JUDGE LORING'S CASE .-- THE GOV-

The independence of the Judiciary in this independence of the Judiciary in this country is a matter of the umost importance to the rights and liberties of the citizens. Every judge should be free to construe the laws according to his honest judgment, and without being made accountable to the popular impulses of the moment. If any law becomes obnexious to public sentiment, let that public sentiment act upon the legislative bodies, and secure a repeal or amendment of the law. But to visit upon the digital to the popular impulses of a sense of profound pain and sent of the law. But to visit upon the digital to the popular impulses of the moment of the law. But to visit upon the fluctuating nature of public sentiment, and humiliation to think any women will counted and the posted upon the fluctuating nature of public sentiment, and the ups and downs of political parties. Judges, in the tase moult have an addowns of political parties. Judges, in the tase moult have a mount of the law and would remove the ups and downs of political parties. Judges, in the tase moult have a mount of the law and the post of the public in connection with the proposed. No true woman can or will do not proved the ups and downs of political parties. With every change of administration all the judges would be liable to removal, and their places supplied by those whose political opinions coincided with those of the dominant party for the time. The independence of the judiciary would be thus utterly destroyed, and none fit for the bench would accept such responsible offices, to be held by such a precarious.

There is something in this screens in the spirit of womanhood. There is something in this screens and federal offices, stock name are in the spirit of womanhood. There is something in this screens and federal offices, stock name are in the reservoirs, machinery, locome less."

It strikes us that there is some truth in that extract. Mr. Brocha, of the house of Brocha, so the house of Brocha, of the house of Brocha, so the house of Brocha, so the house of Brocha last year made \$22,000 What became of it? Ten thousand dollars of the same were spent by Mrs. Brocha for new furniture, "to spite the Maxwells," white a large portion of the balance was expended on "Blanche and protects the chaste matron, where she and protects the chaste matron of house of Brocha, continuently for Paralyleania, and all the reservoices, matricus, antitious differs, trucks, stations, cities and stations, coll beas."

It strikes us that there is some truth in that there is som sible offices, to be held by such a precarious rendered up to one claiming and proving ownership. For this the dominant party in the Legislature demands his removal. The very next year, perhaps, another party will be in the ascendard and minks and minks are condant, and minks are not as a function of the party will be in the ascendard and minks are not minks.

NEW AND VERY WONDERFUL HYGEANA BROUGHT HOME TO THE DOOR OF THE MILLION. A WONDERFUL DISCOVERY has recently been made by Dr. Curtis, of t is city, in the treatment of Consumption, Asihma, and all diseases of the Lungs. We refer to "Dr. Cuariy's Hygram, on Imparize Hygram Varca and Curry's Hygram, on Imparize Hygram Varca and Curry Stupy. With this new method, Dr. C. his restored many afficied ones to health, as an evidence of which he has innumerable certificates. Speaking of the treatments physician remarks, "It is evident that inhaling—constantly breathing an agreeable, healing vapor—the medicinal properties must come in direct contact with the whole wrial cavities of the lungs, and thus escape the many and varied changes produced upon them when laterative

and varied changes produced upon them when introduced into the stomach, and subject to the process of digestion." The Hygenna is for sale at all the Bruggists throughout the country —New York Dutchman of January 14.

The Inhaler is worn on the breast, under the lines, without the least inconvenience—the heat of the body being sufficient to evaporate the final. Hundreds of cases of cures, like the following, might be named:

One package of the Hygenna has cared me of the Asthma of six years standing.

J. F. Keesdus,

P. M. of Duncannon, Pa.

I am cured of the Asthma of ten years' standing by Dr. Outtis's Hygenna.

Mancaer Easton, Brocklyn, N. Y.

Mrs. Paul, of No. 5 Hammond street, N. Y., was cured of a severe case of Bronchitis by the Hygeans.

My sister has been cured of a distressing cough of several years' standing, and decided to be incurable by the physicians. She was cured in one month, by the Hygeans.

J. H. GAURER, Richmond, Me.

The Bev. Dr. Cheever, of New York, Nov. 15, 1854.

Dam Sis—I think highly of Dr. Curtis's Hygeans as a remely in disease of the throat and lungs. Having had some opportunity to testify its efficacy, I am convinced that it is a most excellent medicine, both the Syrup and the inhabiting application to the chest.
