A WONDERFILL DISCOVERY has recently been made by Dr. Guftle, of this city, in the treatment of Consumption, Asihma, and all diseases of the Lungar We refer to "Dn. Curit's Hydrans, on Inhalmo Higher Varon and Chenny Strue." With this new method, Dr. C. has restored many afflicted ones to health, as an evidence of which he has innumerable certificates. Speaking of the treatment a physician remarks, "It is ordent that inhaling—constantly breathing an agreeable, healing vapor—the medicinal properties must come in direct contact with the whole wrial cavities of the lungs, and thus escape the many and varied changes produced upon them when introduced into the stometh, and subject to the process of digestion." The Hygenia is for sale at all the Druggists infroughout the country—Now Tork Duchman of January 14.

The Inhaler is worn on the breast, under the linen, without the least inconvenience—the heat of the body being sufficient to evaporate the fluid. Hundreds of cases of curea, like the following, might be named:

THERE has long existed a publicemand for an effective purgative pill which could be relied on as sure and perfectly afe in its operation. This has been prepared to meet that demand, and an extensive that of its virtue, has been prepared to meet that demand, and an extensive that of its virtue, has conclusively shown with what success it accomplishes the puppes designed. It is easy to make a physical pull, but not easy to make been attempted here, and with what success we would respectfully submit to the public decision. It has been un fortunate for the patient hitherto that almost every purgative medicine is acrimonious and irritating to the bowels. This is not. Many of them produce so much griping pain and revulsion in the system as to more than counterbalance the good to be derived from them. These pile produce no irritation or pain, unless it arise from a previously existing obstruction or derangement in the bowels. Being purely vegetable, no harm can arise from their use in any quantity, but it is better that any medicine should be taken judiciously. Minute directions for their use in the several diseases to which they are applicable are given on the box. Among the complaints which have been speedily cured by them, we may mention Liver Complaint, in its various forms of Jaundice, Indigestion, Languor, and Loss of Appetite Listlessness, Irritability, Billots Headache, Billous Fever, Fever and Ague, Pain in the Bide and Iolns; for, in truth, all these are but the consequence of diseased action in the liver. As an aperient, they afford prompt and sure relief in Cestiveness, Files, Colle, Dysentery, Humors, Scrofula and Scryv, Oolds with soreness of the body, Ulcers and impurity of the blood, in abort, any and every case where a purgative is required.

They have also produced some singularly successful cures in Rheumatism, dont. Propay Carel, Expipelas, Palpitation of the Heart, Pains in the Back, Stomach and Side. They should be freely taken in the spring of the year Cash Capital...\$500.000 ap18] No. 8 Wood st., between Water and First sts.

BEYMER & ANDERSON, 39 Wood st. PITTSBURGE STRAM CABINET FACTORY,

We hereby certify, that during the last twelve months
we have used Hopper's Patrnt Plane, and do not hesitate
to recommend it to Cabinet-Makers and Carp-netes as superior to any other Plane in use. We consider it peculiarly
adapted to planing oak, cherry, walnut, and all sorts of
hard wood, and for planing vene rs, it is far superior to
the old meds of scraping, besides being a great saving of
time. One man, by using this Plane, will plane more
veners than five men can do by any other plane or method
in use.

Dear Sir—I have examined Hopper's Patent Bench
Plane, and believe it to be a most excellent article for the
use for which it is intended, as a combination of plane and
sorager.

It is particularly adapted to planing veneers, and it does
not require one-fourth the time or labor of the old method; A. A. Carrier, Secretary and Treasurer. R. S. Carrier, Assistant Secretary. EDMOND WATTS.
