DON'T BELLEVE IT, unless you can satisfy yourself that the statements made concerning the properties of C. Heinsteel's Rimitable Hair Objoring Fluid can be fully substantisted by facts. A trial will in every case satisfy those who use it, that it restores grey hair to its natural color, with all the strength and healthy growth of youth. It does not not as a dye, but upon the small versels at the roots of the hair, and thus stimulates the natural color ing matter, giving tone and strength to its growth. In every case it restores the natural color of the hair, where age or sickness has turned it gray. Price, to cents per bottle. Sold by S. L. CUTHBERT, jy11
