Agents, are the Agents for the Pittsburgh Daily and Weekly office. Their receipts are regarded as payments. Their BOSTON, 10 STATE STREET. MORNING POST JOB OFFICE

We would call the attention of MERCHANTS AND from Philadelphia a number of fonts of new Job Type, and are now prepared to fill orders for Cards, Circulars, Bill Heads, Paper Books, Posters, and Programmes for exhibitions. All orders will be promptly filled. No SENATOR.-It will be seen by our tele-

The election of a Senator is postponed to a dated elsewhere so long as they run. There are period beyond the duration of the session of the three docks or basins to the canal in this city-Legislature; is thrown over, in fact, to next one extending to Spring Alley, in the Fifth winter. This will give Governor Pollock a chance | Ward; one, and a large one, to Wayne street; to appoint a successor to Mr. Cooper till the and another between Penn street and the Acquenext Legislature elects one. News of the Day.

There is a Maine liquor law pending in the ry has been removed from Salem to Cornwallis. It is believed the Senate will agree with the tariff.

A fire occurred on Sunday, on Broadway, New York, in a large store. The damage to the stock of goods is estimated at \$60,000. Gen. Houston's lecture did not suit the Boston people. Wm. Lloyd Garrison is to deliver a

icoture in reply to it on Thursday evening. On Monday the sword of General Jackson was presented to Congress. Gen. Cass made an appropriate and eloquent speech on the occasion. The deaths in New York city for last week were 521-29 less than the week before. There is a large increase of diseases of the throat and

lungs. The cold weather appears to extend over the whole country. The Philadelphia, Baltimore and New York papers state that Saturday was a remarkably cold day. Severe snow storms are mentioned in some parts of the State of New York.

There is great excitement in the island e Cubs, arising from a report that a filibuster expedition is about to sail from the United States. The whole island is being placed in a state of defence. The militia are called out, and every preparation made for a vigorous defence. A letter writer from New Orleans says that an ex- tracks. pedition is preparing to sail soon for the liberation of Caba.

VACATION OF THE CANAL AROVE As we stated some time ago, a bill n our legislature to vacate that portion of the canal in Pittsburgh, between Liberty and Seventh streets. Those who have made some objections to this measure are probably not aware of the objects in view, or of the present state of things in that vicinity.

The value of that portion of the canal is much its eastern bank are to be torn down, and no longer used for storage and forwarding pur-

would be a heavy expense, and a great inconvenience to our merchants and citizens. And hesides, the ground at the outer depot is needed for sidings, car stations and other purposes. More room is needed; and the Company has now secured ground suitable for its purposes and March, is received, and a good number it is. tion on the 17th inst., for the purpose of electsecured ground suitable for its purposes and March, is received, and a good number it is. business, in the best place where it could be oblighted business, in the best place where it could be oblighted business. It is for sale by Miner & Co. The result of the first ballot was as follows: Gwin, 42; Edwards, 86; Mo. it is true, without filling up the canal, as there are fronts on Washington, Fairmount and Seventh streets. But much better accommoda-Beventh streets. But much better accommoda-locomotive engine; Morse actualized the electric tolograph. We have now to announce an invention of the canal was filled up. By vacating tion more important in its results, perhaps, than other portion of the canal, its bed is not given to

What, then, are the objections to filling up rapid beyond belief. We have seen a writing-book of the largest eize commonly used in two objections named. First: that it would cut schools, written through from beginning to end, off the connection between the tunnel and the off the connection between the tunnel and the copper-plate engraving, in two hours, by a little girl ten years old, after a brief course of instruction. It is a miracle of science and art. duce there.

In regard to the first objection, everybody knows that the tunnel is utterly useless. No efforts are made to keep it in repair; and it may be fallen in by this time. The filth it gathers, and the efforts are made to enter the analytic every other, and make rapid and beautiful writers as plentiful as they now are the mining towns for the past month, and had beautiful writers as plentiful as they now are the street opened last week. The Backus and Christy Minstrels, combined, are playing in San Christy Minstrels, combined, are playing in San frequently proposed to fill it up. It is of no use, Earthquake in Columbia Co. N. Y .-- Shakthen, as a part of the canal.

But this tunnel might be made of use, and of great value, by selling it to the Pittsburgh and tion of the roads can be made in no other way, ware. The next morning the ground was diswithout running all their freight and passenger covered to have opened in several places two or tains through some one or other of the most ac- three inches in width. tive sirects of the city. All know the objections to the city. It is represented as a staff of six persons, four Lieutenant Colonel. The section of the Act of Congress which established the grade of Lieutenant Colonel. The section of the city of a Lieutenant Colonel. The section of the city of a Lieutenant Colonel. The section of the city of a Lieutenant Colonel. The section of the city of a Lieutenant Colonel. The section of the city of a Lieutenant Colonel. The section of the city of a Lieutenant Colonel. The section of the city of a Lieutenant Colonel. The section of the city of a Lieutenant Colonel. The section of the city of a Lieutenant Colonel. The section of the city of a Lieutenant Colonel. The section of the city of a Lieutenant Colonel. The section of the city of a Lieutenant Colonel. The section of the city of a Lieutenant Colonel. The section of the city of a Lieutenant Col tive streets of the city. All know the objections

avenue almost to the Monongahela river.

But 2) use the tunnel for that purpose it would be necessessary to fill up the canal between Meeven and the treating must have an outlet at the northern end; and elevation must be gained to come on to the Central road on Liberty street. Ogrecity, our country, and our citizens have subscribed liberally to build our realiroads. We look forward to their completion, and the large business it is believed they will do, as the means of increasing our subscribed liberally of the canal of the completion, and the large business it is believed they are they will do, as the means of increasing our subscribed liberally to the canal of the canal between the can

prosperity. To do that business these roads FROM OUR CALIFORNIA CORRESPONDENT. must have facilities, room and accommodations. The city must adapt itself to the absolute requirements of these great thoroughfares of travel and trade, and then it can reap the advantages they will bring.

Now, is the partial use of that portion of the canal between Seventh and Liberty streets by the market boats, a sufficient reason for keeping o much of the canal open; rendering the tunnel useless; and stopping great public improvements in which the whole country is interested? Post, and are authorised to receive Adventisements and The market boats come in but twice a week for a little more than half the year. There is no other use for that portion of the canal. Besides, it must be remembered that when the Allegheny Valley railroad is completed the produce

that now comes by the canal market boats will generally come by that road, and the use of the market boats be in a great measure dispensed with. Is there such sufficient present and prospective use of this small portion of canal as to forbid its appropriation to purposes infinitely more important and valuable to the public? We graphic report that Simon Cameron is beaten. think not. The market boats can be accommoduct. These basins, and the banks of the canal

between Penn street and the river can accommodate the market boats; and if dockage is charg-Oregon Legislature. The capital of the territo. ed let those interested pay it. Accomodations can be found for the market boats elsewhere and the canal south of Liberty street, and the House in its action for the reduction of the tunnel, can be converted to purposes of great public utility. A connection can thus be formed between two great public highways for all time to come, without the annoyance and danger of using the public streets for trains and locomotives; and these great channels of trade speedy and convenient transaction of their busi-

> The public has an interest in this matter and, if fairly and fully examined, we have no doubt nine-tenths of our people would vote cordially for the measure proposed in the bill before the Legislature. We publish below a copy of the bill:

> An Acr to authorize the vacation of that portion of the Pennsylvania Canal between Liberty atreet and the Monongahela river, in the City of Pittsburgh. SEC. 1. Be it enacted by the Senate and House Representatives of the Commonwealth of Pennylvania in General Assembly met, and it is hereby nacted by the authority of the same, That the owners of the property on the line of that porion of the Pennsylvania Canal between Liberty street and the Monongahela river, in the City of Pittsburgh, are hereby authorized to take nonsession of, and fill up the same : Provided, That they shall permit the Pittsburgh and Steubenville Railroad Company to lay thereon, without charge, their rail road with single or double

railroad to the Pacific, and nothing accomplished, commendatory of the veto of the Spolintion bill.

that our people have determined to wait no longer, and have gone to work with a will, for Relief of the Voterans of the War of 1812. the purpose of establishing an emigrant road Old Soldiers' bill. Mr. Middleswarth also spoke from California to Missouri, or some other point. on the same subject. The House finally ad-Meetings have been held in nearly every city and | journed; soon after 9 o'clock. town in the State, and committees appointed for the purpose of obtaining information in regard message was received from the President, transto the practicability of the various routes pro- mitting a communication from the Navy Deposed. A bill has also been introduced in the partment, with a copy of the orders to the sloop-Legislature for "an act to provide for the survey and construction of a wagon road from the Sacramento valley to the eastern boundary of Mr. Fessenden, from the committee on print-

There can be no doubt about the practicability out of the question at the present time, Congress should make an appropriation in aid of this important movement. The citizens of San Francisco have formed a "Pacific Emigrant Read Association" appropriate of the second of the committee on conference on the citizens of the committee on conference on the control of the contro Boad Association," appointed committees, and ed the report of the committee on conference on set to work with zeal and activity. A circular has the disagreeing votes of the two Houses on the set to work with zeal and activity. A circular has been addressed to the people of this State generally, with a view of eliciting information; and surveying parties are to be despatched through the various passes in the disaprehalm and overflowed land.

House —The House passed the Navy and forsurveying parties are to be despatched through the various passes in the Sierra Nevadas, to as-

gration will be greatly augmented.

Affairs in the mines are in a better condition than they have been for some time past, caused lions acres of land will be required for this pury the late rains; but there is still a great com pose, according to the report of the Commisplaint of want of water in many parts of the mines. Present appearances indicate that we ate that we will have more rain, and rain in the Southern mines is always accompanied by gold—if a person is lucky enough to get it. There have been some "big strikes" lately, which, of course, are published to the world—nothing being said of the unfortunate and unlucky "hombres," who "can't get nary red." A lump of gold has been found on Scott's river, which weighs 141 ounces; its estimated value is \$2.379. One claim on Stockton Hill. Calaveras county, vielded, on the will have more rain, and rain in the Southern 126 against 51. Stockton Hill, Calaveras county, yielded, on the 18th inst, the sum of \$6,400, being the fourth "big strike" of the present season; the total yield of this claim for the season is \$28,000. There are other claims that have paid equally well, but it is unnecessary to enumerate them.
It is confidently believed by the miners that, if we are favored with plenty of rain, there will be

more gold taken out this winter than has been taken out any sesson since 1849. seed out may sesson since 1029.
