DAILY MORNING POST. FRIDAY MORNING.....APRIL 27. WHERE IS BARNUM?—Such was the question.

The initially asked ourselves when we were
shown a monstrosity which would have made the eyes of the illustrious "prince of humbugs" "start, like stars, from their speres." Talk of pig-faced ladies, wooly horses and two headed turtles, they are mere common alities to the lusus nature which met our gaze yesterday, and so maturæ waten met our gaze yesterday, and so impressed itself upon our imag nation that we have serious fears it will trouble us in our vivisions. Mr. A. Fields. oyster dealer. No. 234. Western row, has in his possession a bona fide pig, having the distinct features of a human be-ing, with the exception of the nose, which, measuring some three or four inches in length, bears an exact resemblance to an elephant's snout. Mr. Fields accounts for this singular freak of nature from the fact that, some short time prior to its birth, while its respectable mamma was burying her snout within one of those piles of garbage which are to abundant on Western-row and its vicinity, she was startled by the apparition of Bolivar, the elephant be longing to Robinson & Eldred, who, with his keeper mounted upon his back, was taking an airing. First, the snout of the monster, ar then the face of the man met her astonished gaze, which fully, as the itinerant showman used to observe, accounts "for the milk in the cocoanut."—Cin. Enquirer. HAGAN & AHL'S, Barting—A Certain Remedy in all cases of Impotency, Barteness, Fluor Albus, and all diseases arising from debilitation of the system, where an impulse or a restorative is required. It is an excellent remedy for general weakness and debility, and especially for females, and acts in the most perfect harmony with the laws of nature, in restoring tone, strength and activity to every part of the system.

Females using this medicine, in the course of three or four weeks, will find a great change in the countenance and general health; the cheeks will finally become as flush and rosy as if they never saw a sick day in all their lives. Reference can be given to persons who have used this Cordial, and who speak in the highest terms of praise of its astonishing effects. Sold by ap12

All who have tried it, pronounce ta most valuable for vention, that must soon come into g neral use. The following letters from practical workmen are but two among many letters the Patentee has reactived recon mending this Plane above all others in use:

PITTEBURGH STEAM CABINET FACTORY, ) We hereby certify, that during the last twelve months we have used Hopper's Pat nt Plane, and do not hesitate to recommend it to Cabinet-Makers and Carp niers as superior to any other Plane in use. We consider it peculiarly adapted to planing oak, cherry, wainut, and all sorts of hard wood, and for planing reners, it s far superior to the old mod- of scraping, besides being a great saving of time. One man, by using this Plane, will plane more veneers than five men can do by any other plane or method in use. weneers than five men can do by any other plane or method in use.

II. H. RYAN & Co.

To Mosts F. EATON, Esq.:

Dear Sir—I have examined Hopper's Patent Rench Plane, and believe it to be a most excellent article for the use for which it is intended, as a combination of plane and scraver.

It is particularly adapted to planing veneers, and it does It is particularly adapted to planing veneers, and it does not require one-fourth the time or labor of the old method; and I have no doubt, when its properties become generally known, but that it will entirely upersede the former tedious and laborious custum.

I most cheerfully recommend it to all persons engaged in the Cabinet business, as from my knowledge of it, there is nothing as well fitted to give a smooth and beautiful fluish to veneers as the Hopper Patent Bench Plane.
