He was followed by David D. Bruce, Eq., also formerly a Whig, who made a vigorous speech in support of the Damooratic candidates.

A. B. M'Calmont, Esq., responded to the call of the audience, and addressed them in a few effective remarks, which were recolved with great applance.

Da Wyokor's Level, on Saturday, was attended by nearly one hundred persons, all of the marks on the cause and cure of stuttering and stammering. Besides the lecture to the public the Dr. cured, permanently, too, nearly twenty persons of an impediment in their speach, which, to say the least of it, is an amnoyance, no one would grudge a large sum to be fid of. We carnestly advise all our readors suffering in that way to give Dr. Wyokoff a call-st his rooms, in the City Hotel, assured as we are that they mill not go away disappointed.
