Cash Surplus, on 1st January, 1855......\$273,273 THIS Capital Stock and Surplus is securely invested for the benefit of all policy holders. As an evilence of the claims we have to public confidence, and of its ability to pay losses promptly, we state a fact, that its receipt scary from \$125,000 to \$150,000 per month. Its business is large and well distributed, and in our opinion no Company in the United States affords better indemnity to policy holders than the Ætna. They continue to make insurance on property in town and country, at rates as low as is consistent with safety to the policy holder.
