MORNING POST OFFICE.

We would call the attention of our readers to the fact that we have just received from Philadelphia a number of fine and new books, and also a large quantity of stationery, and other articles, which we are selling at very low prices.

Democratic County Committee of Correspondence.

The Democratic County Committee of Correspondence, organized at the St. Charles Hotel, on Saturday, July 21st, after a short address by Thomas Farley, Esq., and others, in favor of referring the nomination of State and County officers to the County Convention, the following resolutions were adopted:

Resolved, That the Democrats of the several wards, boroughs and townships of Allegheny county, be requested to meet at the usual place on Saturday, the 18th of August, and elect two delegates from each ward, borough and township to the County Convention on the following Wednesday, at the Court House, at 11 o'clock, A. M., and to take such action regarding a ticket for State and County officers for the coming fall election as the Convention may determine.

The Dispatch and the Journal.

The Dispatch's effort to fix upon the charge of inconsistency is warmly seconded by the Dispatch. The Dispatch began an article yesterday with the following remarks:

Now, that is about half complimentary and half libellous.

It gives us credit for some humanity, and at the same time charges us with want of sincerity in our remarks. We state nothing but what we believe on any subject; and would certainly say nothing in favor of slavery or the fugitive law that we did not feel bound to state to the constitution and the law.

Spies at City Hall.

Our readers will remember by reference to our advertising column, that Professor Spencer delivered an introductory Free Lecture this evening at City Hall. This gentleman will be remembered by our readers as having been a very successful and popular lecturer on the subject of Spiritualism, or, as he is called, the science of the spirits.

Barren's Elephant.

Barren's Elephant, having made some inquiries respecting the diet of the elephant, has been found to be a very interesting subject. It is found that the elephant is a very voracious animal, and that it is not particularly fond of any one kind of food.

THE HONORS OF WAR.

The Honors of War.—The following paragraph from the Russian General's description of the capture of the city of Baku, on the 23rd of September, 1848, is a very interesting one.

THE NATIONAL KNOW-NOTHING CONVENT.

The National Know-Nothing Convention, held at the Southern Hotel, on Saturday, July 21st, was a very successful one. It was attended by a large number of delegates from all parts of the State.

Lord Bagin lost his right arm at the battle of Waterloo.

Lord Bagin lost his right arm at the battle of Waterloo. He was a very brave and gallant officer, and his loss was a great one. He was killed on the 18th of June, 1815.

The Fate of Europe.

Mr. Francis Grund, now on a visit to the land of his birth, writes home on the state of Europe, as follows:

STRAZBURG, France, July 4.

If one wishes to know the real sentiment of the French people in regard to the war, one must go to the front. I have just returned from a visit to the front, and I can tell you that the French people are not at all as you suppose them to be.
