He undersidence at Evergreen.

THE UNDERSIGNED offers for sale his property in the Evergreen Colony, hoss formship, five miles from Pittsburgh. The house is 63 by 34, arranged with Four Rooms, a Ritchen, and a large Hall on the first floor, and is provided with a Water Closes and Bath Room—the latter with suitable hot and cold water pipes. Attached to the house are Two Acres of Ground, held in fee, on which there is a Well of unfalling soft water, a Stable and a Chicken House. The Colony is provided with a School of the highest order, and is under the management of a gentleman from Virginia, a member, well qualified to teach even the higher branches of study. This admirably conducted School is of incalculable advantage to the man of family, as the ideas here have an opportunity of shooting without the contaminating influence of outside presure, too often found around schools in the city and immediate vicinity. The House and the Two Acres will be sold with or without the interest in the farm property, and the avails will be taken in adjusted balances and certificates of deposit against febzl.

PROF. Wood: Dear Sir—Having become prematurely
quite gray, I was induced same six weeks since, to make
trisl of your Hair Restontive. I have used less than two
bettles, but the gray hairs have all disappeared; and although my hair has not fully attained its original color,
yet the process of change is gradually going on; and I have
great hopes that, in a short time, my hair will be as dark
as formerly. I have also been much gradified at the healthy
moisture and vigor of the hair, which before was harsh and
dry, and it has ceased to come out as formerly.

Respectfully Yours,
Paur. Wood: Dear Sir—My hair commenced falling off
some three or four years since, and continued to do so until
I became quite bald. I tried all the popular remedies of the
day, but to no effect; at last I was induced to use your celebrated Hair Restorative, and am very happy to say it is
doing wonders. I have now a fine growth of young hair,
and cheerfully recommend its use to all similarly afficted.

A. C. WILLIAMSON, 133 Second street.

St. Louis, March 7th, 1854.

I have used Prof. O. J. Wood's Hair Restorative, and have
admired its wonderful effect. My hair was becoming, as I
thought, prematurely gray, but by the use of his Restorative, it has resumed its original color, and, I have no doubt,
permanently so.

Paor. O. J. Wood: Dear live—As you are about to manufacture extensively and vend your recently discovered Hair Restorative, I will state, for whomseover it may concern, that I have used it, and known others use it; that I have for several years been in the habit of using other Hair Restoratives, and that I find yours vestly superior to any other I know. It entirely cleanses the head of dandruf, and with one month's proper use will restore any person's hair to the original youthful color and texture, giving it a healthy, oft, and glossy appearance, and all this without discoloring the hands that apply it, or the dress on which it drops. I would, therefore, recommend its use to every one desirous of having a fine color and texture to hair.
