OF THE AGE.

23 Dz. KENNEDY, of Roxbury, has discovered in one EVERY KIND OF HUMOR From the worst Scrollula down to a common pimple He has tried it in over 1100 cases, and nover failed except n two cases, (both thunder humor). He has now in his possession over two hundred cardificates of its virtue, all within twenty miles of Boston. Two bottles are warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of Pimples on the face. Two to three bottles will clear the system of Biles. Two bottles are warranted to cure the worst Canker i Three to five bottles are warranted to cure the worst c One to two bottles are warranted to cure all Humor Two bottles are warranted to cure Rupping of the Ea nd Blotches among the Hair,

Four to six bottles are warranted to cure Corrunt an One bottle will cure Scaly Eruption of the Skin." Two to three bottles are warranted to cure the worst ca Two to three bottles are warranted to care the most de Three to four bottles are warranted to cure the Sa Five to eight bottles will cure the worst case of Scrofols A benefit is always experienced from the first bottle, and perfect cure is warranted when the above quantity is

her's Keeper; by A. B. Warner, author Beader, I peddled over a thousand bottles of this in the Meader, I paddied over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case. So sure as water will extinguish fire, so sure will this cire humor. I never sold a bottle of it but that sold another; after a trial, it slaways spatis for itself. There are two things about this herb that appear to me surprising: first, that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discerared it in 1848—second, that it should cure all kinds of humor. J. S. DAVISON, In order to give some idea of the sudden rise and great popularity of the discovery, I will state that in April, 1883, I pedded it and sold about six bottles per day—in April, 1884, I sold over one thousand bottles per day—in April, 1884, I sold over one thousand bottles per day of it.

Some of the wholesale druggists, who have been in business twenty and thirty years, say that nothing in the annual of patent medicines was ever like it. There is a universal ness twenty and thirty years, say that nothing in the annal of patent medicines was ever like it. There is a universa praise of it from all quarters.

In my own practice I always kept it strictly for humors but since its introduction as a general family medicine.
