THE CITY POST.

MONDAY MORNING:::::::::::::::AUGUST 18.

A VERY COSTLY PIANO was shown to us the other day, at the ware-rooms of Mr. Kleber & Bro., which they had just sold to our townsman, John Parker, Esq. It is a fine specimen of American skill, from the factory of Nunns & Clark, New York, and, from its peculiar design and construction, called the "Serpentine Piano." This is unquestionably the richest style of horizontal Piano which is made,—exceedingly massive and solid, and yet, owing to its graceful lines and curves, presenting a very light and airy appearance. Both sides are finished alike and in the most perfect manner imaginable. It possesses, we observe, all the late improvements of the above makers, viz: the bass strings running on a separate bridge over and above the others, the hammers, (which produce the tone) are covered with felt cloth instead of leather, the French grand action, etc. The tone of the instrument is round and powerful, like that of an organ, and yet of flute-like sweetness. Take it all in all it is about the most perfect musical instrument we have ever seen.

THE Directors of the Pennsylvania Central Road are waking up to the importance of having the proper agents throughout the west. We notice with pleasure the appointment of our friend Daniel W. Boss as agent for this route for the west. He has been stationed heretofore in Chicago, in a somewhat different position from the present. He is entirely competent and trustworthy, and should have liberal power in the selection of sub-agents in the various cities where the New York routes and runners interfere so materially with the interest of Pennsylvania. Full grown men and not boys, as are usually entrusted with the business of scattering bills and giving information. We congratulate Mr. Boss upon his position, condition and good looks.

NOT QUITE THAT BAD.—The St. Louis *Herald* of last Sunday, states the deaths in this city for one week to have been one hundred and thirty-one. We felt quite alarmed at reading this statement of the mortality in the city until on referring to the Board of Health reports, we found our contemporary had made a mistake of nearly a hundred. The deaths for the week specified by the *Herald* only amounted to *thirty-five*, instead of the number stated by that paper. At no time since the ravages of the cholera last summer, has the mortuary record shown a list of one hundred deaths per week.

RECEIPTS ON PENNSYLVANIA RAILROAD.—The receipts of the Pennsylvania Railroad for the month of July show a large increase—nearly 50 per cent—over the corresponding month last year. Annexed are the comparative figures:

Receipts for the month ending July 31	$207,516 24
Same month last year	209,259 87
Increase	$98,216 47
Receipts from Jan. 1, 1855, to Aug. 1, 1855	$2,167,978 71
Same period last year	2,125,348 57
Increase	$42,630 14

JOHN TIERNAN,—the famous huckster—was before the Mayor on Saturday, charged with obstructing the pavement in front of the market house. He was fined two dollars and costs. John contends he has a perfect right to retail his goods in the place selected, and he afterwards brought suit in the District Court against Allen Cordell, Superintendent of the Market House, and Marshal M'Combs, market constable, for assault and battery and false imprisonment, for removing and arresting him. The defendants were held in $500 bail to answer.

ALLEGHENY COLLEGE.—The Fall term of the Allegheny College at Meadville, will commence on Monday, the 20th instant, when the Biblical Department will be opened under the professorship of Rev. WM. HUNTER. The New Theological Institution will be opened on the second Monday of September next, at which time the academical year commences. The library belonging to this institution contains upwards of 5000 volumes.

ALMOST AN ACCIDENT.—On Friday night, as the Express train on the Pennsylvania Railroad was leaving the depot on Liberty street, a horse attached to a buggy became frightened at the puffing of the engine, and started off towards the canal, into which, horse and vehicle were both precipitated. The water, fortunately, not being very deep, the animal was taken out before he was drowned. The buggy was considerably injured by the water.

ATTEMPTED BURGLARY.—The *Times* states a bold attempt was made to committed a robbery on Friday afternoon in Pitt township, near the city line. A well dressed man, who wore a white hat, stepped into a house and demanded of the woman, who was alone, her money. She declared she had none, whereupon he struck her a stunning blow and made off. He was pursued for some distance, but finally made his escape.

HOW TO AVOID THE MUSQUITO NUISANCE.—An individual out west who had been subject to attacks from musquitos, happily hit on a plan to avoid the nuisance. He says he gives them the *delirium tremens* by filling his skin full of good old rye and, stretching himself naked on the bed. They never live a second attack. *Verbum sat.*

PITTSBURGH AND CONNELLSVILLE RAILROAD.—The grading of the West Newton and Turtle Creek division of this road is progressing rapidly. Almost four consecutive miles west of West Newton are graded, and will be ready for track laying by the time the structure is erected over Sewickley creek.

DEATH FROM CHOLERA.—Mr. John Boyd, an old and respectable citizen of the Fifth Ward, died on Saturday, with cholera. He had been sick some time previous, with bilious diarrhea, and on Saturday he was seized with the cholera, which soon terminated his life.

THE owners of the steamboat Aquilla, which run to M'Kee's rocks on Thursday last, on a pic nic excursion, gave ten dollars to St. James' Church, Temperanceville, for which object the excursion was gotten up.

THE WEATHER.—At twelve o'clock Saturday the thermometer stood at 77½ Fah.; 20½° Reamin, in the shade, at Shaw's Optician Store, 26 Fifth street.

MILITARY ENCAMPMENT.—We understand the Jackson Blues have it in contemplation to attend the military encampment at New Castle on the 11th of September next.

THE DISTRICT COURT was in session on Saturday morning. A large number of deeds was acknowledged, and other business of no great importance to the public transacted.

FOR THE RAPID CURE OF COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, ASTHMA, CONSUMPTION, &c.

WE invite the attention of the public to the certificates appended below, and to depreciate them is but a bad old consideration which their honest truthfulness forever damns.

Men in such stations as many who voluntarily bear witness to the efficacy of DR. SANFORD'S LIVER INVIGORATOR not wantonly trifle with, or distort the truth, nor overstate their convictions.

Judge then, whether this is not the medicine for you? whether you must have relief for the throat or lungs; Judge too, whether every family ought to have it in the house, as a safeguard against the everywhere prevailing enemy, which steals with such frequency upon almost every flesh, and carries off a harsh Tribute to the tomb.

Jackson, C. H., Jackson city, O., 20th Nov., 1852.
DR. J. C. AYER: SIR—Sanford's Liver Invigorator is much in quired after. Several of our best Physicians have used it, three of them in their own cases, and always with the happiest effects. The numerous patent medicines we have before them, lead to incredulity in regard to every new remedy, and it is only after considerable evidence of value in any article, that anything like a general confidence is felt in it.

The unrivalled excellence of this combination of agents, in the Cherry Pectoral, proved itself so well by repeated trial under their own observation, has compelled medical men to proclaim abroad its usefulness. It is beyond all doubt the best general remedy we have for Coughs, Colds, Affections of this climate, at the same time sedative and expectorant—a rare combination of properties.

Montgomery, Ala., October 4, 1849.
DR. J. C. AYER: SIR—I have used your admirable compound extensively in my practice, and find it to answer, so far, any other remedy we have for curing diseases upon the lungs.
Your obedient servant,
B. B. JONES, M. D.

What yet remains to convince the most incredulous that this Cherry Pectoral is all that it purports to be, but an unequalled remedial agent for all diseases of the Throat and Lungs. The experience of years has proven it to be such, and we submit it to the people, believing that its virtues will fully maintain its reputation.

Prepared by J. C. AYER, Chemist, Lowell, Mass. Beware of worthless preparations, attempting to trade upon us under a similarity of name.

Sold in Pittsburgh by all Druggists, and by B. A. FAHNESTOCK & CO., wholesale and retail. je6cdnaw
