THE CITY POST. TUESDAY MORNING AN EARNEST COMPLAINT .- The following comint, entered in the Mayor's Book yesterday, s of too earnest a character to escape the attention of the officer to whom it is directed:
"To the Street Commissioner of — District Is it possible that you are a man of flesh and blood; is it possible that you have eyes to see that intolerable and long suffered nuisance on Fifth street, near Smithfield, in the shape of huge piles of dirt and rubbish. Or is it possible weather, flies, and our idea of progression, won't SEVERAL CITIZENS OF FIFTH STREET." rotype taken from a fine painting on copper, of the Madonna, by Murilla, which was purchased Scotch Pig Iron, 58s. in Berlin a short time since by young Mr. Hirshfield, of Wood street. Or is it possible you have ears, and have not heard the loud and deep complaints, made daily, for the last year, about that same nuisance? Is there seess and reason in you, Mr. Commissioner, that you tolerate this? If you are afraid to act, say so. We have, like patience, sat on a monument smiling at grief, and waited to see if this load of stuff wouldn't of its own accord (to mortify you) walk off, but we can stand it no longer. Loss of Lumber.—On Sunday afternoon, a large raft containing 200,000 feet of boards, belonging to a Mr. Hook, of Warren, Pa., was jammed so hard against several log rafts lying at the head of Herr's Island, that the fastenings connecting it together were broken loose, and the lumber thrown upon the water. About \$2000 worth floated off. We also hear that several other rafts were destroyed on Saturday and Sunday. Two or three are lodged on the piers of the different bridges, from whence they cannot be taken until the river falls. The loss of lumber this spring on the Allegheny appears to have been immense.

A Gen of Art.—We noticed yesterday in the Daguerrian rooms of Mr. Heugh, foruserly Hough and Authony, on Fourth street, a daguerrotype taken from a fine painting on copper, of the Madonna, by Murilla, which was purchased in Berlin a short time since by young Mr. Hirgh-TELEGRAPH MARKETS field, of Wood street. We understand a few copies of the daguerrotype may be purchased at Mr. Hough's rooms. The picture is a closs copy of one of the master pieces of art in the old world, whilst the daguerrotypes are really very beautiful.

VICLATION OF THE SUNDAY LABOR LAW—A summors was issued yesterday, by Alderman Donaldson, for the appearance of the captain of the steamer Keystone, who is charged with a violation of the Sunday laws, in unloading freight on the Sabbath. We did not hear the merits of the case, as no examination was held, but presume there was the most urgent necessity to unload the boat, as otherwise the captain would not have allowed (if he did) his hands to work on Sunday. to unload the boat, as otherwise the captain would not have allowed (if he did) his hands to work on Sunday.
