tion of navi-The Mail Party Hurdered. Incorrenzes, December 6.—The Sait Lake mail has ar-rived, with reports that on the 18th uit, the mail, under charge of John Jamieson, coming to the Blates, was attach-ed, it is supposed by parties of Sioux Indians, near Dripp's trading post, six miles this side of Yort Laramie. All the men were killed, viz. Jamieson, Jame-Wheeler, Charles Hacket, and a passenger from Sait Lake named Charles A. Kitozdi, was abot, pieved by several arrows and left for deal. The mail bags were robbel and the contents all torn open. Kinozdi was robbed of \$10,200 in gold. The multes were driften off. The mail party outward bound passed by on the 17th, and found the solders and took are of their bodies. No escort could be granted at the post, and the mails of November could go no farther than Laramie, and that of December has resurned to this point. cation, for any length of time, this early in the eason, would be a terrible calamity.
