To Contractors for Excavation and Masonry.
Philadelphia and Reading Rail Road.

PROPOSALS will be received at Herr's Hotel, in Reading, on the 13th day of September, (the ensuing month) until the hour of 5 P. M., for the grading of the heaviest section of the Rail Road between Reading and Port Clinton, including a tunnel of sixteen hundred feet in length in the neighborhood of Port Clinton, and for the Masonry generally on this portion of the Rail Road.

The sections are to be let as very heavy, some of them involving much rock excavation, and the Masonry consists of cutwaters of large opening, and heavy bridge abutments and piers.

Any further information in relation to the work will be given on application to WERT ROBINSON, Acting Engineer, or the Assistant Engineers on the line, and maps and specifications of the Masonry will be ready for examination at Reading, a week previous to the letting.

Persons unknown to the Engineers, will be expected to hand in their proposals, satisfactory testimonials as to character and competency.

HAY'S LINIMENT.

NO LITHION.—This extraordinary chemical composition, the result of science and the invention of a celebrated medical man, the introduction of which to the public was invested with the solemnity of a death bed bequest, has since gained a reputation unparalleled, fully justifying the confidence of the laic and the profession of medicine, that "it cures like a charm." and he therefore bequeathed to his friend & attendant Solomon Hays, the secret of his discovery.

It is now used in the principal hospitals, and the private practice in our country, first and most certainly for the cures of the Piles, and also extensively and effectively as to baffles credulity; unless where its effects are witnessed. Externally in the following complaints.

For Dropsy.—Creating extraordinary absorption at once.

All Swellings.—Reducing them in a few hours.

Rheumatism.—Acute or Chronic, giving quick ease.

Sore Throat.—By cankers, ulcers, or colds.

Croup and Whooping Cough.—Externally, and over the chest.

All Bruises, Sprains and Burns, cured in a few hours.

Sores and Ulcers.—Whether fresh or long standing and fever sores.

Its operations upon adults and children in reducing rheumatic swellings, & loosening coughs and tightness of the chest by relaxation of the parts, has been surprising beyond conception. The common remark of those who have used it in the Piles, is "it cures like a charm."

THE PILLS.—The price \$1 is refunded to any person who will use a bottle of Hay's Liniment for the Piles, and return the empty bottle without being cured. These are the positive orders of the proprietor to the Agents; and out of many thousands sold, not one has been unsuccessful.

We might insert certificates of any length, but prefer that those who sell the article, should exhibit the original to purchasers.

CAUTION.—None can be done without a splendid engraved wrapper, on which is my name, and also that of the Agents.

Interesting and Astonishing Facts.
MORE conclusive proof of the extraordinary effects of DR. WM. EVANS' celebrated Camomile and Aperient Antibilious Pills in alleviating afflicted mankind.

To James Dickson, 36, Cornhill, Boston, Agent for the sale of Dr. Wm. Evans' Camomile Pills.
Lowell, Nov. 15, 1836.

Dear Sir—Knowing by experience that every reference that the afflicted receive of the beneficial results of medicine, I cheerfully offer mine to the public in behalf of DR. WM. EVANS' CAMOMILE PILLS. I have been afflicted for the last ten years with distress in the head and chest; often so bad as to deprive me of sleep for three or four nights in succession, but have never found relief by any of my friends' prescriptions, until my wife saw the advertisements in the paper, when she persuaded me to send for some, which I did, and obtained two boxes and bottles which resulted in almost completely restoring me to health, although I have not yet entirely finished them. Should you consider this any benefit to yourself, or the public, you have my cheerful permission to publish it. Yours, respectfully,
THOS. K. GOODHUDE, Centralist.

INTERESTING CASE Cured by Dr. Wm. Evans' Camomile Tonic and Family Aperient Pills.—Mr. BENJAMIN BOWEN, carrier of Shippen and Georges streets, Philadelphia, afflicted for seven years with extreme nervousness, by which he was not able to write his name—his symptoms were, eructation, daily spasmodic pains in the head, loss of appetite, palpitation of the heart, giddiness and dimness of sight, utter inability of engaging in any thing that demanded vigor or courage, sickness and weakness extreme debility, disturbed rest, a sense of pressure and weight at the stomach after eating, great mental depondency, severe flying pains in the chest back and side, costiveness, a dislike for society and conversation. Mr. B. has made trial of various medicines now before the public, but to no effect. Until, observing in a public paper some cures performed by Dr. William Evans' Camomile Tonic and Family Aperient Pills, he was induced to give a trial, of which he writes in any time he is able to state that he effectually cured him of the above distressing disease.

Persons who doubt the above cure, are most respectfully directed to the above mentioned person, at the north west corner of Shippen and Georges streets. BENJAMIN BOWEN,
Philadelphia October 26, 1837.

LIVER COMPLAINT 10 YEARS STANDING.

Mrs. Hannah Browne, wife of Joseph Browne, N. 5th street, near Seager, Williamsburg, afflicted for the last ten years with the Liver complaint, completely restored to health through the treatment of Dr. Wm. Evans. Symptoms—Habitual constipation of the bowels, total loss of appetite, excruciating pain of the epigastric region, great depression of spirits, languor and other symptoms of extreme debility, disturbed sleep, inordinate flow of menses, pain in the right side, could not be put to bed without an application of the pain urine high colored, with other symptoms indicating great derangement in the functions of the liver.

Mrs. Browne was attended by three of the first physicians, but received but little relief from their medicine, till Mr. Brown procured some of Dr. Wm. Evans' invaluable preparations, which effectually relieved her of the above distressing symptoms, with others, which it is not essential to mention.

JOSEPH BROWNE,
City and County of New York, &c.

Joseph Browne, of Williamsburg, Long Island being duly sworn, did depose and say, that the facts as set forth in the within statement, to which he has subscribed his name, are just and true.

JOSEPH BROWNE,
Husband of the said Hannah Browne.
Sworn before me this 4th day of January, 1837.
PETER PINNEY, Com. of Deeds.

INTERESTING CASE of Typhoid Contaminations.—Mr. John Row of Spruce street, on the 1st day of September at the office 100 Chatham street, labored under the following symptoms:—A slight putting of blood, distressing cough, attended with an expectation of purulent matter, night sweats, general emaciation, difficulty of breathing on exertion, with a well marked hectic flush on the cheek. On examination, the chest was found to sound well every where except under the left clavicle, and in the arm pit of the same side.

Treatment.—Directed to take the restorative Camomile Pills, with an expectorating compound, at the same time an injunction, to call in four days; when the night sweats had ceased, the expectation slightly diminished, an light fit of coughing still remaining in the morning. Ordered as usual to continue the medicine, and to call in the course of a week—when his health continued rapidly increasing, without the least cough. Called at the office on the 4th of this month, quite convalescent returning his sincere thanks for the benefit he had obtained.

The above patient chiefly used with regimen, during his treatment.

ASTHMA, THREE YEARS STANDING.

Mr. Robert Monroe, Schuylkill, afflicted with the above distressing malady. Symptoms—great languor, flatulency, disturbed rest, nervous headache, difficulty of breathing, tightness and stricture across the breast, dizziness, nervous irritability and restlessness, could not lie in a horizontal position, without the sensation of impending suffocation, palpitation of the heart, distressing cough, costiveness, pain of the stomach, drowsiness, great debility and deficiency of the nervous energy. Mr. R. Monroe gave up every thought of recovery and dire despair sat on the countenance of every person interested in his existence or happiness, who by accident he noticed in a public paper some cures effected by Dr. Wm. Evans' medicine, in his complaint, which induced him to purchase a package of the Pills, which resulted in completely removing every symptom of his disease. He wishes to say his motive for this declaration is, that those afflicted with the same or any symptoms similar to those from

which he is happily restored, may likewise receive the same inestimable benefit.

LIVER COMPLAINT SIX YEARS STANDING.

MRS. SARAH BRENHISER, wife of Mr. Amos Brenhiser, corner of Second street and Germantown Road, Philadelphia, afflicted for the last six years with the Liver Complaint, was completely restored to health by Dr. Wm. Evans' Camomile Tonic and Family Aperient Pills. Her symptoms were habitual costiveness, excruciating pain in the stomach, depression of spirits, languor, extreme debility, disturbed sleep great pain in her side, could not lie on her left side without an aggravation of pain, dizziness in the head, dimness of sight, with other symptoms indicating great derangement in the functions of the Liver. Mrs. Brenhiser has made trial of various medicines now before the public, but received no relief until she was advised to make trial of Dr. Evans' Pills, of which she is happy to state that they effectually relieved her of the above distressing symptoms, with others, which are not essential to mention.

Mr. Brenhiser, (husband of the above Mrs. Brenhiser) has been two years, afflicted with a distressed state of Constiveness, of which he was effectually cured.

PARALYTIC RHEUMATISM.
A perfect cure effected by the treatment of Dr. Wm. Evans.

Mr. John Gibson, of N. 4th street, Williamsburg, afflicted with the above complaint for three years and nine months, during which time he had to use crutches. His chief symptoms were excruciating pain in all his joints, but especially in the hip, shoulder, knees and ankles, and aggravation of the pains towards night; and for the most part all times from external heat, and the outward perspiration of the skin, and in a complete loss of muscular power. For the benefit of those afflicted in a similar manner, Mr. Gibson conceives it meet to say that the pains have entirely ceased, and that his joints have completely recovered their natural tone, and he feels able to resume his ordinary business.

INTERESTING CASE.
DYSPEPSIA & HYPOCHONDRIASIS.

Mrs. Anne G. Kenny, No. 115 Louis street, between Stanton and Houston streets, afflicted for ten years with the following distressing symptoms.

Acid eructation, daily spasmodic pains in the head, loss of appetite, palpitation of the heart, giddiness and dimness of sight, could not lie on her right side, disturbed rest, utter inability of engaging in any thing that demanded vigor or courage, sometimes a visionary idea of an aggravation of her disease, a whimsical aversion to particular persons and places, groundless apprehensions of her mind, and poverty, an ill temper and weariness of life, discontented, disquietude on every slight occasion, she conceived she could neither die nor live, she wept, lamented, desponded, and thought she led a most miserable life, never was one so bed, with frequent mental hallucinations. Mrs. Kenny had the advice of several eminent physicians, and had recourse to numerous medicines, but could not obtain even a temporary alleviation of her distressing symptoms, until she was induced to make trial of my mode of treatment. She is now quite relieved, and finds herself not only capable of attending to her domestic affairs; but avows that she enjoys as good health at present as she did at any period of her existence.

J. KENNY,
Husband of the aforesaid Anne Kenny.
Sworn before me this 14th day of Dec. 1836.
PETER PINNEY, Com. of Deeds.

ASTHMA, 5 YEARS STANDING.

Mr. Charles Hobart, No. 129 Orange street, N. Y. afflicted for five years with humoral habit asthms, applied at the office 100 Chatham street on the 4th of October, labored under the following symptoms. A sense of tightness across the chest, with the greatest difficulty of breathing, distressing cough, generally ending with copious expectation of viscid phlegm, disturbed rest, the face turbid and red of a livid hue, could not lie in a horizontal position without the sensation of immediate suffocation, languor, drowsiness, and dizziness in the head, and loss of appetite.

Mr. H. applied to the most eminent physicians in this city, likewise used several other remedies without obtaining any permanent benefit, until his friends persuaded him to place himself under Dr. William Evans' treatment. He is now relieved of his complaint, and called at the office yesterday, avowing that he had not "waxed wretched" since he had been treated with the medicine, and that he had received, October 21, 1837.

We do hereby subscribe our signatures to the truth of the above cures, that the statement is in every respect true. SARAH BRENHISER,
JOHN STEFF, Baker,
No. 17 north Eighth street, Philad.,
Philadelphia, Oct. 21st, 1837.

Public Notice.

AS it appears, that because Mr. Crane obtained no patent for smelting Iron Ore with Anthracite Coal in this country, many suppose that they are now at liberty to adopt the method of smelting Iron ore with Anthracite by the use of a heated air blast; although I gave notice last year that I had a patent for smelting Iron Ore with Anthracite Coal, both by the use of a cold atmospheric and a heated air blast, I would now inform the public again, that on the 14th of January, 1838, I received a letter from the Commissioner of Patents at Washington, stating:—"Sir, upon examining the case of Mr. Crane's application for a patent for Smelting Iron by means of Anthracite, I have viewed his claim as interfering with your patent of Dec. 1835, and have given notice to his attorney of the decision." Every attempt to smelt Iron ore with anthracite by the use of a heated air blast, is an infringement upon my patent, against which I caution and warn all men; as I shall prosecute every one inflicting upon my rights, according to law. And I further offer to dispose of patent rights for the erecting of furnaces, according to my patent, upon very moderate terms.

Public Notice.

THE Original Hygienic Universal Vegetable Medicine, prepared by W. MISKIN, Esq., Member of the Royal College of Surgeons, Licentiate of Apothecaries Company, Fellow of Bol. Court Society, Surgeon to the Royal Union Pension Association, Lancaster place, Waterloo Bridge; and Perpetual Pupil of Goulay's and St Thomas' Hospitals, London.

These pills having gained a celebrity unparalleled in every section of the Union, are now considered by all those who value good health, indispensable as a family medicine—patronized by a numerous body of the most eminent Physicians both in this country and in Europe,—is sufficient, it is presumed, to stamp their character in the estimation of every thinking man, and it is hoped, a far better recommendation than the course resorted to by ignorant and unprincipled pretenders, who to mislead and deceive the public, have no hesitation in recommending them to the public as a safe, salutary and useful family medicine.

*None are genuine without the signature of the General Agent on the label, by whom the above medicine is imported into this country.

JNO. HOLBEIN, 129 Waverly Place,
Gen'l Agent for U. S.
