The Commercial department of this institution has had the unremitting attention of the Principal for the last fifteen years. Upwards of 3000 students have been prepared by him for business. His "young men" assistants have all been trained for business by himself, and are experienced Teacherts and practical Accountants; being frequently employed by business men in adjusting deranged books. There are no teachers in this institution who were in this city dismissed from their situations as book-keepers; none who made twenty blunders on a single page of a bill-book. Our writing teacher (Mr. Williams) has had comething more than a few lessons from a Philadelphia teacher to prepare him for his business. No runners are employed by this institution. When our citizens are importuned by those of another, they should refer to some of our city Bank offleers or merchants—persons whose opinion can be relied upon—and not be decoyed into one of those concerns which are being sold out every fow months, and their pupils left to seek instruction where they can find it.

To Physicians, or those wanting a Country Residence.

The Subscriber offers of sale his property, 7 miles from Pittsburgh, on the Steubenville Turnpike. It contains TWO ACRES of good level land, well fenced; on which is erected a fine new two and a half story frame house, with six rooms, and basement office and cellar, built and finished in modern style. A good stable, and other necessary out-buildings. A good well and cistern, with pump. There are about 100 choles fruit trees, of every vn riety, just beginning to bear. In short, everything necessary to make it a comfortable home.

To a physician wishing a good location, this offers superior inducements, as it is in a rich and populous country, and the subscriber is now doing an extensive practice. A Stage runs daily to and from Pittsburgh; Post office (two daily mails) within ten rods of the house.
