new States are generally making ample pro-their condition to the Legislature, with a view to

vision for common school education; and ac-counts from all parts of the country indicate a their affairs upon some equitable principle. The

Yet, notwithstanding these encouraging signs, and the flattering belief that the Americans are beyond all others an intelligent people, the in-flaxible facts developed by the census returns assure us that the army of the ignorant is rapidly augmenting, and that even now nearly half a million voters cannot read the tickets they cast into the ballot boxes. This is a great evil; but what shall be the remedy? Should people be compelled to send their children to school 1 Shall the right of suffrage be withheld from the ignorant until they learn to read and write? Some propose the latter as a remedy. But it should only be applied in States where the common school sys-

the latter as a remedy. But it should only be applied in States where the common school sys-tem has been long enough established to give all the citizers an opportunity to acquire the ruli-ments of education. Where such advantages have been long enjoyed, ignorance is certainly a die-grace, and should be at a discount. For a na-tive of such a State as Connecticut ignorance has no excuse. A man in traveling over that whole State will hardly ever be out of sight of a school house; and the poor, however poor, may educate their children without cost. And the same is now true in Pennsylvania. In 1836, Dealer.

offered here for a Concert.

nd at such times as may be re-mil service, mail here of the fri

etitizens, both native-born and naturalized, can read and write. In such states we would be in favor of pretty stringent measures to reduce the army of the igorant. The purity of our elections, the safe ty of our institutions, and the hours and bees interests of our country would justify such measures. Give all the poople first, time and opportunity to become educated, and then hold voluntary ignorance a orime and a disgraco. In the New Jersey House of Representative on Tuesday, a Prohibitory Liques House of Representative a third reacting. A motion to exclude Lager Beer was negatived. The bill will be voted on by the people, in October next, and if ratified will go into affect the February following.

whole State will hardly ever be out of sight of s school house; and the poor, however poor, may educate their children without cost. And the same is now true in Pennsylvania. In 1885, our common school system went into operation, aud since then the number of adults that cannot read and write, is every year diminishing. It should soon be true of Pennsylvania that all its editions, but naturalized, can read and write. In such state we would be in favor of pretty stringent measures to reduce the sarry of the solow, his speech was restored, and the sour country would justify such the should nove his to cogue with measures. Give all the people first, time and measures. Give all the people first, time and the speech first, time and the speech was fuelly file the people first, time and measures. Give all the people first, time and measures. Give a

personae, but absolutely worthlars, which has a teidenors to injure the reputation of the genuine settle, purchasers should be particular to ask for Wight's Premium Estha-fion, and they may rely on receiving an article unequalied for its virtues for restroing a decayed head of hair, for a cool, refreshing and delightful application during the hot weather, removing all desgreeable sensations of distinces and headche, and for the tollet it has never had an equal for its pleasant and delightful fragrance. Its thousands of tastimonials are a sufficient guarantee for its pleasant and delightful fragrance. Its thousands of tastimonials are a sufficient guarantee for its optical for preventing its falling off, whe'her from sickness or disease; and for entirely dispensing with the never sity of unlay hair dyes, as it excites the secretione, janz?
