1 CABINET-MAKERS, and Workers in Wood generally, with his Patented and valuable PLAYES.

All who have tried it, pronounce 1 a most valuable invention, that must soon come into g neral use. The following letters from practical workmen are but two among many letters the Patentee her received recommending this Plane above all others in use: PITTSSURGH STRAM CABINET FACTORY, }

We hereby certify, that during the last twelve months we have used Hopper's Pat in Plane, and do not hesitate to recommend it to Cabinet-Makers and Carp-inters as auperior to any other Plane in use. We consider it peculiarly adapted to planing oak, cherry, wainut, and all sorts of hard wood, and for planing sene rs, it is far superior to the old indictional serior being a great saving of time. They have not only received the highest marks of approbation from the best European Plaulets, such as

LIST, THALBERG, And others, who have them constantly in their own use, but also from our resident Professors. The following is on extract from a letter of PROFESSOR HENRY ROHBOCK. PROFESSOR HENRY ROHBOCK.

After describing the particular style, two of which his wants for his own use—one Grand and one Equaro—he speaks as follows of their excellent qualities:

"My little daughter, who plays very well, must, with myself, have a good instrument, and yours are the only ones which can satisfy me.

"Instruments are offered me on the most accommodating terms. I, however, do not like them; they have not the elastic touch and the tone of yours.
