FAMILY PHYSIC.

THERE has long existed a public demand for an effective purgative pill which could be relied on as sure and perfectly asign in its operation. This has been prepared to meet that demand, and an extensive trial of its virtues has conclusively shown with what success its accomplishes the purpose eleigned. It is easy to make a physical pill, but not easy to make a physical pill, but not easy to make the perfect of all pulse—one which should have none of the objections, but all the advantages, of every other. This has been considered the pulse of the patient what success we would refer the patient be public what success we would refer the patient be public what success we would refer the patient between that almost every purgative medicine is acrimonious and irritating to the bowes.
