Losses unadjusted and in suspense, walting for further my20:y) E. RILEY, Proprietor. ern Citles.

The 2:30 P. M. Train will connect at Columbus with the second Train from Cincinnati; at Newark with Sandusky. Manshide, and Newark Railread; and at Wheeling with Night Train on Baltimore and Ohio Railroad. Parsengers leaving Louisville and points below Uncinnett, and taking the 9 A. M. Train on: Liptle Minmi Bailroad, will connect with this Train at Columbus. Passengers leaving Indianapolissan Richmond by morring Train on 'Indiana Central Railroad will atto connect with this Train at Columbus, and reach-Wheeling at 9:15 P. M., and leave by 10:39 P. M. Train on Baltimore and Ohio Railroad, arriving in Baltimore at 5 P. M., next day.

The 10:30 P. M. Train connects at Columbus with the Mail Train which leaves Ciacinnati at 5 P. M., and arrives at Bellist at 5:15 A. M. connecting with the Accommodation Train on the Baltimore and Ohio Railroad. Passengers leaving Ohicago by the Erening Trains can, by this route, via Michigan City, Lafayette, Indianapolis and Dayton, reach Columbus in season to take this train: and at Wheeling will take the Accommodation Train for Cumberland, sleep there, and returns by kixing Train to Baltimore and Eastern Cities. Losses unadjusted and in suspense, welting for further proof, \$61,257 50.

All other claims against the Company are small, such only as printing, &c.

Agents instructed to take no risk over \$10,000.

The amount insured in any city, town or village, depends upon the character, material and construction of buildings, the width of streets, the supply of water and condition of the fire department, and other circumstances.

The amount insured in blocks of buildings varies; the design is to limit the loss by any one fire to \$10,000, or less.

HENRY H. COLLINS. DUTTER-3 bbis fresh roll this day received by my23 HENRY H. COLLINS. BROUGHT HOME TO The E DOOR OF THE M. LLION

A WONDERFUL DISCOVERY has recently been made by Dr. Curtis, of tels city, in the treatment of Consumption, Asthma, and all diseases of the Lungs. We refer to "Br. Curris"s Hyozana, on Inhalized Hydran Varon AND Chrina Strue." With this new method, Dr. C. has restored many afflicted ones to health, as an evidence of which he has innumerable certificates. Speaking of the treatments aphysician remarks, "It is evident that Inhaling-constantly breathing an agreeable, healing vipor—the medicinal properties mus, come in direct contact with the whole ential cavities of the lungs, and thus secape the many and varied changes produced upon them whon introduced into the stomach, and subject to the process of digestion." The Hygenna is for sale at all the Dengiets throughout the country—New Fork Dudoman of January 14.

The Inhaler is worn on the breast, under the linen, without the least inconvenience—the heat of the body being sufficient to evaporate the fluid. Hundreda of cases of cures, like the following, might be named:

One paskage of the Hygenna has cared me of the Asthma of six years standing. J. F. Kersman,

J. F. Kersman,

I am cured of the Asthma of ten years' standing by Dr. Curtis's Hygenna. Mangary Easton, Brocklyn, N. Y. Mrs. Paul, of No. 5 Hammond street, N. Y., was cured of a syetce case of Brouchitis by the Hygenna.

My sister has been cured of a distressing count of several years' standing, and decided to be incurable by the physicians. She was cured in one month, by the flygeban.

The Rev. Dr. Cheever, of New York, testifies of our medicine in the following language:

New York, Nov. 18, 1854.

Dran Sim—I think highly of Dr. Curtis's Hygenna has a remedy in diseases of the throat and lungs. Having had some opportunity to testify its efficacy, I am 'convinced that it is a most excellent medicine, both the Symp and the inhalting application to the chest.

N. B.—Dr. Curtis's Hygenna is the Ortion National Collection. HERRY H. COLLINS.

The Picactical Metal Worker's Assistant—
Containing the arts of working all the metals and altors, forging of iron and seel, hardening and tempering, meiting and mining, casting and founding, works in shear metal, the processes dependent on the durfillity of the metals, soldering, and the most improved processes and tools employed by metal workers, with the application of the art electromedillurgy to manufacturing processes: collected from original sources, and from the works of Holizapifel, Bergeron, Leupold, Plumier, Napier, and others. The original matter is purely American. The whole is arranged, with numerous engravings on wood, to suit the American metal worker—by Oliyer Byrne, Givl, Millitary, and Mechanical Engineer.

N. B.—We desire our patrons to understand that we have
no longer any connection with the Citching Business on
Liberty street. Our attention is devoted exclusively to the
House above designated.

JOHN MICLOSKEY & CO. Piraburgu Bright Camber Factors,
February 22, 1855.

We hereby certify, that during the least twelve months we have used Hopper's Patent Piane, and do not hesitate to recommend it to Cabinet-Makers and Cap-nters as superior to any other Plane in use. We consider it peculiarly adapted to planing cak, cherry, walnut, and all sorts of hard wood, and for planing renews, it is far superior to the old mode of scraping, besides being a great saving of time. One man, by using this Plane, will plane more veneers than five mon can do by any other plane or method in use.

To Moses F. Earon, Esq.:

Dear Bir — I have examined Hopper's Patent Bench Plane, and believe it to be a most excellent article for the use for which it is intended, as a combination of plane and sorager.

It is particularly adapted to planing veneers, and it does not require one fourth the time or labor of the old method; and I have no doubt, when its properties become generally known, but timt it will entirely supersed the former tediors and laborious custom.

I most cheerfully recommend it to all persons engaged in the Cabinet business, as from my knowledge of it, there is nothing as well fluid to give a smooth and beautiful finish to venever as the Hopper Patent Bench Plane.
