HOPE THEY MAY GET IT.—At a meeting of the stockholders of the Hempfield Railroad Company, held in the Borough of Washington, a resolution was passed authorising the Directors to borrow a million of dollars, to complete the road. It is easy enough to pass a resolution to borrow money, but it will be found no small job to secure the funds afterwards. There are other railroad companies, who, we have no doubt, would be much obliged to the Hempfield Directors, if they show them where money is to be had, these hard times, on railroad securities. If the Hempfield Railroad is not finished until this million of dollars is raised, it will be some time before the people at that end of the "route" are in connection with Philadelphia by that route. The Chief Engineer of the road reported that $300,000 would finish the road between Wheeling and Washington, exclusive of the cost of iron.

THEATRE.—Manager Foster, many of the opponents of the "peculiar institution" will be glad to learn, revives the dramatic version of Mrs. Stowe's great novel of Uncle Tom this evening. It will be placed upon the stage with all the aids of appropriate and new scenery, a powerful company, &c., &c. Many may differ as to the truthfulness of Mrs. Stowe's pictures of Southern life, but none will deny her great literary merit in weaving together a romance of most excelling interest. The interest of the romance, as well as the extravagance and prejudices of the gifted authoress, are maintained in the play, which is, in fact, as near a copy of the book in language and incident, as can be placed upon the stage.

For cast of characters, &c., see card, in another column.

INMATES FOR THE HOUSE OF REFUGE.—A little girl named Louisa Hine, *alias* Kountz, and three boys, named Charles Miller, John Hettel, and Andrews Woods, were ordered to be taken to the House of Refuge, on Saturday, by Judge M'Clure. These are the first inmates for that institution. The three latter belong to the notorious band called the "Forty Thieves," and are well known as precocious rascals. Time will determine what reformation the discipline of a House of Refuge will effect in their characters. If it is not for this institution, they would either have to be turned out on the community again, or be confined in the county jail.

RAILROAD ACCIDENT.—The express train on the Pennsylvania Railroad, due here on Friday night at 12 o'clock, was detained several hours, by running off the track, a few miles this side of Altoona. One truck was broken to pieces, and the cars otherwise slightly injured. The passengers were compelled, by the accident, to walk through the mud and rain for nearly half a mile, to make a connection with another train. The accident occurred through the gross carelessness of a switch-man, in neglecting to adjust the switch, after the passage of the train East.

FATAL ACCIDENT.—On Wednesday last, a negro, named Henry Kelly, from Cross Creek township, fell into the deep cut on Cort's section of the Hempfield Railroad, near the borough of Washington. He was found the next morning dead, with his neck, one leg, and one arm broken, and his body otherwise mutilated. He was intoxicated at the time he fell into the cut. The deceased left a wife and several children.

THE DEMURRER in the case of Rev. Francis Kenner, lately convicted of disturbing a funeral, was argued in the Court of Quarter Sessions, on Saturday. The Court acknowledged the objections in the first and second counts of the demurrer, but found for the Commonwealth on the third count. A new trial was granted the defendant.

FINALLY COMMITTED.—Jacob Broom, the man who was arrested a few days ago, for the larceny of a lot of clothing from Peter Baughman, was finally committed for trial, yesterday, by Alderman M'Cune.

THERE were nine commitments to the jail, on Saturday, for drunkenness and vagrancy. This establishment now contains over one hundred and forty occupants.

A VISIT.—We understand the Rover Guards, of Cincinnati, will visit this city on the 21st of December. They come here on invitation of one of our volunteer companies.

FALSE PRETENCES.—Pearce Froler was committed to jail, on Saturday, by Alderman McMasters, for committing an assault on Z. L. Elsner.

WE WOULD direct the attention of dealers to the sale of fifteen crates of Queensware, this afternoon, at 2 o'clock, at Davis' auction rooms.

DAILY REVIEW OF PITTSBURGH MARKET.

OFFICE OF THE DAILY MORNING POST, }
Monday, November 27, 1854.

Business on Saturday, owing to the rain and other causes, was rather dull, although in grain the sales reported were numerous:

ASHES—6 casks Soda, imported, at 8¼, four months.
FLOUR—50 bbls superfine at $9.75, from wharf; 40 do extra, from wharf, at $9.75-$10 do do, from depot, $9.68.
GRAIN—Oats...610 bus, from depot, at 65c; 569 do do at 225 do. Shelled, at 90c.

MOLASSES—21 bbls, oak cooperage, at 24c, cash.
WHISKY—26 bbls rectified at 33c; 26 do do at 36c; 20 do do at 36½c.

Coal Down the River.

Coal is becoming exceedingly scarce both in Cincinnati and Louisville. At the latter point the price has been advanced to twenty-five cents per bushel. This will be hard for the poor, and we are hence glad to inform them that the prospect for a rise in the river is now so fine that they may expect a large supply before many days.

Money and Business Matters.

The New York *Evening Post*, of the 23d, says:

"The money market continues favorable, and unsettled, though there is no change in the money rates. The effect of the recent rise in the discount brokers continue large at 12 @15 per cent. for first class, and 24@30 for other descriptions. The banks limit their accommodations, as owing to the delay in the arrival of the Arctic and Atlantic, the usual steamer, they will lose specie this week. The amount of gold that will be shipped to-morrow is uncertain. The demand for exchange is limited, from the stringency of the money market.

"There is some trouble among stock operators. A large number of speculator have failed to meet his contracts, and several extensions of time have been granted by members of the Board, to whom the recent heavy decline has been disastrous. The consequent depreciation which we announced yesterday, as having taken place in the American Exchange shares, has produced much excitement, and does not tend to allay the want of confidence. Frauds are now suspected all round."

In regard to monetary affairs in Cincinnati, the *Commercial, of Saturday* says:

"The business of the day, either in finance or commerce, presents nothing new or interesting. The favorable prospects of a rise in the western streams or rivers, immediately, and the consequent increase in the supply of coal, counteracted the effect of the favorable foreign news, and produced a dull feeling although the market was firmer, and we understand $7,000 offered for prime lots of one brand; but such are not now here. In the money market no sense of ease or change, there is by no alteration; the letter is in good demand, and considerable sales occurring at 2½@3 per cent. discount, at 1½@1¾ prem.; but the brokers are not inclined to take less than 3¼, and for small sums 2 prem. is obtained."

Pork Packing—Hogs.

This business was rather light yesterday, in consequence of the weather being unfavorable, and none of the houses killed over half their usual complement. The total number slaughtered up to last evening was a little over sixty thousand. The Pendleton, Bellevue, Cumminsville, Avondale, and Bainstown road, from one extreme to the other, is literally lined with swine, and the Frankfort and Lexington railroad groans under the weight of the mighty droves sent by that conveyance. As regards prices the market is improving, and during the market drill at $4,75@$4.80 net, which was the highest reported. There was one sale on private terms, as we have heretofore stated, at above the views of buyers, and sellers are now ordered the top for their hogs. Lard and pork are tolerably abundant, with no sales, though good barrel—*Louisville Courier, 23d.*

NEWS FOR RIVER MEN.

The River.—Three feet and a half of water in the channel of the river, on Saturday evening at dusk, and rising. There were reports of heavy rains up the rivers, and the almost certainty is that the river will be "all right now."

Wheeling Packets.—The steamers "Diurnal" and "Forest City" have resumed their regular trips in the Wheeling trade—the "Diurnal" leaving to day at 10 A. M.

For Louisville.—The fine steamer "New York," Capt. D. Gillmore. The "New York" will take freight or passengers for Cincinnati and all the way ports, and offers a fine opportunity to those traveling to the Queen City.

The steamers "Granite State," "Day City," "James Park" "New York," "Trople," "Wm. Bagaley," and "H. T. Yeatman," are all at the wharf, and ready for business. By calling on board, those having business in the way that any of them are going, will be well cared for.

Up for St. Louis.—The steamer "Trople," Capt. French, will leave for the above port on Tuesday. Besides being a fine boat, she has on board Captain J M. Cook, one of the most gentlemanly clerks on the river, who will make every one who takes passage feel comfortable.

Steamers Arrived and Departed at Cincinnati.—The "Prairie Rose," "Ben Franklin," "Ranchero," and "Grand Turk," arrived from Pittsburgh on Thursday. The "Atlantean," "Prairie Rose," "Grand Turk," and "Ocean Wave" left for St. Louis the same day; and the "Ben Franklin," "Rock City" and "Ranchero" for New Orleans on Friday. The Cumberland river was falling slowly on the 21st inst, with twenty inches on Haspeth shoals.

The Wm. Bagaley.—This splendid new steamer we understand, will go out this week under the command of Captain John C. Sinnott; and we can say that a better man or commander never walked a hurricane deck. The boat is a beauty in every respect, and it is only necessary to visit her to be assured of the fact. Her dimensions are: 160 feet long; 34 feet beam; 32 feet floor; 6 feet hold; two 22 inch cylinders, 7½ feet stroke; three boilers, 42 inches diameter, 30 feet long. The "William Bagaley" is intended for the Southern trade, and, to the honor of our mechanics be it said, that a more staunch or better appointed boat never left our ports. With great capacity, fine accommodations and managed by the gentlemanly officers under whose control she now is, the "Bagaley" cannot fail to be one of the most popular crafts in the Cincinnati trade. With the wholesouled commander and his fine boat brilliant success: he deserves it, and we hope he may receive it.

For Pittsburgh, several good boats leave this morning. Among the number is the "Advance," Captain Neare, a favorite with the "Cincinnati" trade. The "Chieftain," Captain Clerk Anderson, will also depart for the "Smoky City." Captain Neale, Tweale, Jones, &c., at about two thirds the regular prices, &c., &c. Together with a very fine and splendid freight and passenger trade, the Pittsburgh officers under whose control Woodburn is the office, is on hand to take any amount of freight to Pittsburgh. He leaves this morning.—*Cincinnati Commercial, Saturday.*
