coal in the field and the price at which it is so'd,

loss, and is admirably adapted to bear transporsation. Like all the cannel coals, it does not by Congress for closing the land business in the soil the fingers on handling, and from its clean liness and ready ignition, is admirably adapted For the production of gas for to domestic use.

illumination it is likewise of great value. There is no doubt that, whenever this coa shall be supplied to the markets, a large demand will ensue, and that it will come into general use wherever it can be supplied at a price not too much above that of other coals. At the pre sent time there is no similar coal furnished in the Cleveland market, where there will necessarily be a large demand, both for domestic us bats. So far as expense is coucerned, it can be mined and transported to Cleveland for less cost than the principal bitu-

AN EDITOR'S EXPERIENCE IN PRISON .- Hominous coals brought there at the present time, race Greeley, of the New York Tribune, was arwhich are now selling at \$8,50 per ton by the rested at Puris, on the claim of a French artist

We have seen this coal tried in a dwelling house in common grates, for cooking and other G. served the best part of two days in prison, purposes, and consider it preferable to the coal and gives a very amusing account of his dotenin common use in several respects. Its cleanli- tion. He says, "I always hated and condemn. nees is a decided recommendation. It does not above all, for suspicion of debt-but I nover so soil the fingers in handling, and does not throw well knew why I hated it as now. I think I have easily kindled, and is very easily managed so as to keep fire over night. For cooking purposes it be useful to those who are about to visit Paris.

desired. There is no dauger of its uriving other coal out of use; but at the same time there is no doubt that this cannel coal will find a ready market as fast as it can be supplied from the fines. Such is one of the sources of wealth in Beaver county. Taking the estimated amount of the
