THE CITY POST. TUESDAY MORNING ..... ...JULY 17 GREAT CRY AND HO WOOL-ANOTHER "NIGGER" IN THE WOOD-PILE. The Select Committee of the Underground Railroad, appear to be, or at least think they are, a smart set of fellows; but they have outwitted themselves so often here lately, by their precipitation in the hunt after fugitive slaves and "kidnappers," that it is about time they began to profit by the old saw-of "look before you leap." It is only a few of "look before you tesp. It is only a few weeks since they caused a number of manumit-ted negroes in charge of Capt. M'Henry, to be carried off, thus relieving that gentleman of the further trouble of taking care of them, and further trouble of taking care of them, and obliging him exceedingly; and now they have again been perpetrating a trick equally as silly, but far more annoying to the person concerned, the particulars of which are as follows:

• On Saturday morning a gentleman arrived in this city, and took lodgings at the Monongabela House. Soon after his arrival he stepped down to the clerk's office, and enquired for the U. S. Marshal, Commissioner, &c., to whose offices he islahed to be shown. Several of the "affiliated" soon heard of this circumstance, conceived at once there was a "nigger in the wood-pile," and quickly sent word to their brethren in all parts of the town, that there was a negro catcher in our midst. The excitement among the olored population rose high, and some of their preschers even went so far as to announce they should conceal themselves.

In the meantime the gouldman started out on the hunt of the parsons he desired to see, and the follows the change of the means and the follows the change of the follows are found the means of the follows the change of the follows the change of the follows are found the follows the change of the follows are found the follows the change of the follows are found the follows the change of the follows are follows the change of the follows are follows the change of the was shown to the residence of the clerk of the U. S. Court by Dr. M'Cook, Jr., where he stopped afew minutes, and then went to his Hotel again. Here, shortly after, he was waited upon by a committee of "philanthropists," who domanded to know his intentions, and went away with a very big fiea in each of their ears, after hearing the following statement:

The gentleman gave his name as H. B. Northup, of Sandy Hill, Washington county, New York, and stated that so far from being a slave catcher, he was the individual who rescued the slave Solomon Northup from Louislana, some years ago; his object in wishing to see the U. B. Clerk was to transact some private business previous to his departure that night for Philadelphia, which, owing to the absence of Mr. Before this story became generally known were should at the state of the Sunday Trading Bill. Yesterday morning Mr. Worthup, while in the Custom House, was waited upon again by two committees of white and colored persons, to whom he had to relate the same story before he was relieved of their presence.

These repeated explanations at last satisfied all parties, and the gentleman was allowed to conclude his business in peace.

The Andrino Cass.—A further examination was had yesterday afternoon, before Alderman McKenna, of Madame Le Pughe and Edward Hays, charged with procuring an abortion on the person of Miss Harrlet Jones. Mr. Thomas M. Marehall appeared as counsel for the defendants, and Mr. Roberts, the Prosecuting Attorney, represented the Commonwealth. The only witnesses examined were Dr. C. M.
