sold in such extravagant quantities as to keep us for the some there, which will be appression there the has and the profession was and the bar and the client in the form the form the there were in debt to the store and sold in such extravagant quantities as to keep us for the some there. Keep they have a difference as one head. The some of mating a point for himself, or heat and the client in the form the some the alcor. We can see no quirrence between allows ing foreign laborers and mechanics to come to this country and work in our manufactories, and allowing manufactured goods, which they pro-duce in Europe, to be brought here and sold in such extravagant quantities as to keep us for-ever in debt to European manufacturers and merchants. It is well known that the present merchants. It is well known that the present financial difficulties in this country, arise mainly from the excessive imports of the last few years a large portion of which have yet to be paid for. Had native and foreign labor manufactured those goods in this country, this drain of specie and financial embarassment would not have occurred

and no "crisis" would have been talked of, and no panie felt. High tariffs are not necessary to such a salu tary chauge. But two things are wanted. First, let labor be free to seek the best labor market, and this country will not only produce food for all its own wants, but supply the wants

of foreign nations : and will also manufacture all

things needed for consumption. And second,

such a state of public sentiment is needed as

will consider an American manufactural dra

a law of exclusion had provented their landing a man "sets his heart upon a woman" The on our shores; our population would have been same paper in which we find the above statis this also contains this significent paragraph: A man in Detrit has been first filler dollars and early to just for sity days, having whipped his safe the scandingly of r marriage. Usury Laws and Banks.

had so much less labor in all the departments of preductive industry. There would have been so much more labor in Europe, seeking a market for its products in this country. It is more eco-nomical to feed that army of laborers in this country than in Europe. It is more economical and politic to keep the money paid for the pro-ducts of that labor in this (country than to send it to Europe. The labor market of this country is not yet overstocked, as the prices paid for is the financial and economical view of the case, and, if correct, the conclusion is in fa-vor of the home labor; the home market of food; the home supply of all manufacturers and the such as a probably as the case, and of the bors the home market of a the same view of food; the home supply of all manufacturers and here to business of banking is probably as the case, and, if correct, the conclusion is in fa-vor of the home supply of all manufactured ar.

vor of the home labor; the bome market for food; the home supply of all manufacturod ar-ticles; and the freedom from constant and enor-mous indebtedness to the nations of Europe. But there is another view of the case not to be neglected. Does the influx of foreigners endan-ger liberty, good order, morals or religion in this country? If so, pecuniary considerations must yield to higher interests. The new political par-ty which has gained rapidly of late, profess ar tivals of foreigners. They propose as a remedy not a law of exclusion, but the repeal of the naturalization laws. Foreigners may come amonget us if they will; but the repeal of the amonget us if they will; but more the acquired

ger liberty, good order, morals or religion in this country? If so, pecuniary considerations must yield to higher interests. The new political par-ty which has gained rapidly of late, profess to be address of a standards to considerate to a standard of that mode the strongest contraction, and standards to a standard to a standard the strongest contraction of the strongest contraction, and of the strongest contraction of the strongest contraction, and of the strongest contraction of the strongest contraction of the strongest task of exclusion, but the repeal of the amongest us if they will, but must be actualed from the hallot box. And Catholice, home rais-ston will be allowed to a strongest contraction of the strongest the strongest the strongest the strongest the strongest the strongest strongest contraction of the strongest contraction of the strongest contraction of the strongest the strongest the strongest the strongest the strongest the strongest contraction of the strongest the strongest the strongest the strongest the strongest the strongest contraction of the strongest the strongest the strongest the strongest contraction of the strongest the strongest the strongest the strongest contraction of the strongest the strongest strongest the strongest contraction of the strongest the strongest strongest the strongest contraction of the strongest the strongest strongest the strongest contraction of the strongest strongest the strongest strongest the strongest contraction of the strongest stronges he wounded was at the last accounts in a critical condition.

be event away, and lings holited upon the hospitals. So far as is known the Ruwsian runy is concentrating on udper Belac; aiready they number 45,000. The sities army is divided now into a siege army and an army of observation; the latter are posted on an aztonelye table land which separates Balaklaws from Sebastopol, as rescible only from two points. The Russians are hovering on the outeries of the allies' positions. On the 7th they make a strong demonstration on the north-west extremities of the samp, where twy were keyl in check and retired without battle. On the 31, 6th and 11th, the garrison at Sebastopol made softee and destroyed some small works. On the evening of the samp, where twy were keyl in thesis and estimated without battle. Da the 31, 6th and 11th, the garrison at Sebastopol made softee and destroyed some small works. On the evening of the 36 bestopol of cour thousand Russians succeeded in emerge the ombark from Marrelles on the 21st, and 8,000 Turks from Varma. Latters are that the allies have 3,000 gues in the battery. After a few daya for thoy will astempt to storn the garri-eon, which is estimated at 40,000 mer. Admiral Machinoff, who commanded at Sinope and who is commands at a Sebastopol, has published an addres, exying that he will defend it to the last. Any one is wel-and the allies four thousant is the sublished an addres, exying that he will defend it to the 13th any the Russian have retaken Ugastoff. CHIOAGO IS A GREAT PLACE. - There were re-
