MILLER & RIOKSTSON se for which it is intended, as a combination of plane and scrater.

It is particularly adapted to planing veneers, and it does not require one-fourth the time or labor of the old method; and I have no doubt, when its properties become generally known, but that it will entirely uperseds the former tedious and laborlous custem.

I most cheerfully recommend it to all persons engaged in the Cabinet business, as from my knowledge of it, there is nothing as well titted to give a smooth and beautiful finish to veneers as the Hopper Patent Bench Plane.
