and policy. Yet between old line whigs and democrats there is now but really little difference of opinion. They can vote for a portion at least of our candidates, without any compunetions of conscience; and as it was the democratc party mainly that made Mr. Vol z Mayor last winter, cannot and will not large numbers of whigs support Mr. Patterson this fall? He is abundantly worthy of their support; and is the only candidate in the field who stands any chance of beating the Know Nothing candidate for Sheriff. Of his fitness and qualifications for the office, there can be no doubt. His claims from age, and from all other circumstances, are superior to those of any other candidate before the people; and the people say he will be elected. We hope and trust that such will be the result.
