Mestra. B. A. Fubnestock & Co.—

Gentlemen: Having sold your valuable Vermifuge for some time, and having seen it used for many years, we would recommend it to all as a safe and officient remedy for all cases of worms. In no instance have we sere seen any evil results following its administration, but always has it answered the purposes for which it was intended, and been entirely satisfactory.

Bolieving that everything that has been set forth in regard to its virtues is strictly in accordance with our observations, not only as practitioners, but as men of business, we would unbesitatingly say to all who read this, that it is the best Vermifuge now in use, and that its virtues are best known when tried.
