DR. LARZETTI'S JUNO CORDIAL, or Frocreative Barrenness, Fluor Albus, and all diseases arising from debilitation of the system, where an impulse or a restorative is required. It is an excellent remedy for general weakness and deblity, and especially for females, and acts in the most perfect harmony with the laws of nature, in restoring tone, strongth and activity to every part of the system.

Females using this medicine, in the course of three or four weeks, will find a great change in the countenance and general health; the cheeks will finally become as flush and rosy as if they never saw a lick day in all their lives. Reference can be given to persons who have used this Cordial, and who speak in the highest terms of praise of its astonishing effects. Sold by apl2 S. L.
