Tremure-N. HOLKER, Jr.
Superintendent-S. T. NORSHAM, Jr. Terat.—On Saturday morning la the Court of Quarter, Sessions, after the disposal of a few unimportant cases, Judge M. Clure said the Court was ready to hear the motion argued why Committee of Arbitration for November-Geo. W. Cass, P.; Wm. Paulips, D. M'Candless, Jno. A. Willson, adgment in the cases of William Bennett. Jas. Shannon and John Savage, convicted of a vio-lation of the liquor law, should be arrested, and DAILY REVIEW OF PITTSBURGH MARKETS. Hon. Andrew Burke then filed the following BHASONS FOR ARREST OF JUDGMENT.

"lat. Because the provisions of the act under which the defendant stands indicted is un-Saturday was a wet, disagreeable day, and the am of business done small. We note the following sales: FLOUR-42 bbls superfine and extra, from wharf, \$8,35 "2d. Because the first count of the indictment is defective and insufficient, inasumbch as it charges the alleged offence disjunctively and is otherwise uncertain; also, the second count, for same causes; also, third count, for uncertainty, because it does not charge any legal at \$2,50@3,25. tainly, because it does not charge any legal offens; under the statute.

"3d. Because to indictment or presentment had been found by any Grand Jury against the defendant for the alleged offense for which he was tried.

"4th. Because the defendant was forced to plosad, and go to trial, before and without having a responsible prosecutor endorsed on the indictment, as appears of record.

"5th. Because (in the course of the trial) the Court erred in admitting (after objection by defendant's counse) evidence of distinct offences indictable under the statute, other than the one charged in the indictment, assigning as a reason for such admission of evidence in substance that the offence charged against the defendant was analagous to the keeping of a bawdy house, and to an assault and battery where the one party pummeled the other for a succession of several days.

"6th. Because the Court charged the Jury that in this case time was immaterial, and that the offence may be proved to have been committed at any time prior to the finding of the indiction."

"7th: Because the verdict of the Jury was without evidence, and against the evidence.

"8th. Because the alleged offence for which the defendant was tried, was not the one charged in the indictment, and no indictment or presentment had been found or words results from the service with the defendant was tried, was not the one charged in the indictment, and no indictment or presentment by the service was also \$2000 buts. The service wa in the indictment, and no indictment or present ment had been found or made against him for the offence for which he was tried."

In addition to these a special reason was also filed in the case of James Shannon. Mr. Burke said that since the conviction of his client had procured the deposition of Mr. James Montooth, which set forth that Solomon Balia, the principal witness of the prosecution, and upon whose evidence Mr. Shannon was convicted, voluntarily told him, previous to the trial, that he (Salla) did not see any liquor sold or drank on Shannon's premises.

Mr. Burke also remarked that in case the Court saw fit to overrule these reasons for arrest of judgment, he would respectfully present the following reasons why a new trial should be the following reasons why a new trial should be ## Clark's Stomach Bitters are acknowled by all who have tried them to be the best family medicinof the age, for the cure of Dyspepsia, Oostivunes, and a disordered state of the Liver and Blomach. from using other preparations that are paimed upon the
public under the name of Blomach Bitters, for they have
found that only one trial was needed to render such caution
unnecessary. BEASONS FOR A NEW TRIAL. 1. Because the Court peremptorily charged the jury that they had no right to pass upon the law of the case, and that they were bound to take the law as laid down to them by the Court. 2. Because the Court peremptorily instructed the jury that the provision of the act under street; Gro. H. Kerner, 140 Wood street; and by Druggists which the defendant was judicted were entirely 8. Because (while the Court took the law of BLODGETT & SWEET'S
PATENT GALVANIZED the case entirely from the jury) the Court entirely omitted and neglected to charge the jury on the alleged legal insufficiency of any and all of the several counts of the indictment, although their extension had been discussed in the original of the Ohio Mechanics Institute May 1850 To which was awarded the Prize Medal of the Ohio Mechanics' Institute, May, 1835. Warranted to Cook with less fuel than any other Oren in u, their attention had been directly called thereto by defendant's counsel.

4. Because the Court charged the jury that the evidence of an offence committed by the defend at on the 13th of Ostober, A. D. 1855, was sufficient to warrant his conviction, although mation, and charged all the offences therein After reading the above, the learned gentle man proceeded to argue, at considerable length, the various points laid down; and to maintain his position cited a great variety of authorities.

Mr. Burke was replied to by R. Biddle Roberts, the district attorney, in an able and forcible manner. Col. Black followed, on the same side, the arguments being closed by Mr. Loomis, for the defence.
At the conclusion, Judge M'Clure took pos give his decision in a few days. DESTRUCTIVE FIRE.-Oa Saturday afternoon about 5 c'olock, a fire broke out in the cellar of the extensive wholesale Drug Store of Schoon-maker & Co., on Wood street, between First and Second. Owing to the combustible nature of the articles with which the store was filled, the flames quickly spread over the balance of the building, which, together with the valuable stock of Drugs, Paints, Chemicals, &c., was entirely destroyed. The fire also extended to the building adjacent, occupied by Messrs. Dawson, Now-myer & Co., as a Shovel Warehouse, the two upper stories of which were considerably damaged. The wholesale Drug Warehouse of Mr. George Newhouse, was also on fire several times, but was extinguished before much damage was done -they sustained considerable I as, however, it the removal of their stock.

For bailing bread and pastry, this Oven is without a rival, as the heat is regulated by dampers at the bottom and is under perfect control of the operator. It is not excelled in point of economy as the heat required is generated within the Oven. The material of which it is manufactured being a non-conductor, and constructed with air chambers, there is no radiation of heat, and a small quant ty of fuel will keep it going for hours. The material will neither rust nor burn out, and the Oven will last for years.

WENDELL PHILLIPS' LECTURE.—In order to accommodate comfortably the large crowd that will undoubtedly be in attendance at Wendell Phillips' Lecture, this evening, the Library Association have secured City Hall for the purpose. The subject chosen by Mr. Phillips for his lecture is one which he is well calculated to do justice to, enabling him to define fully his views on the slavery question. Although this subject is probably not the most judicious one he could have chosen, yet he may be forgiven the selection, in consideration of the fact that it will enable him to display his talent to better advantage than any other.
