

POTTSVILLE.

WEDNESDAY MORNING, APRIL 11, 1838.

For Pamphlets, Checks, Cards, Bills of Lading, and Handbills of every description, neatly printed at this Office at the lowest cash prices.

GRAND JUBILEE.

The Citizens of the Coal Region are requested to meet at the Pennsylvania Hall, this evening, for the purpose of making arrangements for a Grand Jubilee, in honor of the patriotic course pursued by His Excellency Governor RITNER, in behalf of the interests of Schuylkill county, by his VETO of the Offerman Coal Company.

Our acknowledgements are due to the Hon. DANIEL WEBSTER for public documents.

Governor Ritner's Veto of the Offerman Monopoly.—GRAND JUBILEE.—The confirmation of the intelligence of this noble and patriotic act of our enlightened and independent Governor, was received throughout our region with feelings of high exultation and enthusiasm.

The first business in the Senate this morning, was the reading of a message from the Governor, returning the bill to incorporate the Offerman Coal Company, and giving his reasons for refusing the Executive signature to said bill.

On its final passage, the bill requires a vote of two-thirds. It was postponed until to-morrow, on motion of Mr. Pearson.

The Improvement Bill has passed the Senate by a vote of 21 to 8. PORTER voted against it.

In the Senate, the Bank Bill was called up, Mr. Leet opposed the section making the Stockholders personally liable. Mr. Carpenter advocated it, and on the motion to strike it out, the yeas stood 16, nays 12.

The House of Representatives refused to receive the bill in the Senate, and a committee of conference has been appointed on the part of the Senate.

Nicholas Biddle has addressed a long letter to John Quincy Adams, over date of April 5th, 1838, on the subject of the resumption of Specie Payments. We will refer to the letter in our next paper.

The citizens of Reading, without regard to party, have tendered the Hon. H. A. Muhlenberg, a public dinner, previous to his departure for Austria.

The Legislature of this State has agreed to adjourn on the 17th inst. The sooner the better, for the good of the State.

The Philadelphia papers announce the death of A. M. PELTZ, Esq. a member of the Senate of Pennsylvania, from Philadelphia county.

The Bill relative to Hawkers and Pedlars, has been postponed for the present, in the house of representatives.

The Bill establishing a School of Art, has again been postponed in the house of representatives.

A meeting was held in Pittsburg a few days ago, for the purpose of approving the nomination of David R. Porter, for governor. This meeting passed strong resolutions in favor of the sub-treasury bill, and Mr. HAMILTON, who introduced the resolutions, declared, that "DAVID R. PORTER WAS A SUB-TREASURY MAN; THAT HE HAD IN FACT VOTED FOR IT IN THE SENATE, BY VOTING AGAINST THE INSTRUCTIONS TO OUR SENATORS. THAT TO REFUSE TO ADOPT SUCH RESOLUTIONS, WAS TREACHERY TO THEIR CANDIDATE; and finally, THAT PORTER MUST BE ELECTED ON SUB-TREASURY PRINCIPLES, IF ELECTED AT ALL."

goes to prove that our town rests upon a first rate bed of anthracite. The engine, which is considered a piece of superior workmanship, is from the manufactory of Messrs. Haywood & Snyder, of this borough.

D. KREBS, Esq. will accept our thanks for public documents.

The proceedings of the Young Men's Meeting will be found in another column, to which we invite attention. Among the officers of the meeting were four at least who formerly supported Geo. Wolf, and among the delegates, we recognize the names of a number of those who were once Wolf and Muhlenberg men. The changes are already great and progressive throughout the county, and the vote on the second Tuesday in October will astound both friends and foes.

National Light Infantry.—Capt. Wm. Shenfelter, tendered his resignation as commander of this beautiful and well drilled volunteer corps a short time since, which was accepted. On Monday night last the members of the corps unanimously elected Capt. Thomas J. Baird, to supply the vacancy.

Messrs. Straub & Whitney are erecting a large Steam Mill at Port Carbon.—It will be completed in the course of two or three months. This will be the second Steam Mill erected in this region.

We are pleased to learn that the Senate has passed a resolution, unanimously, to authorize the Governor to present FRANCIS B. NICHOLS, Esq. formerly of this borough, a Gold Medal, as a token of the regard of the Senate for his distinguished services in the Navy, during the late war.

COLLEGES, ACADEMIES AND COMMON SCHOOLS.

The education bill which passed the house on Thursday, (and which will doubtless receive the sanction of the Senate and Governor,) appropriates a sufficient sum to the support of the common schools of the state to amount, with former appropriations, to one dollar for each taxable inhabitant. The sum requisite for this purpose, is about \$110,000. A section is also inserted providing for correct enumerations of taxables to be returned triennially, instead of septennially, as at present.

An appropriation of 1,000 is made to each of the colleges in the state, and from \$300 to \$500 to each of the male and female academies, not situated in counties where the bounty is given to colleges.—Keystone.

The Better Currency.—It appears by the papers, that the notes of the Monster are selling at 14 per cent. at Nashville, Tennessee, right under the nose of Gen. Jackson. At Mobile, U. S. Bank notes are selling at 20 per cent. premium—specie, 20 per cent.; and Treasury notes, 14 to 15 per cent. Exchange on New York, 11 to 12 per cent.

Another Whig Member of Congress Elected.—The district in Maine, lately represented by Mr. GILLEY, has returned Mr. ROBINSON, Whig, by a majority of six or seven hundred votes, over his loco foco competitor, Mr. McGRATE. The attempt of the Van Burenites to turn Mr. Gilley's death to political account has signally failed, even in Mr. Gilley's district.

Mississippi.—The editor of the Vicksburg Register declares, that Messrs. Prentiss and Wood's Whig candidates, will be returned to Congress by an overwhelming majority. Mr. Prentiss arrived at Vicksburg, on the 12th ult, amidst the deafening shouts of the immense multitude who had assembled to welcome him, who had vindicated the honor of his State in the National Councils.

Well Done New Hampshire.—The Dover Enquirer, gives 119 Whigs in the house of representatives, to 122 Van Burenites. It is also stated, that a number of the Van Buren men are opposed to the sub-treasury bill. Last year, the Whigs had only 40 in the House. The Whigs have already organized for the congressional election next year.

New York Charter Elections.—Never have we seen so complete a route of "the Party," as in the recent charter elections in the State of New York. Account from every part of the State confirm the majorities of last Fall; and a number of counties that then remained faithful to "the party," have now given way to the onward march of correct principles. The Whig have triumphantly carried every ward in the city of Schenectady. The election in the city of New York commenced yesterday, and will continue three days.

Connecticut.—The result of the election in Connecticut, is almost unparalelled in the annals of elections. The Whigs have swept every thing before them! Every county in the State has given a Whig majority. Of the 21 Senators, the Whigs have elected 20; and the odd one has unopposedly elected the Whig candidate. And of 206 members in the House, the Whigs have carried 156; the balance are Conservatives and Loco focos. The majority for Ellsworth, the Whig candidate, is 5,808, and 4,474 over the two other candidates. The State has heretofore been Loco-foco. It devolves upon the Legislature to elect a United States Senator, in the place of Dr. NILES.

The editor of the Boston Post deserves credit for one thing, at least—the equanimity with which he bears a political defeat of his party. For instance, see what he says about Connecticut.

"The federalists kick to it that they have turned Connecticut upside down, and they are such obstinate fellows that we expect it will take us a year to convince them that they are mistaken."

Good News.—The White Pigeon Gazette has an account of a Canadian from the neighbourhood of Toronto, named Thomas Smith, who had his arm torn to shreds by a thrashing machine, and it was necessary to amputate the stump; and while under the operation he evinced a degree of firmness seldom equalled—not a tear or a groan escaped from him. During the whole of the operation, which occupied about twenty minutes; he sung with an unwavering voice, the well known popular air, "Home, sweet home."

Whatever may be the political offences of the present head of the administration, it is a source of pleasure to every visitor to the District to find that he is disposed to cultivate the civilities and courtesies of life, even with his political opponents. During the iron-reign of Gen. Jackson, difference of opinion with the administration was almost equivalent to exclusion from the hospitality of the executive mansion. The cases were altered. Mr. Van Buren does not think it inconsistent to entertain at his table, Messrs. Clay, Webster, and others of his most distinguished opponents. Nor do those gentlemen refuse to cultivate with him those social relations which his character, and theirs, as gentlemen, render agreeable and appropriate. The effect of such a spirit spreads itself through the society of the Federal metropolis, and the entertainments of the heads of the Cabinet, with perhaps, a single exception, are constantly graced by the company of the distinguished of the opposition.—Ball's Chronicle.

The Missouri papers mention the death of Gen. Wm. H. Ashley, on the 26th March. He was one of the most distinguished citizens of that state.

Message of the Governor,

ON RETURNING TO THE SENATE THE BILL TO INCORPORATE "THE OFFERMAN RAIL ROAD AND MINING COMPANY," ASSIGNING HIS REASONS FOR REFUSING HIS SIGNATURE THEREON.

To the Senate of Pennsylvania, GENTLEMEN.—I am compelled to return the bill entitled "An act incorporating the Offerman Rail Road and Mining Company" without the Executive signature.

It will be recollected that at the commencement of the present session a bill passed by the preceding Legislature, incorporating eleven coal companies, was returned to the Senate. The Offerman Coal company was embraced in that bill, under the title of the Buck Ridge Coal company. The objections at that time entertained, have since, been neither removed nor diminished. They were then stated against the whole number, collectively; but were felt against each separately. They are therefore, now repeated, as my general reasons against the incorporation of coal companies:

1st. Because the incorporation of companies of any kind, to accomplish objects within the reach of private enterprise, is a departure from the good old and safe rule of Legislation in Pennsylvania.

2d. Because the mining of coal, though it may have required the enlarged powers of corporations to commence and carry into useful operation at the beginning of the coal trade; is a business now well understood, and profitably pursued by thousands of private citizens, whose rights and interests will be injured by the exercise of corporate powers and competition.

3d. Because the law authorizing and regulating limited partnerships, presents all the opportunity for the investment of capital, without risk to the remainder of the owners of property; and for combined operation by individuals, now necessary to prosecute this or any other branch of private business.

4th. Because the desire to form local companies is generally produced by the mere spirit of speculation, or by some plan to dispose of a particular tract of land to great advantage, and not for the intention of real investment in this particular branch of business, or of carrying it on as a means of subsistence.

5th. And above all, because I feel the utmost repugnance against any project that may have the influence of crippling or monopolizing the great coal trade of Pennsylvania which, I fear, would be the effect of the general incorporation of coal companies.

But there are also peculiar objections against this particular bill. It contemplates the formation of a company for mining and dealing in coal in a region already opened by individual enterprise, and traversed by rail roads, and in which the coal trade is fully established.

It confers privileges and powers unusual, and dangerous to the great interests of Schuylkill. The two thousand acres of land authorized to be held by the company, may consist of ten different tracts, in Norwegian and Barry townships, which townships comprise a large proportion of the coal region of the county. From each and every one of these tracts, the company may make a rail road; and they may hold lots or landings, (not exceeding three acres each,) at every point desirable for their business. Privileges of this kind, wielded by the combined influence of corporations, backed by a capital of \$350,000, are not only not desirable, but would form a dangerous interference in the active and flourishing coal trade of Schuylkill county.

Another objection to the bill is found in the ambiguity of the third section. It is opened to such a construction as would permit the company to engage in the general business of making and selling "cars, boats, engines and machinery," though it is presumed that the intention of the Legislature was to confine them to the construction of those articles exclusively for their own use.

For these reasons, I am constrained to return the bill. I had hoped to escape the necessity of further action of this kind on the subject of coal companies. It was under this expectation, that the Stafford company bill was recently permitted to become a law without the Executive signature. So strong were my objections to this kind of incorporation, that I could not sign that bill, though it was much less objectionable than most others of the class, but in deference to the Legislature, adopted a middle course. I should be rejoiced if a sense of duty permitted the like expedient now. But it does not. I therefore return the bill, believing that the Legislature in adopting the course designated by the Constitution, will duly appreciate my motives.

It is proper for me to state, that my objections are not against rail roads or canals, necessary to carry coal to market. It will, on the contrary, afford me pleasure to co-operate in their formation, so that the rights of the individuals through whose land they pass, are properly guarded, and their property fully paid for. But in the words of the report on the coal trade of

Pennsylvania, made to the Senate on the fourth of March, 1832, by Mr. Packer; I believe that "there is at this day no greater necessity for conferring corporate powers upon a class of men to mine coal, than there was at that day, (1806,) to enable a society of carpenters to plane boards, or of farmers to plough their lands."

JOS. RITNER. EXECUTIVE CHAMBER. Harrisburg, April 5, 1838.

Another Rich'd P. Robinson Case.—A Message.—We learn from the New Bedford (Mass.) Mercury, that on Saturday afternoon, at a house of ill fame, in the South part of that town, a horrid murder was perpetrated upon the person of one Susan Miller, an abandoned female, by one of her paramours, a Portuguese, named Joseph Sylvia. The deed is stated in the Mercury to have been committed in consequence of a quarrel between them, growing out of feelings of jealousy on his part, and was effected by shooting her through the head with a musket, when she immediately expired. Sylvia had fled, and was last heard of in the village of Mattapoiset, on Sunday morning; he is a short, thick set fellow, light complexion, and dark hair, and speaks very low and thick. The police officers are in pursuit, and it is probable he may be overtaken. Sylvia has since been arrested.

The Mandamus Case.—We learn that Mr. Kendall paid over to Stockton & Stokes, on Tuesday, the principal, amounting to upwards of \$40,000, of the claim awarded to them by the Solicitor of the Treasury, and the Circuit and Supreme Courts. The claim for interest has not, as we understand, been yet allowed.—Ball's Chronicle.

The richest gentleman at New Orleans, who with his young bride, was so horribly beset, night after night, by three or four thousand professors of "cat music," has at last purchased from his tormentors the mercy of their silence by acceding to their demands and giving \$1,000 to the Orphan Boy's Asylum.

GREAT MEETING Of Democratic Young Men, friendly to the re-election of Joseph Ritner. A large meeting of the Democratic Young Men of Schuylkill County, convened at the house of Henry Stager, Esq. in the borough of Pottsville, on Friday the 5th inst. for the purpose of appointing delegates to represent Schuylkill county in the Young Men's State Convention, to be held at Reading on the 4th of June next, WILLIAM H. MANN, Esq. was called to the chair, and BENJAMIN T. TAYLOR, Dr. THOMAS C. HULME, PATRICK LANGTON, MICHAEL MURPHY, ABRAHAM BERTOLET, and JACOB MINNICK, Esq. were appointed Vice Presidents, and F. J. PARVIS, Ralph Lee, John Siler, Adam Sharlet, and Robert Woodside, Secretaries.

The object of the meeting was stated from the chair in a very eloquent manner, after which, on motion, it was Resolved, That a committee of twenty be appointed to report proceedings to this meeting, for their adoption.

The Chair appointed Benjamin W. Cumming, Esq. Charles Shippen, Jacob Kline, S. J. Potts, Nathan Evans, Adam Sharlet, John Siler, Joseph C. Leish, Ralph Lee, J. C. Kern, Geo. C. Wynkoop, William Phillips, Henry Jenkins, Wm. Major, John Adams, Henry Stager, Esq. George H. Potts, Charles Duler, A. St. Clair Nichols, and Joe C. Leish, who after retiring for a short time, reported the following proceedings, which were unanimously adopted:

Whereas, the preservation of the most sacred rights and most cherished interests of the free men of this Commonwealth, is opposed to the fractional measures of the National Government, whose pernicious experimentalizing policy has interrupted the well being and prosperity of millions of honest and industrious citizens; thereby defeating the great end of all governments, which is the protection, and not the oppression of its citizens or subjects; and whereas, the same policy has prostrated the trade and industry, the commerce and manufactures of our whole country, and introduced a species, worthless and unproductive, consisting of millions of rags, instead of millions of gold and silver; and whereas, we conceive it to be of the utmost importance to the accomplishment of this great object, that the present worthy and enlightened Chief Magistrate of this Commonwealth, Joseph Ritner, should be upheld and supported in his wise and patriotic administration, and receive our unanimous suffrages at the ensuing election.

1st. Because he has proved himself to be the first, and most able opponent of the Sub Treasury System—a system which appears to aim at making the poor poorer, and the rich richer, to enable the office holders to hold the purse strings of the people; to plunder and strip them of their hard earnings; to enable the government to issue millions of rags in the name of money, wherewith to pay their creditors; and to receive nothing but gold and silver from their debtors; and in short to administer the affairs of the nation upon principles worse than those of a Turkish Pasha.

2d. Because he is the enemy of Loco-focism! Loco-focism is the parent of its worthy offspring—the Sub Treasury System! It is in itself the essence of all political depravity, vice and immorality! It is a spirit which applies the fire-brand to all that is valuable and sacred among the institutions of mankind. It is the same spirit which perpetrated all the horrors of the French Revolution.

3d. Because he came into office when the public treasury was exhausted; when money was to be borrowed to defray the expenses of Government; and when our State debt had reached the sum of twenty-five millions of dollars. Yet with all these disadvantages, Joseph Ritner has so wisely, prudently, and economically conducted the affairs of state, that the said debt has not been increased; and moreover, he has managed to keep in the treasury, a large sum of unexpended resources; and this in spite of the constant efforts of his enemies to compel him to squander away the public funds!

4th. Because he preserved the Commonwealth in the face of danger from impending bankruptcy and ruin; by vetoing the celebrated Mammoth Appropriation Bill! By this noble act he protected the labourer and mechanic, who would otherwise have been thrown out of employment; the merchant and the farmer, whose trade and industry would have been paralyzed. He diminished the pressure of the times, which would otherwise have fallen with two-fold severity upon all classes in the community; and lastly, he preserved the finances and credit of the Commonwealth from utter annihilation! This constitutes one of the noblest achievements of his Administration! This act alone would entitle him to the gratitude of every patriot, and the support of all lovers of their country!

5th. Because, while he is the enemy of corruption, taxation and tyranny, he is the friend of Internal Improvements, Agriculture, and Manufactures—almost every measure of his administration having been directed to their encouragement and protection.

And whereas, a certain David R. Porter has been nominated in opposition to our present worthy Chief Magistrate; and the said David R. Porter is a candidate whose claims to the office of Governor are as much unknown to the citizens of this Commonwealth, as his name has heretofore been amongst us; and whereas, we cannot but regard this gentleman as the willing instrument, to forge new chains for the people of this Commonwealth, and to carry out and perfect all their schemes of plunder and oppression now in progress, and hereafter to be devised.

1st. Because he voted in the Senate of Pennsylvania for the Sub Treasury System, well knowing at the same time, that the said system was devised to the people of this Commonwealth! 2d. Because he voted for the Mammoth Appropriation Bill with all its iniquities and abominations, well knowing that the same sprung from the hot bed of legislative corruption.

3d. Because, he but the other day voted in favor of a new emission of government silver dollars, thereby voting against a resumption of specie payments by the banks. 4th. Because he is the willing slave of Martin Van Buren, well knowing that the said Martin Van Buren came into office at a time when it was proclaimed that forty millions of dollars were in the Treasury, and the National debt paid off—that the said Martin Van Buren withheld the last instalment of the Supplies from the State, amounting to between 4 and \$5,000,000, that, together with these large sums, he has squandered away during his career ten millions of Treasury notes, and is now applying to Congress for ten millions more! leaving it to be inferred that his applications will be renewed from time to time, until he involves the country in another enormous National Debt.

5th. Because the said David R. Porter is a thorough-going loco-foco, and consequently, his elevation to the gubernatorial office, would be attended with the worst consequences to the welfare and prosperity of this great Commonwealth. Therefore, That we mutually pledge ourselves to each other, to use all fair and honorable means to secure the re-election of Joseph Ritner, the Pennsylvania Farmer, to the office of Governor of this Commonwealth. Resolved, That we mutually pledge ourselves to each other, to use all fair and honorable means to prevent the election of David R. Porter, the loco foco Van Buren candidate, to the office of Governor of this Commonwealth. Resolved, That in William Henry Harrison we recognise a worthy patriot, and faithful servant of his country, in the field and in the cabinet, and we recommend him to the support of our fellow citizens for the highest office in their gift. But whilst we give him the preference, as the favorite candidate of Pennsylvania, we are not regardless of the just claims of other meritorious members of our common country, whom others prefer to Gen. Harrison; and therefore, loving Rome more than Caesar, we go for our country's welfare, and will cheerfully submit to the decision of a National Convention in its choice of a candidate. Resolved, That A. Wilson, J. A. Otto, T. Boone Irsell Reed, Dr. J. F. Treichler, J. K. Trego, Charles Focht, Morgan Beninger, Samuel Bartolet, Daniel Weaver, Jacob Matthews, Bernard Yeager, Reuben H. Resolved, That the said delegates be authorized to fill vacancies that may occur in their body by resignation or otherwise. On motion Resolved, That the following persons be a committee to draft an address to the people of Schuylkill County: Dr. Thos. C. Hulme, Benjamin W. Cumming, Esq. Arthur St. Clair Nichols, Abraham Bertolet and John T. Werner. On motion Resolved, That the proceedings of this meeting be signed by the officers, and published in the German and English papers in the county, and all others friendly to the cause.
