CAMOMILE PILLS. AUSE AND EFFECT.—When a sound and ser

AUSE-AND EFFECT.—When a sound and serine intilic remedy, of diseases has long been in gene
rainse by the public, bestowing blessings and receiving intilese it is acarcely in the power of scepticism to
doubt its wirtues, or of envy to deny them.
When its has achieved an ascendant career of use
fulness which distances the competition of mere
beastful pretension, and has secured a conspicuous
station in universal favor, by intrusic worth alone,
its promise or may point out the causes of its superits proprietor may point out the causes of its superiority, without incurring the suspicion of inviduous-ness, in instituting the comparison.

The CAMONILE and FAMILY APERIENT

PARLES, manufactured by Dr. William Evans, at 100 Chatham street, do not require his explanation of their acknowledged efficacy—for the most emment physicians throughout the United Stage, will freely if appealed to, state the reasons which have induced them to recommend them so extensively and warmly without do. And those reasons are, that these indido. And those reasons are, that these just as they do. And those reasons are, that these just plous medicines never injure even the most del cate constitutions, and have, in almost every individual case for which they are prescribed, a marked, an evident, a ruly happy and permament efficacy. Physicians, increover, see that they are not offered to the public anon any quack theory of purulying this blood, to the latter destruction of the stomach and bowels. Purify the blood from all diseased humors, they undeniably the; but not by destroying those viscera by which alone the blood can be sustained. They are impounded upon a theory which supposes a stomach bo a very essential agent to health; and food, well sested, to be a valuable friend to flesh and blood. directed, to be a valuable friend to flesh and blood.—They do not purely men to ghosts, and make them look like beings too refined to remain fong in this world; but they make them as human as possible, and fail to encounter the hardships. and fulfil the occupations of a sublunary life. They do not make a 10-left purgatory of this life, to prepare men the laster for another. They proceed up on the supposition that the blood, muscles, nervea, organs, excretory and secretory gland, nucuous and to unmentary membranes, books and brains, of every human beam require to arently gland, indeed and technique the point require to be supplied with nourishment from as healthful a stomach as can be made and kept; and upon the doctrine that unless the stomach and bowels are in good order he blond and every other part of the system will be in

And how is it expected that they will secure health ble terms.

And how is it expected that they will secure health to the stomach and bowels? Why by enabling the one to digest food, and the other to carry off what is left. fter the nutriment is extracted, in connection with after the natument is extracted, it connection with the sirplus of bife, and the fool humors of the blood, purcous membranes, and stomach. And they accom-plish these great feats of medicine in the most sample way linaginable. The APERIENTFAMILY PLLS, if the stomach be affected with wind, bile, or coated collections, elerr it out, by a natural but a most in-sumable solvent action, and cleanise, the whole al-mentity canal, without griping, and leaving it as free without debility, as nature ever designed it to be.— They do not take the skin of the stomach and bowels. do not take the skin off the stomach and bowels and leave them like a pieces of red velvet, as all phy-sicials know the strong drasne pills do, but they nake hattice kindly by the hand without crushing her fagors. They cleanse every thing, without imparing

injuring any thing. When the is offected, as it usually is by the use of a ew of file FAMILY APERIENP PLES, then come the celebrated CAMOMILE or TONIC PILLS, to trengthen a stom ich and bowels, which sefore, per strengthen a son ion and lowers, which before, per haps, week and foul because they were week, and haps, week and foul because they were week, and end with the perform their important functions, without the aid of physic. The 'A-MOMILE, FLOA'ER, when its yal rable principles are chern cally extracted, is acknowledged by Mi, thysically, in every age, to be the best vegetable tonic known in the science of medicing—There is nothing the control to word the performance of the performance own in the vegetable kingdom of nature to equal it or that is at once so harmless and so vicerou third, and in proof of this the proprietor of the wined pulls that are made from its purest particle might quote almost innumerable authors, both ancier lern, if his own practice had not proved it to

The effects of these pills are not only perceived in Anneances of appetite and general strength, but in a regrogation of the body to that universal vigor in all its functions, which indicates the return to perfectly sound health.—The face, and general complexion, speak volumes in their favor, and thousands of fe-males can testify how much they have contributed to their comfort, their complexion, and their strength. when every other remady had proved worse than us less In pervous diseases, of all kinds, they are now knowledged to be preeminent; gradually restoring nringes of body and mind. Without those sunovance and changes which other nervous remedies occasion by the would it have been for many young persons of both sexes who are now in the silent grave, if they had learned to sheek the morbid tendencies of their sionach and bowels by these pure tones and apenents, without recording to quack remedies, the names of which are conceiled, and of which they know nothing. That dreadm scourge CONSUMITION, in 4th tive been ettecked in 18 commencement and distripointed of its prey, all over the land, if the first symbons of nervous debility had been counteracted by CAM DMILE chemically prepared; and those bowel condamns which lead to a host of fatal milators over have been of their their land in the had learned to bleck the morbid tendencies of the

miny of them have proved fatal.

But be it disdiredly understood that these medicines are not offered instead of these natural organs of the body which other medicines dispense with, in a very summary manner. They are founded upon medical knowledge, and not quarkery, and do not take all the red particles out of the human blood under the pretence of purifying it. In proof of which difference of effect, let the faces and forms of patients bear testimiday. They constitute a useful, effectual, and generally applicable class of medigines for every family, and being both tonic and aperient, and of the best proparations known, no person or family should be without them. They can be obtained whotevale and retail of the proprietor, Dr. Weil, EVANS, New York, and of his agents in town and country, with forceand of his agents in town and country, with direc-tions for use.—They are rapidly superced ng all other remedies advertised in the public prims, because they are found to belong to a very superior class of popula medicine. A single trul usually places them high in pri melicine. A single trial usually phycist hem high is private estimation, as they are known to be in public preference, and in the opinion of physicians.

MOFFAT'S Vegetable Life Pills and Phenix Bitters.

THE SECTIONS OF A CONTRANT.—All nations, from the remotestages, have had ships, but Columbus only found out the way to America. Before the time of the greats, anish navigator, people were only enabled to paddle about the shortes. Just so with the Life Medicines. It is but two short years since I first ventured upon an unknown ocean, and I have discovered the precoust object I was in search of—HEALTH. Vegetable medicines were judeed known when I com biased con damits which lead to a host of fatal in dadies, much have been of visted by this fine alcaline extract of rhibits; which is a leading ingrecient in the APERICN FAMILY PILIS. Before both of these medicines, which are adjusted to a majority of the purposes for which a huntred others are unincessingly used, fivers, agues, behous disorders, headaches, feed debelity, male decline, indigestion, and liver. Complaint, would have entirely disappoared, where many of them have proved fatal.

But be it disdictly understood that the medicines are not offered intend of these natural organs of the sty which other medicines dispense with, in a very submary manner. They are founded upon medical knowledge, and not goark kery, and do not take all the feet of the may be described in the strength of the most respectable citizens of this my necessary manner. They are founded upon medical knowledge, and not goark kery, and do not take all the feet of the most respectable citizens of this my incomplaint of the most respectable citizens of this my incomplaint of the most respectable citizens of this my incomplaint. Persons whose constitutions have been nearly runed by the "all infallible" mineral preparations of the day, will bear me witness, that the Life Medi

> GENERAL REMARKS RELATIVE TO MOF FAT'S LIFE PILLS AND PHŒNIX BITTERS. These medicines have long been known and appre-ciated, for their extraordinary and immediate powers of restoring perfect health, to persons suffering under nearly every kind of oisease, to which the human

> rame is name.
>
> In many honoreds of certificated instances, they
> have eve rescued sufferers from the zery verse of an
> antimely grave, afte: all the deceptive nostrums of the day had utterly failed; and to many thousands they have perme ently secured that uniform enjoyment of health, without which hie stell is but a partial blessing. So great, meed, has their efficacy invariably and infailably proved, that it has appeared searcely less than mirriculous to those who were unacquainted with the beautiful philosophical principles, upon which they are compounded, and upon which they consequently act. It was to their manifest and sensible, action in pirifying the springs and channels of life and enduing them with renewed tone and vigor, that they were indebted for their name, which was bestowed upon them at the spontaneous request of several individuals whose lives they had obviously sayed. the day had atterly failed; and to many thousands the

> several individuals whose lives they had obviously saved.
>
> The proprietors rejoice in the opportunity afforded by the universal diffusion of the daily press for placing his VEGETABLE LIFE PILLS within the knowledge and reach of every individual, in the community. Unlike the host of permicious quackeries, which boast of vegetable ingredients, the Life Pills are purely and SOLKLY VEGETABLE, and contain neither Mergers. Authors Mergers Arenice or Arenic expenses. ther Mercury, Antimony, Arsenic, nor any other mineral in any form whatever. They are entirely composed of extracts from rare and powerful plants, the vittines of which, though long known to several Indian tribes, and recently to some eminent pharmacentical chemists, are altogether unknown to the igno-rant pretenders to medical science; and were never before administered in so happily efficacious, a com-

> bination:
>
> Their first operation is to loosen from the coats of the stomach and bowels, the various impurities and crudities constantly setting around them; and to remove the hardened faces which collect in the convolutions of the small intestines. Other medicines only partially cleanes these and leave such collected masses behind, as to produce habitual sofativeness, with all its frain of evils, or sudden diarrhes, with its f with all its train of evils, or sudgen diarrhogs, with its imminent dangers. This fact is well known to all regular anatomists, who examine the benian bowels after death; and ficine the prejudice of these well informed men against the quack medicines of the age. The second effect of the VEGETABLE LIFE

pills it to cleanse the kidneys and the bladder, and by this means, the liver and the langs, the healthful action of which entirely depends upon the regularity of the arinary organs. The blood, which takes its red color from the agency of the liver and the langs before it passes into the heart, being thus purified by them and nourished by food coming from a clean stomath, courses freely through the veins renews every part of the system and triumphantly mounts the banner of health in the blooming cheek.

The following are among the distressing variety of human diseases, to which the Vegetable Life Fills arrowll known to be intallible—

himan diseases, to which the Vegetable Life Falls are well known to be infallible—

DYSPEPSIA, by throughly cleansing the first and second stomachs, and creating a flow of pure healthy bile, instead of the state and acrid kund;—Flahlency, Palnitation of the Heart, Loss of Appetite, Heart-burn and Heal ache, Resilesness, Ill-temper, Anxiety, Languor, and Melancholy which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure. Costineness, by cleansing the whole length of the intestines with a solvent process, and without violence; all violent purges leave the bowels convey within two days. Diarrheat and Cholgra, by removeing the sharp acrid flowed by which these companints are occasioned, and by promoting the lubricative secretion of the mucus membrane Feters of all kinds, by restoring the blood to a regular circulation, through the process of perspiration in some cases, and the through solution of all intestinal obstructions in others.

The LIFE PILLS have been known to care Rheat states and the companing person of the macus membrane through solution of all intestinal obstructions in others.

The LIFE PILLS have been known to care Rheat states are considered by the president of the intestinal obstructions in others.

The LIFE PILLS have been known to core Rhex matism permanently in three weeks, and Goul in half that time, by removing local inflammation from the muscles and ligaments of the joints. Dropsies of all kinds, by freeing and strengthening the kidneys and bladder; they operate most delightfully on these organs, and hence have ever been found a certain cemed by for the worst cases of Grazel. Also Worms, by dislinding from the turnings of the bowels the slimm matter to which these creatures adhere; Asthma and Consumption, by relieving the air vessels of the lungs from the mucus, which even slight colds if not removed becomes hardened, and produces those dreadful diseases. Scurvy, Ulcers and Investerate Sores, by the perfect purity which these Life Pills give to the blood and all humors; Scorbutic Exsptions, and Bad Complaints, Sallow. Cloudy, and other disagreesale Complaints, Sallow. Cloudy, and other disagr

of these invaluable Pills, was himself afficied with this complaint for upwards of therety five years, and that the tried in vain every remedy prescribed within the whole compass of the Materia Medica. He however, at length, tried the meditine which he now offers the public, and he was cured in a very short time after his recovery had been pronounced not only improbable, but absolutely impossible, by any human

neans.
DIRECTIONS FOR USE.—The proprietors of the VEGIATABLE LIFE PILLS does not follow the base and mercenary practice of the quacks of the day, in advising persons to take his Pills in large quantities. No good medicine can possibly be so required. These Pills are to be taken at bed time every night, for a week or fortnight, according to the obstracy of the disease. The usual dose is from 2 to 5, according to should begue with but two, and increase as the nature of the case may require; those more robust, or of very costive habit, may begin with 3, and inogenee to 4, or even 5 Pills, and they will effect a sufficiently happy change to guide the patient in their further use. These Pills sometimes occasion sickness, and vomry ng, though very seldom, unless the stomach is wile foul; this, however, may be considered a favorabe symp.om, as the patient will find himself at once ritlieved, and by perseverance will soon recover. They usually operate within 10 or 12 hours, and never give pain, unless the bowels are very much encumbered usually operate within 10 or 12 hours, and never give pain, unless the bowels are very much encumbered. They may be taken by the most delicate females un der any circumstances.—It is, however, recommend ed, that those in later periods of pregnancy should take but one at a time, and thus continue to keep the bowels open: and even two may be taken where the patient is very costive. One pull in a solution of two table spoons full of water, may be given to an infant in the fullowing doses—a tea spoon full every two hours till it operates; for a child from one to five years of age, half a pill—and from five to ten, one pill.

THE PHICENIX BITTERS, are so called because they possess the power of restoring the expiring em

they possess the power of restoring the expiring embers of health, to a glowing vigor throughout the constitution, as the Phænix is said to be restored to life from the ashes of its own dissolution. The Phæ min in the sacces of the western country which will nearlibly cure FEVERS AND AGUES of all thinds; will never fail to eradicate entirely all the effects of Mercury infinitely somer than the most powerful preparations of Sarsaparilla, and will immediately circ the determination of BLOOD TO THE INED; never fail in the sickness incident to young females; and will be found a certain remedy in all remains; and will be found a certain remove in an cases of nervous debility and seeahness of the most impaired constitutions. As is a remedy for Chrimic and Infamatory Rheamatism, the efficacy of the Phosnix Bitters will be demonstrated by the use of a single buttle. The usual dose of these bitters is half a wine glass full, in water or wine, and this quantity may be aken two or three times a day, about half an hour before meals, or a less quantity may be taken at all times. To those who are afficied with indigestion after meals, these Bitters will prove invaluable, as after meals, these Bitters will prove invaluable, as they verwgreatly increase the action of the principal viscers, help them to rerform their functions, and enable the stomach to discharge into the bowels what ever is offensive. Thus indigestion is easily and speedly removed, appetite restored, and the mouths of the at sorbent vessels being cle-used, nutrition is facilitated, and strength of body and energy of mind are the happy results. For farther particulars of MOFFAT'S LIFE PILLS, and PHŒNIX BITTERS, apply at Mr. Moffat's office, No. 546 Brodwny, New York, where the Pilts can be obtained for 25 cents, 50 cents, or \$1 per box; and the Bitters for \$1 or \$2 per bottle. 15 Numerous certificates of the wonderful efficacy of both, may be there inspected. In some obstinate and complicated cases of chronic In some obstinate and complicated cases of chronic and inflammatory Rheumatum. Laver Complaints, Fever and Ague, Dyspepsia, Palsy, Piles, injury from the use of mercury, quinine, and other diseases of long standing, it may be nereseary to take both the Life Pills and the Phænix Bitters, in the dose before re-

N. B.—These Pills and the Bitters, will get the mercury out of the system infinitely inster than the best preparations of Scrapperilla, and a certain remedy for the rishing of the blood to the head, or all violent head aches, the doublewess. &c.—All persons who are predis posed to apolexy, palsy, &c., should never be without the Life Pills or the Bitters, for one dose in time will save life. They equalize the circulation of the blood, draw ell pressure from the head, pressuration, and throw off every impurity, by the pores of the skin.

Swaim's Panacea.

As the intemperance and luxury of the age are hastening the ravages of scorbutic complaints and rendering the blood more impure: and as thousands have destroyed their constitutions by neglecting to apply the proper remedies—to such, Swaim's Panacea must be, and has been, more than doubly valuable as a certain and effectual means of restor ng then to perfect health and vigor. Few families are whol ly exempt from scorbutic affections, which exhibit va cous symptoms, as eruptions, ulcerations, debility, oss of appetite and dejection, all arising from impure blood and if hot properly attended to, produce the reatest injury to the constitution, and may be imparted to their offspring. Swaim's Panacea is recommended at this season of the year, as a valuable resto menced at this reason of the year, as a variance reason rative of the system, thereby invigorating the constitu-tion, and enabling it to bear the debilitating effects of the summer season. It is conveyed by the circulating fluids, and corrects their tendency to all those diseases which originate in vitiated blood, diseased the lungs, &c. No one, however, isladvised to use without convincing themselves of the truth of what

here stated.

A QUESTION.

Who does not know the virtues, efficacy and invaluable properties of the Saradparilla?

VERY man, woman, and child that can read, can enswer the above, as every newspaper throughout the United States contains accounts of the universal efficient of Saradparille. and the Differ States portains accounts at environment is a efficacy of Sarsapprilla, in purifying the blood and removing from the human system all corrupt humors.

Ask any respectable physician the question, What is the most efficacious purifier of the Blood! his answer will be, Sarsaparilla.

will be, Sarsararilla.

Suffice it to say then, if all physicians recommend
it so universally, what better evidence can we have of its
invaluable properties.

DE. LEIDY, has discovered a method whereby the

Dr. LEID: has discovered a method whereby the virtue of the Sarsaparilla is obtained in a highly concentrated form, and in such manner as to make pills therefrom, without destroying in the least its efficacy. This cannot be done by any other person, the process is known only to Dr. Leidy, and is a discovery of his own.

These Pills are offered to the public by the name of DR. LEIDY'S

sarsaparitla or Blood Pills, compounded principally of Sarsaparilla and with which is combined ingredients (triendly to the constitution) rendering them more effectual, being gently laxative in their effects, thus carrying off corrupt humors from the system very gradually, and without producing debility or any inconvenience. Taken in sufficient quantity, however, they will purge freely and may be employed or given to the most delicate, and even to infants, being u safe and truly effectious purgative, requiring no restraint from diet or deviation from regular habits or from occupation of any kind. These pills have been pre eminently successful and from their convenient form, must, sooner or later, take the place of all the different preparations of Sarsaparilla, such as Syrups. Decoctions, Extracts, &c which are contained in boliles, liable to be broken, and are in convenient for taking or being carried about.

These pills have, during the past two years, been simply tested. Newspaper savertising being so very expensive, ample testumonials from numerous physicians and others accoming y the invertions. SARSAPARILLA OR BLOOD PILLS,

They are particularly recommended in Rheumatic affections.
General Debility.
Ulcerous sories of the threat nong-and-body.
Dissaces of the Liver.
Skin and Boites.
Pain over the region of the heart, breast, and stomath.
Pain of the sides, along the back and spine.
Inward feveus foul breath, a bad instein the mooth, a bad instein the mooth.
Flatulency, want of appears to be seen the sides.
Flatulency, want of appears to swelling and hardening and positive of the stomach. They are particularly recommended in

a bad inste in the mouth, Glandelar affections, as Flatulency, want of appetite, costiveness, eramps of the grands of the nck in the grains, under the arths, and along the spine, the breast, &c. and the whole train of diseases resulting from Imputing of the blood, as a lac constitutional disease produced by the use of Barks. Quinine, Arsenic, Mercury or other Minerals, also in impendencies in life, Syphilis, Luc. &c. &c. lis, Lues, Venereal, &c. &c

Construction.

READER, it you have a cough or cold, beware of their consequences. Colds generally progress imperceptibly, and inclinate themselves throughout the human system, finally settling upon the lungs and

ending in consumption.

A WORD TO PARENTS.

How often is youth cut flow when least expected by the consumption, and followed to their graves by parents who are in a measure the close of their prem-

parents who are in a measure-the close of their premature death, in negl-cung to remedy colds when existing in childhood, dooking upon them as trifling affections, and not attracting their rotice until the deviroyer has commenced its work and made sure of its victim. This is not a fancibl representation, for daily numerous instances occur which prove the fact.

In manhood colds terminate in the same way, but do not progress so rispidly as in youth; they should however, in both youth and manhood be early attended to, and not regarded as trifling affections, for it is a delusive idea that has no doobt shortened the twestof thousive idea that has no doobt shortened the twestof thousive idea that has no doobt shortened the twestof thousive idea that has no doobt shortened the twestof thousive idea that has no doobt shortened the twestof thousive idea that has no doobt shortened the twestof thousing the content of the strength of the sive idea that has no doubt shortened the lives of thou-

PR. BECHTER'S
PULMONARY PRESERVATIVE.
(Price 50 Cents per bottle.)
Ta an invaluable preparation, discovered by a regular and celebrated German physician, who has employed it upwards of fifty years in his own practice in Gri-many, throughout which country it has been during that time most extensively and successfully cmp loyid in Coughs, Colds, Influenzas, Cutarrhs, Asthnias, Spt-ting of Blood, Whooping Coughs, Pain of the Breat and Sides, all affections of the Breast and Lungs, and

arrest of approaching consumption

Much may be and in praise, of the shove medicine Much may be said in praise of the shove medicine combined with other vegetable extracts, which renders it as a medicine of great utility in the cure of all diseases arising from impurities of the blood, from impurities of the shove medicine. When the said state of the shove medicine, we said as numerous recommendations accompaning the directions. Uswards of 7000 bottles were sold in Philadelphia alone during the jast winders of the shove medicine.

Lurs Venerval, &c &c.

So effectual has this medicine been in the cure of various diseas a for which it is recommended, that it is far superceding all other preparations of Sarsaparilla. P. macea: &c.

It is now empl yed by numerous physicians, and has been introduced by the n into many bospitals, infirmaries. &c throughout the United States.

It is a preparation of greater strength (consequently of greater efficacy) than any other extrict now made, us also much cheaper, being but one dollar per bottle, which is sufficient to make one gallon of Syrup of Sarsaparilla, and is bought by different druggists for that purpose

Numerous certificates have been received and published from time to time, but in consequence of the present extraction are mediately produce. The produce with anyof the foregoing symptoms, bring before you then picture of the Dyspeptic, and having resolved to remedy the consequences, immediately produce.

DR. LEIDY'S TONIC AND ANTI-DYSPEPTIC

A never failing and efficacions remedy for DYSPFPSIA OR INDIGESTION. And the whole train of affections resulting from diseases of the Liver, Stomach and Intestines.

The above medicine is warranted free from mercury or other mineral preparations; it is composed entirely of vegetables, safe and easy to take, being very pleasant to the taste. It may be safely administered to young and old, requiring but moderate restrictions in diet only.

diet only.

Numerous testimonials have been from time to time published; its reputation is so well known, further comment upon its virtues is unnecessary, suffice it to say.
