Daily Morning Post.

PITTSBURGH:

THURSDAY MORNING DECEMBER 14.

MORNING POST JOB OFFICE. We would call the attention of MERCHANTS AND BUSINESS MEN to the fact that we have just received from Philadelphia a number of fonts of new Job Type, and News of the Day.

General J. H. Adams has been elected Gove nor of South Carolina. There were 220 deaths in New Orleans during

the week ending December 8d, including 7 from yellow fever. The extensive dry goods house of J. W. Blodget & Co., Boston, failed on Monday. Their lisbilities are about two millions of dollars. The house of Taylor & Cassilly, New Orleans, failed on Saturday. They were involved by the

late failure of George Milne & Co. The U. S. steamer Fashion was lately at Baton of bombs for Key West. Is this with a view to possible attack on Key West by the Spanish? The loss by the extensive fire in Philadelphia on Tuesday morning is put down at \$175,000-

Philadelphia, on a charge of obtaining goods to the amount of \$60,000 in Philadelphia on false pretences. They left immediately for Philadel-

An extensive swindling operation has just some to light in Buffalo. The author is said to be William Martin, who, in August last, started extensively in the provision business, at Ontonagon, Lake Superior. He pretended he had contracts to supply the Mines, and upon the strength of this drew extensively by Adams' Expres upon the various mines. He has decamped t *Canada, and drafts and forgeries amounting over \$50,000 have been discovered.

ETHER AND CHLOROFORM—THE USE AND ABUSE OF THEM.

week an interesting discussion of the effects of that twice that number. One man stated that he had used them in as many as fifteen hundred cases, and several others in four or five hundred. It is manifest that such a discussion is worthy of general attention, as it brings before the public as greater amount of authentic information on this important subject than was, perhaps, ever before collected.

The writer thinks that it would be as well sended to have the words and the sended in the staggering letter about Dr. Beale, appropriate that they got about twenty yards from us; then we staggering letter about Dr. Beale, appropriate they thought they were our Eighth Brigade, till they got about twenty yards from us; then we staggering letter about Dr. Beale, appropriate they thought they got about twenty yards from us; then we thought they were our Eighth Brigade, till they got about twenty yards from us; then we staggering letter about Dr. Beale, appropriate they thought they were our Eighth Brigade, till they got about twenty yards from us; then we staggering letter about Dr. Beale, appropriate they thought they were our Eighth Brigade, till they got about twenty yards from us; then we staggering letter about Dr. Beale, appropriate they thought we should run. A first we thought they were our Eighth Brigade, till they got about twenty yards from us; then we thought they got about twenty yards from us; then we thought they were our Eighth Brigade, till they got about twenty yards from us; then we thought they got about twenty yards from us; then we thought they got about twenty yards from us; then we thought they got about twenty yards from us; then we thought they got about the difference. We wheeled into the or stagering the transfer of the Philadelphia bar has written to a New York journal a rather they stone they thought was the difference. We wheeled into the or they are the propose of the stone they thought they are the propose of the stone they thought they are the propose of the they are the propose of the stone they there they are the propose of the the before collected.

The first result that seems to established by indulging in language and actions most indeco rous; and some imagine strange things to happen, and even continue in the same belief after they have returned to their natural condition. From these facts, it is clear enough such agents should be used with great caution, and never submitted to by females except when properly attended. They also appear to throw a new light upon the case of Dr. Beale, which was freely commented on by his brethren who composed this meeting. If the statements here made had been submitted as testimony to the jury who tried Beale, it must have gone far towards depriving the story of the prosecutrix of all

weight.

But must the use of these anesthetic agent⁸ But must the use of these anesthetic agent⁸
Association on the selection of femals lecturers, be entirely abandoned? Who does not rememit it is on this occasion. Mrs. Smith stands high be entirely abandoned? Who does not remember the cry of exultation that rang throughout the civilized world, some ten years ago, when the discovery was first made? It was considered the most beneficent sohierement of the ago. Surgery, it seemed, was henceforth deprived of all its terrors, and the worst agonies of humanity would live only in tradition. Is it possible manify would live only in tradition. Is it possible these hopes have already failed, and that humanity has gained nothing by this remarkable discovery? By no means. It is, we think, subdiscovery? By no means. discovery? By no means. It is, we think, sub discovery? By no means. It is, we think, sub-stantially all it was at first believed to be. But being now fairly in possession of it, and familier being now fairly in possession of it, and familiar with it, men busy themselves only with its imperfections. In the same spirit we cry out representfully when an ocean steamer falls a day behind her time, or the trains from the east fail to make a connection, or the news from the south and west has been ten minutes too long in command west has been ten minutes too long in command with a strength ing over a thousand miles of wire. It is well indeed, to keep those who manage these matters to their duty, and to require the utmost perfection their duty, and to require the utmost perfection to their duty, and to require the utmost perfection to their duty, and to require the utmost perfection to their duty, and to require the utmost perfection to their duty, and to require the utmost perfection their duty, and the requirement of the r tion that can be attained. But suppose they

It is remarkable that the large experience of fifteen or twenty of the principal dentists of the country seem to have furnished no instances of fatal results or permanent injury from their use.

They might indeed be slow to relate such cases, but the fact that so little was said on that aspect the Mayoraity. Mr. Benney is an old citizen, the Mayoraity. Mr. Benney is an old citizen, the Mayoraity. of the subject, warrants the conclusion, that in lightly esteemed by all classes as a man of stergeneral they do not consider it dangerous to life or health, although many spoke freely of the or health, although many spoke freely of the improprieties of conduct to which it often gives improprieties of conduct to which it often gives other well regulated cities, that time is now are the shall, at the time of his application to be admitted of the shall, at the time of his application to be admitted. of the subject, warrants the conclusion, that in general they do not consider it dangerous to life

AT To the Mervous. At a time when the com munity is deploring the evils resulting from the use of pernicious preparations of alcohol, a stimulant exhiterant and invigorant, purely vegetable in its nuture, and antal-ing no reaction, is of immense importance to the public to the medical world. The faculty admit the necessi

produce a disastrons effect upon the nerves. Now, MORSE'S INVIGORATING ELIXIE strikes both at the cause and the effect; regulating the secretions, while it tranquilizes the nerves. It is destined to take the place of alcoholic implents as a medical agent, and it is, as has been prov counties instances, a mental exhilerant, the use o thich is never succeeded by melancholy or hypechondria. The Cordial is put up, highly concer les. Price three dollars per bottle; mix for twelve dollars. C. H. RING, Proprietor, 192 Broadway, New York
