It was hoped that by fixing the time for the next morning, means might be found to get the prisoner safely away by night, but it was soon learned that every movement of the authorities was closely watch-

Mr. J. A. Rhodes—Dear Eir: The box of medicine you sent me was duly received on the 11th of April. I have sold about one-half of it, and so far the people who have used it are satisfied that it has cured them. It has certainly stopped the Agus in overy one who has used it, and six of the cases were of long standing. My sister, who has had it for five or six years back, and could never get it stopped, except by Quinine, and that only se long as the would take it, is now, I think, entirely cured by your remedy.
